

United States of America

United States Patent and Trademark Office

Reg. No. 5,158,932

Registered Mar. 14, 2017

Int. Cl.: 6, 8, 9, 16, 20

Trademark

Principal Register

Phoenix Contact GmbH & Co. KG (GERMANY Limited partnership with limited company as general partner (GmbH & Co. KG))

Flachsmarktstrasse 8
32825 Blomberg FED REP GERMANY

CLASS 6: Accessories for marking electrical terminals, namely, cable and wiring markers in the nature of metal tags

FIRST USE 10-1-1981; IN COMMERCE 10-1-1981

CLASS 8: Hand tools, namely, insulation stripping tools, wire strippers, cable cutters, profile cutters, crimping tools; screwdrivers; pliers; pressing pliers and squeezing pliers for electrical cables; wire cutters; drill bits for hand drills

FIRST USE 00-00-1989; IN COMMERCE 00-00-1989

CLASS 9: Electronic instruments, namely, amplifiers; electronic signal transmitters; electrical relays; energy meters; industrial automation controls; electrical controls system consisting of electric switches, electrical power supplies and electricity routers for use in the field of industrial processes; electrical apparatus for the remote control of industrial operations; integrated circuit modules, namely, input-output (I/O) modules; electrical controllers, namely, input-output (I/O) modules; electrical power supplies; electric switches, electronic switches; electricity routers for managing and optimizing energy loads within buildings and industrial plants; electronic network routers; electrical HMI (human machine interface) screen controllers; computers; industrial computers; apparatus and instruments in the nature of electrical controllers, energy meters, transformers and accumulators for electrical engineering, namely, for conducting, transforming, storing, regulation and controlling electricity; data-processing apparatus; electric junction boxes and electrical connection boxes; electric display apparatus, namely, electric control panels and electric luminescent display panels; electric measuring devices, namely, electronic-based instruments for measuring the industrial process control parameters, specifically pressure, temperature, flow rate, filling level, voltage and electricity, used in the field of industrial automation controls; switching equipment, namely, switchgears; electric transformers; electric resistors; electricity distribution consoles and switchboards; electric voltage transformers, current transformers; electrical terminals in the nature of electric connections and connectors for connecting and joining electrical cables, namely, terminal blocks, two-tier terminal blocks, lead-through terminal blocks, high current terminal blocks, installation terminal blocks, switchable terminal blocks, grounded electrical conductors having a lead binder, fuse terminal blocks, universal terminal blocks, tension

Michelle K. Lee

Director of the United States
Patent and Trademark Office

spring terminal blocks and terminal blocks for connecting to DIN rails; testing accessories, namely, continuity test connectors for testing electronic circuits and short circuit connectors for electronic circuits; accessories for bridging electrical terminals, namely, electrical jumpers and electrical bypasses in the nature of jumper cables, electrical switches and electronic circuits; voltage surge protectors

FIRST USE 00-00-1981; IN COMMERCE 00-00-1981

CLASS 16: Printing paper; printed paper labels and signs; paper labels; shipping, adhesive and address labels; pens; pens for marking

FIRST USE 00-00-2002; IN COMMERCE 00-00-2002

CLASS 20: Accessories for marking electrical terminals, namely, cable and wiring markers in the nature of plastic tags

FIRST USE 00-00-1981; IN COMMERCE 00-00-1981

The mark consists of the stenciled letter "P" in a square box.

SER. NO. 86-882,777, FILED 01-21-2016

DIANE PATRICI COLLOPY, EXAMINING ATTORNEY

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
