The color(s) green, light green, orange, white, yellow green, and black is/are claimed as a feature of the mark.

The mark consists of a design applied to the goods. The background of the image is primarily orange and light green. On that background at the top is an irregular green field extending from the edge to a little over three quarters of the top of the design ending in a straight edge and extending downward approximately one quarter the way down at its lowest point. To the left of the green field is an irregular field of light green dots against an orange background extending from the upper edge of the design downward to about two thirds the way down the label. Below the green field is the word "POP!" in stylized black block letters outlined in light green and white. The top of the initial "P" overlaps the upper green field. Partially overlapping the "POP!" in stylized block white letters outlined in black are the words "FLY TRAP". The background upon which the "POP! FLY TRAP" appears is orange with irregular light green dots. Beneath the words is a solid light green rectangle. Below and to the right of the rectangle is a stylized black and white image of a fly on a yellow green and white background that is a rectangle with a white arch for a left edge. At the bottom of the design is a green rectangle. To the right is a continuation of the label consisting of an irregular green top with the rest of the label being in orange. Except as otherwise noted, the color white indicates background, outlining, shading, and/or transparent areas and is not part of the mark.

No claim is made to the exclusive right to use the following apart from the mark as shown: "FLY TRAP" AND THE DESIGN OF THE FLY

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
