

FIREARM INJURIES ARE PREVENTABLE

Each day, more than 100 Americans are killed and 200 are injured by gun violence. [#ThisIsOurLane](#)

ABOUT US

AFFIRM is a non-profit corporation comprised of healthcare leaders and researchers who seek to end the epidemic of gun violence through research, innovation and evidence-based practice.

AFFIRM has built a coalition of clinicians and researchers across medical specialties to work on issues of common concern to all patients and communities at risk of firearm-related violence.

AFFIRM will partner with private sector financial resources to fund public health research of gun violence prevention.
