IBM ONE CLICK LEARNING

Reg. No. 6,138,831

Registered Sep. 01, 2020

Int. Cl.: 9, 35, 38, 41, 42

Service Mark

Trademark

Principal Register

International Business Machines Corporation (NEW YORK CORPORATION)
New Orchard Road
Armonk Ny 10504
UNITED STATES

CLASS 9: Computer hardware and downloadable computer operating software for use in the fields of artificial intelligence, cognitive computing and block chain technology; computers; computer servers; computer storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; downloadable computer operating software for controlling the operation and execution of computer systems, programs and networks; downloadable computer software for connecting computers, computer networks and systems, computer servers and storage devices; downloadable computer operating system software; downloadable computer operating software for managing information technology systems, software and processes; computer hardware and recorded computer software for use in the management and analysis of data, and electronic instruction manuals sold therewith; network integrating computer hardware and downloadable cloud computing software for creating virtual reality and monitoring and controlling use of computer resources; downloadable cloud computing software for deploying and managing virtual machines in a cloud computing platform; computer hardware and downloadable computer operating software for voice recognition, information retrieval, automatic learning; downloadable software for blockchain-based inventory management; downloadable computer software for managing and verifying cryptocurrency transactions using blockchain technology; electronic publications, namely, e-zines featuring information and news about blockchain technology and computer-related topics

CLASS 35: Business management consulting; professional business consulting; business development services; analysis of market research data and statistics; data processing services; arranging and conducting trade show exhibitions in the field of computers, information technology and electronic business transactions via a global computer network; analyzing and compiling business data; systematization of data in computer databases

CLASS 38: Telecommunication access services; providing multiple user access to the Internet; electronic transmission of data and documents via computer terminals; teleconferencing and web conferencing services; providing multiple access to global information networks for the transfer and dissemination of a wide range of information; providing online forums for transmission of messages among computer users; providing private and secure real time electronic communication over a computer network

CLASS 41: Providing educational demonstrations; educational services, namely, arranging, and conducting educational conferences, presentations and programs and providing courses of instruction and educational demonstrations in the fields of information technology, computer products and services

CLASS 42: Information technology consulting services, including blockchain technology; computer systems integration services; computer technology consultancy; consulting on the design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer system design services; computer systems analysis; design of systems for integration of computer hardware and software into computer systems and networks; testing of computer hardware and software; installation,

Andrei Iancu

Director of the United States
Patent and Trademark Office

maintenance and updating of computer software; computer programming services; consulting services regarding use of artificial intelligence; consulting in the field of IT project management; consulting services in the field of cloud computing; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; computer services, namely, cloud hosting provider services; electronic data storage; recovery of computer data

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 06-25-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1521934 DATED 12-12-2019, EXPIRES 12-12-2029

SER. NO. 79-281,797, FILED 12-12-2019

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
