Thank you, Ms. McKenna-Hill.

Unfortunately, as per TMEP section 611.04, I am only able to accept an amendment to the application that is authorized by someone with legal authority to bind the applicant, or a legal representative designated by the applicant.

If a member of the LLC is available to confirm the amendment, I can enter the change.

In the alternative, I can send a priority action so that a response can be filed by someone with the required authority.

Please advise as to the option that you prefer.
