

NOW HIRING! [OPEN POSITIONS](#)

TEENY FOODS

For over 50 years, Teeny Foods has been innovating exciting new products that have pushed the commercial baking industry forward. In 1964, Sam Teeny opened a bakery & brought pita bread to market, coining the term Pocket Bread ®.

56 years later, trusted by branded food manufacturers that you love, & now employing over 200 employees — Teeny Foods is still leading the charge when it comes to innovative baked goods.

Now, a leading developer and contract manufacturer of high-value frozen bakery snacks & handheld meals for branded food manufacturers selling through foodservice and retail grocery channels, our products include individually frozen, fully finished sweet and savory bakery products in a variety of shapes and sizes with most products containing one or more fillings.

Flexible packaging capabilities to freeze individually-baked items and wrap them in individual oven/microwave safe wrappers as well as into multi packs, resealable stand-up pouches, and bulk packaging formats.

PRODUCT DEVELOPMENT

Our innovative product team, along with modern and flexible production equipment, enables us to quickly and efficiently create customize products for our customers. Product development includes a variety of dough flavors, product shapes, fillings, and topicals, creating great product flexibility.

- Expertise with innovative flours and dough flavors to differentiate products

PRODUCT DEVELOPMENT

Our innovative product team, along with modern and flexible production equipment, enables us to quickly and efficiently create customize products for our customers. Product development includes a variety of dough flavors, product shapes, fillings, and topicals, creating great product flexibility.

- Expertise with innovative flours and dough flavors to differentiate products

- Experience with other packaging formats

OUR TEAM

Rick Teeny

President

Rick grew up in the family business and has spent 56 years of his life working at Teeny Foods. He received an Associate Degree in Business from Mt. Hood Community College. Rick also successfully completed three courses (Pizza Production Technology, Wholesale Commissary Pizza Technology and Frozen Dough Technology) from American Institute of Baking (AIB) in Kansas. Rick works closely with engineering, operations, key accounts and product development.

Deborah Teeny

Vice President

After graduating from Gresham High School in 1980, Sam Teeny (Rick's father) hired Deb to assist Rick in the office. She has been with Teeny Foods for 39 years. Her experience includes Customer Service, production scheduling, A/P & A/R, payroll and HR functions. Deborah's current duties include strategic planning, corporate projects, banking support, community relations and philanthropy. She serves on the Advisory Board for the company as an owner of Teeny Foods.

Darryl Abram

General Manager, VP Sales

After 3 years as a member of our Advisory Board, Darryl agreed to join Teeny Foods in a management role in August 1999. Darryl has a bachelor's degree in Economics and experience with American Home Products (12 years) Sysco Food Service (2 years) and Fisher Mills Inc. (6 years), and owned his own consulting company. Darryl directs our sales and marketing effort as we significantly grow the business by broadening our product range and distribution channels. His 42 years of experience in the retail grocery, food service, and bakery industries have greatly influenced Teeny Foods' significant growth.

Michel Layoun

VP Operations

Michel has 38 years of experience in product management, product quality, plant manufacturing and equipment maintenance. He was an engineer at Royal Crown Cola (7 years), VP of Operations at RC Bottling Company (12 years) as well as Director of Product Implementation for Partek Corporation. Michel joined the Teeny Foods team in July 2005 as VP Operations and is an integral part of the management team. His responsibilities include production, purchasing, inventory control, shipping and receiving, quality assurance, and sanitation.

Don Parsons

VP Finance

Don has 42+ years of experience in finance and accounting for manufacturing companies. Don has a bachelor's degree in Accounting, a Master's Degree in Business Administration and completed the Small Business Management Certification Program. He spent 7 years with Epson Portland Inc. as Accounting Manager and 8 years with CAE Newnes, Inc. as Division Controller. Don joined Teeny Foods in May 2002 and is responsible for all accounting and HR functions as well as forecasting and product pricing.

Eric Crespo

VP Engineering

Eric has 23+ years of experience in Manufacturing Engineering, New Program Introduction and Operations working in the automotive, defense and food retail industries. Eric has a Bachelors in Electronics and Communications and an MBA. He has a Six Sigma Green Belt Certification and experience implementing Lean Manufacturing Systems. His responsibilities include plant engineering, manufacturing automation and overseeing the maintenance department.

Dave Hermanson

Plant Foreman

Dave joined Teeny Foods in October 1977 right after graduating from Gresham High School. He has received special training in Food Safety, as well as Pizza Production Technology from AIB (American Institute of Baking). His duties include inventory control, product development, production scheduling and managing the Production Foremen. We have appreciated his consistent and dependable presence – 42+ years of service, with only 3 days missed!
