United States Patent and Trademark Office

mobilgene

Reg. No. 5,999,355

Registered Mar. 03, 2020

Int. Cl.: 9, 42

Service Mark

Trademark

Principal Register

Hyundai Autron Co., Ltd. (KOREA, REPUBLIC OF CORPORATION)
12, Teheran-ro 113-gil,
Gangnam-gu Seoul
REPUBLIC OF KOREA

CLASS 9: Recorded computer operating programs; Recorded computer software for controlling cars and alerting drivers to dangers for safe car driving; Downloadable computer software development tools; Recorded computer software for controlling the operation of automatic vehicle; Downloadable computer operating system programs; Electronic autonomous driving control apparatus for the steering and control of automotive vehicles; Architecture systems comprised of recorded software and hardware platforms for facilitating voice and data transmission and for operating communication systems, communication devices, communication hubs, and antenna; Recorded computer software for controlling cars and alerting drivers to dangers for automotive open system architecture; Recorded computer software for controlling cars and alerting drivers to dangers for automotive open system framework; Recorded computer software for controlling cars and alerting drivers to dangers for automotive open system architecture solution; Recorded computer applications for automotive vehicles driving control; Recorded computer applications for automotive vehicles parking control; Downloadable middleware for management of software functions on electronic devices; Recorded computer software for controlling cars and alerting drivers to dangers for electronic driving assistance systems of automotive vehicles; Recorded computer programs for use in autonomous driving of automotive vehicles; Recorded computer programs for use in the assisted driving of automotive vehicles

CLASS 42: Updating of computer software; Maintenance of computer software; Computer software design; Computer software research; Developing of driver and operating system software; Development of data processing computer programs; Design and development of computer software for automotive vehicles; Design and development of computer software architecture; Providing paas (platform as a service) featuring computer software platforms for controlling cars and alerting drivers to dangers; Consultation and providing information in the field of design and development of computer software architecture for controlling the operation of automatic vehicles; Maintenance of computer software architecture in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; Design and development of computer systems architecture in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; Maintenance of computer systems architecture in field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; Design and development of computer systems framework in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; Software development, programming and implementation in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; IT consultancy, advisory and information services for communication in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; IT consultancy, advisory and information services for computers in the field of automatic driving control systems and electronic driving assistance systems for automotive vehicles; Development of computer software for automotive open system architecture solution; Providing temporary use of non-downloadable computer software for controlling cars and alerting drivers to dangers for automotive open system architecture solution

Andrei Iancu

Director of the United States
Patent and Trademark Office

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 06-10-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1486204 DATED 07-02-2019, EXPIRES 07-02-2029

SER. NO. 79-266,902, FILED 07-02-2019

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
