(a) Exhibit A is a true, correct and complete list of all United States registered Copyrights owned by Grantors as of the date hereof.

(b) Exhibit B is a true, correct and complete list of all registered United States Patents owned by Grantors as of the date hereof.

(c) Exhibit C is a true, correct and complete list of all United States registered Trademarks owned by Grantors as of the date hereof.

SECTION 4. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any such additional Intellectual Property acquired after the date of this agreement, above, all of which shall be deemed to be and treated as IP Collateral within the meaning of this Agreement. Upon the acquisition by any Grantor of any additional material Intellectual Property and the reasonable request of Secured Party, such Grantor shall promptly deliver to Secured Party an updated Exhibit A, B, and/or C (as applicable) to this Agreement and hereby authorizes the Secured Party to file, at such Grantor's expense, such updated Exhibit as set forth in Section 5(b).

(b) Each Grantor shall execute and deliver, and shall record, any and all agreements, instruments, documents and papers as the Secured Party may reasonably request to evidence Secured Party's security interest in any material IP Collateral (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and each Grantor hereby appoints Secured Party as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that Secured Party's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 5. Grantors' Rights To Enforce Intellectual Property. So long as no Event of Default has occurred and is continuing, the Grantors shall have the exclusive right to sue for past, present and future infringement of the IP Collateral, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the IP Collateral against encroachment by third parties; provided, however, that:

(a) any money damages awarded or received by any Grantor on account of such suit (or the threat of such suit) shall constitute IP Collateral; and

(b) upon the occurrence and during the continuance of any Event of Default, the Secured Party, by notice to the Grantors, may terminate or limit the Grantors' rights under this Section 5.

SECTION 6. Grantors' Rights to License Intellectual Property. Secured Party agrees that all rights of any licensee of the IP Collateral shall survive any exercise of rights and remedies by Secured Party in connection with this Agreement, including any foreclosure and subsequent transfer of such IP Collateral

by Secured Party. Secured Party further agrees, following the reasonable request of any Grantor or any licensee of the IP Collateral and at such Grantor's or such licensee's expense, to execute such documents and to take such actions as may be reasonably requested by such Grantor or such licensee to preserve and protect the rights of any such licensee.

SECTION 7. Secured Party's Actions To Protect Intellectual Property. Upon the occurrence and during the continuance of any Event of Default, Secured Party, acting in its own name or in that of any Grantor, may (but shall not be required to) act in such Grantor's place and stead and/or in Secured Party's own right in connection therewith.

SECTION 8. Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies, Secured Party may exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of New York, with respect to the IP Collateral, in addition to which Secured Party may sell, license, assign, transfer, or otherwise dispose of the IP Collateral, subject to those restrictions to which Grantors are subject under applicable law and by contract. Any Person may conclusively rely upon an affidavit of an officer of Secured Party that an Event of Default has occurred and that Secured Party is authorized to exercise such rights and remedies.

SECTION 9. Secured Party as Attorney-In-Fact.

(a) Each Grantor hereby irrevocably makes, constitutes and appoints Secured Party (and all officers, employees or agents designated by Secured Party) as and for such Grantor's true and lawful agent and attorney-in-fact, and in such capacity Secured Party shall have the right, with power of substitution for such Grantor and in such Grantor's name or otherwise, for the use and benefit of Secured Party:

(i) to supplement and amend from time to time Exhibits A, B and C of this Agreement to include any newly developed, applied for, registered, or acquired United States Intellectual Property of such Grantor and any intent-to-use Trademark applications for which a statement of use or an amendment to allege use has been filed and accepted by the PTO;

(ii) following the occurrence and during the continuance of any Event of Default, to exercise any of the rights and powers referenced herein; and

(iii) following the occurrence and during the continuance of any Event of Default, to execute all such instruments, documents, and papers as the Secured Party reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the IP Collateral, subject to those restrictions to which such Grantor is subject under applicable law and by contract.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until the Security Agreement is terminated.

(c) Secured Party shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9(a), but if Secured Party elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such

exercise of power, and shall not be responsible to any Grantor for any act or omission to act, except where a court of competent jurisdiction determines by final and non-appealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of Secured Party.

SECTION 10. Secured Party's Rights. Any use by Secured Party of the IP Collateral, as authorized hereunder in connection with the exercise of Secured Party's rights and remedies under this Agreement shall be without any liability for royalties or other related charges.

SECTION 11. Further Assurances. Each Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as Secured Party may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 12. Choice of Laws. This Agreement shall be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed in such State.
