The color(s) red, and black is/are claimed as a feature of the mark.

The mark consists of a complete circle, colored red. The red circle has black shading at its edges. The circle has a clearly defined black pinstripe border on its circumference. Superimposed over the red circle is an upside down, five pointed, black pinstripe, pentagram star. The pentagram star's apex points straight down at 180 degrees. Each point of the star extends to the edge of the black pinstripe border. Superimposed over the center of the black pinstripe star is a black silhouette of a goat head. The goat head consists of horns extending out to the top right and top left of the circle, meeting the black pinstripe border. The lower chin portion of the goat head is contained by the downward pointing apex of the star. The goat head's nostrils and eyes are open and empty, showing the red background of the circle. The head also has a column with a three pronged crown atop, rising from the center of the head to the intersection of the top two legs of the upside down star. Where the star is upside down, the mark has the capitalized, black letter "T" between its left arm and left leg, the capitalized black letter "S" centered at the top of the circle between its left and right legs, and the capitalized, black letter "T" centered between its right leg and right arm.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
