Welcome to **Eye Q Optometrist** in New York. *Dr.'s Abraham Zlatin O.D., FIAOMC, Danielle J. Feder O.D., Shinjini Bose, O.D., Jessica Rauch, O.D., and the Eye Q Optometrist team, strive to provide the best in optometry services. We invite you to browse our website to learn more about our specialized optometry services and join our patient family by scheduling an eye exam appointment at our either our Upper West Side New York or Scarsdale New York office.*

Eye Q Optometrist is a full-service eye and vision care provider, accepting both eye emergencies as well as scheduled appointments. Patients throughout the New York area come to Eye Q Optometrist because they know they will receive the personal attention and professional care that is our foundation. Dr. Zlatin and our team are dedicated to keeping our patients comfortable and well-informed at all times. At Eye Q Optometrist, we will explain every exam and procedure and answer all of our patients' questions. Additionally, at Eye Q Optometrist, we offer vision financing options and will work with vision insurance providers to ensure good eye health and vision care for all of our patients.

Our Approach to Optometry:

At Eye Q Optometrist myopic (nearsighted) children are treated with state of the art myopia control solutions.

Recent studies show Advanced Orthokeratology is one method to slow down the progression of nearsightedness and also eliminates the need for glasses or contact lenses.

Yes it can bring those with very blurry vision to clear vision within several days without surgery.

Adults are carefully examined for complex visual needs and screened for potentially sight threatening eye diseases.

Featured Articles

I like AOK because it saves me a lot of hassle. Glasses are a pain and contacts are just not as good – they need to go on in the morning and stay in all day. AOK has really helped me. They go on at bed

Our Approach to Optometry
