

United States of America

United States Patent and Trademark Office

Reg. No. 6,050,774

Registered May 12, 2020

Int. Cl.: 7, 42

Service Mark

Trademark

Principal Register

LEIMIX GmbH (GERMANY gesellschaft mit beschränkter haftung (gmbh))
Saseler Chaussee 109
Hamburg, FED REP GERMANY 22393

CLASS 7: Screw pumps; Rotary lobe pumps; Controlled volume pumps; Electrical pumps; Pneumatic pumps; Pumps for machines; Pumps as parts of machines, engines or motors; Valves in the form of parts for pumps; Pistons pumps in the nature of positive displacement pumps; Diaphragm pumps in the nature of positive displacement pumps; Pneumatic pump systems comprised of pneumatic pumps, pneumatic pump controllers, nozzels, tubing and valves; Industrial crushing machines; Rotary crushing machines for industrial purposes; Rammers being machines; Crushing machines for industrial purposes; Rammers in the form of machines; Shredders for industrial use; Pneumatic control mechanisms for machines, engines or motors; Positive displacement pumps; Multi-phase screw spindle pumps; Mills in the form of machines; Grinding machines, in particular ball mills; Motors, other than for land vehicles; Machine coupling and transmission components other than for land vehicles; Agitator pumps for machines; Filters, being parts for industrial machines or engines; Strainers being machines or machine parts; Separating machines for chemical processing; Sealing joints as parts of motors and engines; Sealing gaskets of metal as parts of machines; Non-metallic gaskets as parts of machines; Rotor arms for machines; Stators in the form of parts for machines; Transmission shafts, other than for land vehicles; Crankcases for machines, motors and engines; Machines for emptying containers; Cutting tools being power-operated, namely, drills, routers, circular saws; Electric machines for mixing liquids, powders, paints, lacquers, adhesives, foodstuffs; Filling machines; Machines for bottling liquids, powders, paints, lacquers, adhesives, foodstuffs; Machines for dosing liquids, powders, paints, lacquers, adhesives, foodstuffs; Fluid energy milling machines; Exhausters for motors and engines being suction ventilators; Homogenizers in the nature of milk homogenizing machines; Machines for manufacturing and processing chocolate, namely, coating machines, mechanical mass pumps, decorating machines, strewing and sprinkling machines, deflection conveyor belts, conveyors for machines, casting and modelling machines, and parts for the aforesaid machines; Machines for briquetting, compacting, compressing, pelletising and granulating powdery, granular, pasty and slurried products; Powder treatment and processing installations and equipment, namely, machines for making beverages from powders; Granulating machines for chemical processing; Air separators, classifiers, air jigs, sifting machines, dust separators, mechanical discharge apparatus, all being separating machines for chemical processing; Mechanical apparatus and devices in the nature of machines for chemical processing for stirring, mixing, pureeing, dicing, chopping, pressing, squeezing, reducing and sorting solids, sludge, pulpy masses and viscose materials; Hydraulic controls for machines, motors and engines; Hydraulic valves for pumps; Hydraulic pumps; Hydraulic

Director of the United States
Patent and Trademark Office

circuits as parts of machines; Hydraulic lift tables; Hydraulic lifting blocks as parts of machines; Couplings for machines, other than for land vehicles; Hydraulic motor controls; Agitators for chemical processing; Cyclone separators; Bearing rod ends, as parts of machines; Propeller shafts being parts of machines, other than for land vehicles; Rotary pistons in the form of parts for machines and pumps; Spindles in the form of parts for machines and pumps

CLASS 42: Technology research in the field of industrial machines; Technical project studies, namely, consulting in the field of IT project management; Research and development of new products; Design of on-line computer software systems; Material testing; Scientific laboratory services; Mechanical research, namely, conducting of technical measurements; Scientific and technological services, namely, consultancy in the field of technical and scientific measurements and analysis in the field of industrial machines; Design and development of computers and computer software for others; Installation, maintenance and repair of computer software; Software as a service (SaaS) services featuring software for operating industrial machines; Engineering relating to the planning, development, project planning and manufacture of components and installations for the food, beverage and tobacco industries; Mechanical process engineering for laboratory use; Animation design for others; Animation and special-effects design for others

OWNER OF EUROPEAN UNION , REG. NO. 016238743, DATED 06-08-2017, EXPIRES 01-10-2027

The mark consists of the wording "PL" in stylized font.

SER. NO. 88-314,090, FILED 02-25-2019

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
