United States Patent and Trademark Office

EXOS

Reg. No. 6,317,757

Registered Apr. 13, 2021

Int. Cl.: 7, 9

Trademark

Principal Register

ERSA GmbH (GERMANY Gesellschaft mit beschränkter Haftung / Limited liability company)

Leonhard-karl-straße 24

97877 Wertheim

FED REP GERMANY

CLASS 7: Electrical and electronic machines for the machining and manufacture of electrical and electronic components and printed circuit boards assembled with electronic components; electrical and electronic soldering equipment, namely, reflow soldering machines and soldering systems comprised primarily of electric soldering irons, electric soldering pumps, and electric soldering apparatus for use in the manufacture of electrical engineering and electronic products; soldering apparatus and component parts for soldering apparatus, namely, soldering irons and their structural parts, soldering tips, soldering nozzles, soldering nozzle inserts, soldering strands, soldering pots, soldering baths and electric solder pumps, all for the processing and manufacture of electrical and electronic components and printed circuit boards assembled with electronic components; vacuum stations for soldering processes, namely, electric or robotic vacuum cleaners or vacuum pumps; autogenous soldering machines and electric soldering apparatus and their structural parts; reflow soldering machines, namely, vacuum reflow soldering machines; structural parts for all aforementioned machines and installations

CLASS 9: Electronic controllers for soldering machines and soldering equipment, in particular for reflow soldering machines and systems as well as for vacuum reflow soldering machines and systems; audio, visual and photographic monitoring devices in the nature of cameras, switches and monitors for the monitoring of soldering or desoldering in factory manufacturing; measuring, recognition and monitoring instruments in the nature of temperature sensors sold as replacement parts of soldering machines and soldering temperature-controlling equipment; electronic controllers for soldering devices, soldering machines, soldering stations and soldering systems, in particular for reflow soldering machines and systems and for vacuum reflow soldering machines and systems; sensors and detectors for use in controlling the actuation and operation of soldering machines and soldering equipment

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 04-24-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1520670 DATED 09-26-2019, EXPIRES 09-26-2029

A handwritten signature in black ink, appearing to read "Dennis H. H. H. H.", positioned above the official title.

Performing the Functions and Duties of the
Under Secretary of Commerce for Intellectual Property and
Director of the United States Patent and Trademark Office

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
