United States Patent and Trademark Office

Reg. No. 5,912,024

Registered Nov. 19, 2019

**Int. Cl.: 9, 16, 35, 36, 38,
41, 42, 44, 45**

Service Mark

Trademark

Principal Register

Commonwealth Scientific and Industrial Research Organisation (AUSTRALIA Body Corporate Established by the Science and Industry Research Act 1949 (Commonwealth))
Clunies Ross Street
Acton Act 2601, AUSTRALIA

CLASS 9: Computer software for use in database management; communication software for connecting science and technology researchers with collaborative business partners; computer graphics software; integrated software packages, namely, software for use as a database management tool in the field of bioinformatics; satellite imagery software; simulation software for use in digital computers for providing environmental data to monitor river health, climate, oceans, land cover and waterways; network management computer software; interactive educational software featuring instruction in science and technology; engineering design software; (Based on 44(d) with priority claim and 44(e) Australian Reg. No. 1943990) Computer hardware; computer peripheral devices; weighing apparatus and instruments; surveying instruments; apparatus for recording, transmission or reproduction of sound or images; digital media, namely, downloadable audio and video recordings featuring scientific and technological information; data processing equipment; downloadable electronic publications, namely, books, magazines, journals, and manuals in the fields of science and technology; broadband wireless communication apparatus, namely, telecommunications base station equipment for cellular and fixed networking and communications applications

CLASS 16: Printed instructional and teaching materials in the fields of science and technology; printed publications, namely, newspapers, periodicals, journals, pamphlets, books, and newsletters in the fields of science and technology

CLASS 35: Business management; Business management consultancy and advisory services; business appraisals; business investigations; business research; market research; commercial assistance in business management; business intermediary services relating to the commercialization of goods and services and the matching of potential private investors with entrepreneurs needing funding; dissemination of commercial information, namely, marketing and advertising materials in the form of flyers, brochures, newsletters and leaflets; compiling and analyzing statistics, data and other sources of information for business and advertising purposes

CLASS 36: Financial services, namely, investment advice, investment management, investment consultation and investment of funds for others, including private and public equity; providing venture capital, private and public equity, and investment funding; financial portfolio management

Andrei Iancu

Director of the United States
Patent and Trademark Office

CLASS 38: Telecommunication services, namely, provision of access to data or documents stored electronically in central files for remote consultation, telecommunications consultation

CLASS 41: Education services, namely, providing conferences and seminars in field of science; organization of exhibitions for cultural and educational purposes; on-line library services; publishing of electronic publications; Education services, namely, providing conferences, seminars, workshops, colloquiums, and symposiums in fields of health and technology; consulting services about education; providing information about education

CLASS 42: Providing scientific, industrial, mechanical research in the fields of bacteriology, chemistry, geology, horticulture, and physics; consulting services for others in the field of implementation project management of scientific research; provision of scientific consultancy in relation to carbon offsetting; material testing; computer programming; design and development of computer software; Providing scientific and industrial research in the fields of pharmaceuticals, medicine, biology, genetics, mathematics, ecology, earth science, oceanography, geology, meteorology, life sciences, biotechnology, zoology, animal health, information technology, geosciences, computers, computer programming, data processing, botany, agriculture, plant breeding, digital technology, security, biosecurity, digital communications, telecommunication, solar energy, medical imaging, microscopy, ecosystems, climate, biomedical materials, mineral resources, materials, engineering, mechanics, buildings, industrial machinery, design, the environment, manufacturing, astronomy, space, energy, food, health, safety, nutrition, cosmetics, pollution, and weather; providing temporary use of on-line non-downloadable cloud computing software for use in database management; electronic data storage; data encryption services; technical data analysis services; computer virus protection services; monitoring of computer systems by remote access to ensure proper functioning; providing search engines for the Internet; design and development of computer hardware; analysis services for oil field exploration; underwater exploration; land surveying; oil field surveying; oil-well testing; urban planning

CLASS 44: Medical advisory services; veterinary services; health counselling; providing advice and information in the fields of diet, health, agriculture, aquaculture, horticulture, forestry, animals, and pet breeding

CLASS 45: Intellectual property licensing services; professional advisory services, namely, consulting relating to the licensing of industrial property

PRIORITY CLAIMED UNDER SEC. 44(D) ON AUSTRALIA APPLICATION NO. 1943990, FILED 07-26-2018, REG. NO. 1470262, DATED 05-11-2015, EXPIRES 01-23-2022

The mark consists of the stylized wording "CSIRO" under a stylized design of the map of Australia consisting of six vertical bars and a circle underneath the fifth bar from the left, all set within a sphere.

SER. NO. 88-125,020, FILED 09-20-2018

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
