**Registered Jan. 07, 2020**

**Int. Cl.: 9, 35, 42**

**Service Mark**

**Trademark**

**Principal Register**

Arch Systems Inc. (DELAWARE CORPORATION)  
201 San Antonio Circle, Suite 135  
Mountain View, CALIFORNIA 94040

CLASS 9: Modular computer hardware for use in customized electronic devices that connect with the internet and/or with each other; Downloadable computer software and firmware for enabling customized electronic devices to collect, analyze and exchange data, to communicate with each other, and to be controlled remotely; Computer hardware for enabling customized electronic devices to collect, analyze and exchange data, to communicate with each other, and to be controlled remotely; Computer hardware and downloadable software for monitoring, analyzing, communicating with, and operating internet of things (IoT) devices; Downloadable software in the nature of downloadable mobile applications for gathering, analyzing, managing, monitoring, and exchanging sensor data, and for monitoring and remotely operating internet of things (IoT) devices; Downloadable computer software for the development of software to manage, operate and connect customized internet of things (IoT) devices; Downloadable software development kits (SDK); Computer hardware and downloadable software for gathering, analyzing, managing, monitoring, and exchanging data in the fields of manufacturing operations, shipping and logistics, and resource management; Electric actuators; Electric sensors; Gateway routers in the nature of computer control hardware; Internet of things (IoT) systems comprised of modular computer hardware and downloadable software, namely, electric sensors, machine protocol readers, edge computing devices, edge computing dashboards, and application program interface (API), for sensing, reading, recording, extracting, transforming, loading, analyzing, and reporting data

FIRST USE 11-18-2016; IN COMMERCE 11-18-2016

CLASS 35: Business data analytics services; Business data analytic services for sensing data in the fields of manufacturing operations, shipping and logistics, and resource management; supply chain management and business consultation services in the nature of supply chain analysis services; business consultation services in the field of designing and implementing internet of things (IoT) systems

FIRST USE 11-18-2016; IN COMMERCE 11-18-2016

CLASS 42: Design, development, and implementation of internet of things (IoT) systems comprised of modular computer hardware and software, namely, electric sensors, machine protocol readers, edge computing devices, edge computing dashboards, and application program interface (API), for sensing, reading, recording, extracting, transforming, loading,

**REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

**Requirements in the First Ten Years\***

**What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

**Requirements in Successive Ten-Year Periods\***

**What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

**Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.**

**NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.**
