

United States of America

United States Patent and Trademark Office

OLYMPUS

Reg. No. 6,841,342

Registered Sep. 13, 2022

Int. Cl.: 9, 10

Trademark

Principal Register

Olympus Corporation (JAPAN CORPORATION)
2951 Ishikawa-machi,
Hachioji-shi Tokyo
JAPAN

CLASS 9: Laboratory apparatus and instruments, namely, incubation monitoring devices, cultured cell observing devices; Measuring and testing apparatus and instruments, namely automated cell counters, thickness gauges; Batteries and electrical cells; Electric or magnetic meters and testers, namely ultrasonic thickness testers and hardness testers, for non-medical use; Optical apparatus and instruments, namely binoculars, observing optical heads for microscopes, microscopes, lenses for microscopes, prisms for microscopes, microscope lamps, reflectors for microscopes, body-tubes for microscopes being lens barrels, microscope illumination devices, stands for use with operating microscopes, containers for microscope slides, spectroscopes, cameras, endoscopy cameras for industrial purposes, endoscopes for industrial purposes, fiberscopes, other than for medical use, light sources for industrial purposes for use with an optical apparatus, optical sensors for capturing images, optical sensors for capturing images for medical and clinical use, optical transducers that utilize ultrasonic oscillations for testing equipment, products and systems in connection with flaw detection, thickness gauging, materials research, video monitors used for endoscopes, light sources for endoscopes, video processors for endoscopes; Electronic machines, apparatus and their parts, namely microscopes, electron microscopes, scanning electron microscopes, optical scanners being data processing equipment, nondestructive testing instruments for inspecting the structural soundness of composite industrial materials, X-ray diffraction analyzers, X-ray fluorescence analyzers, industrial X-ray apparatus not for medical purposes, ultrasonic flaw detectors, ultrasonic phased array detectors, eddy current flaw detectors, scanners, probes for scientific purposes, nondestructive testing instruments for inspecting the structural soundness of composite industrial materials and corresponding recorded software for the function of these devices, IC recorders, cameras, digital cameras, interchangeable lenses, extension and conversion lenses, lens filters, lens hoods, lens caps, lens support arms, electronic flashes, flash brackets, batteries and electrical cells, battery chargers, alternating current adapters, power battery holders, remote controls for cameras, focusing screens, mount adapters, eyecups, hoods for liquid crystal displays of cameras, memory cards, adapters for memory cards

CLASS 10: Medical apparatus and instruments, namely, diagnostic apparatus and instruments for the detection of cancers and precancerous lesions, diagnostic apparatus and instruments for the detection of cancers and precancerous lesions by using ultrasound, diagnostic apparatus and instruments for use in endoscopy procedures; Medical apparatus and instruments, namely, diagnostic apparatus and instruments in the nature of video monitors specially adapted for use in medical and surgical endoscopes, light sources specially adapted for medical endoscope, video processors specially adapted for medical endoscopes and corresponding integrated recorded software for the

Patent and Trademark Office

use, function and integration of these devices sold as a unit; Surgical apparatus and instruments; Medical apparatus and instruments in the nature of therapeutic apparatus and instruments, namely, therapeutic endoscopes, therapeutic apparatus and instruments for use with medical and surgical endoscopes, namely, biopsy forceps, medical guidewires, wire snares, grasping forceps, injection needles, hemostatic forceps, clips, hemostatic clips, cannulas, and insufflators, therapeutic apparatus and instruments used to seal, cut, ablate, transect, coagulate, dissect, vaporize, resect, mobilize or grasp tissue during open, laparoscopic, or endoscopic surgery, therapeutic apparatus and instruments, namely, power control units, generators, mist evacuation units, smoke evacuation units specially adapted for use with surgical ultrasonic energy devices used to seal, cut, ablate, transect, coagulate, dissect, vaporize, resect, mobilize or grasp tissue during open, laparoscopic, or endoscopic surgery, therapeutic apparatus and instruments, namely, ultrasonic energy devices and surgical knives and/or scissors that incise and coagulate by using ultrasonic technology and bipolar technology, therapeutic apparatus and instruments, namely, manipulation system comprising flexible arms, knobs, levers, and buttons, for use in endoscopic therapy in the nature of endoscopic equipment for medical purposes; Hospital supportive equipment, namely, endoscope position detecting apparatus and instruments, and integrated recorded software application for an operating room integration system that enables streaming video from the operating room to a remote server that provides the ability to display, route, capture and archive digital high definition (HD) video sold as a unit; Veterinary apparatus and instruments, namely, surgical apparatus and instruments for veterinary use; Medical X-ray apparatus; Prosthetic and filling materials not for dental use, namely, bone void fillers composed of artificial materials for use in the replacement of bones

The color(s) blue and yellow is/are claimed as a feature of the mark.

The mark consists of the word OLYMPUS in blue above a yellow line which is tapered at both ends.

OWNER OF INTERNATIONAL REGISTRATION 0777136 DATED 12-17-2001,
EXPIRES 12-17-2031

SER. NO. 79-311,022, FILED 04-05-2021

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
