United States Patent and Trademark Office

AQUILA

Reg. No. 6,246,294

Registered Jan. 12, 2021

Int. Cl.: 9

Trademark

Principal Register

HEMISPHERE GNSS (CANADA CORPORATION)

6712 Fisher Street Se, Suite 200

Calgary, Ab, CANADA T2H2A7

CLASS 9: Radio Frequency (RF) Application Specific Integrated Circuit (ASIC) technology in the nature of wide band receivers and antennas used for Global Positioning System (GPS) and Global Navigation Satellite System (GNSS) for use in applications such as machine control, guidance, navigation, mapping, and position control for agricultural and construction operations; Radio Frequency (RF) Application Specific Integrated Circuit (ASIC) technology in the nature of wide band receivers and antennas used in GPS and GNSS receivers, and downloadable computer software for use in frequency filtering management, interference mitigation, anti-spoofing, and anti-jamming in the field of GNSS applied applications, GNSS derived high accuracy measurements, geolocation, measurement aiding devices, and geolocation indication devices; Radio Frequency (RF) Application Specific Integrated Circuits (ASIC) for use in frequency filtering management, interference mitigation, anti-spoofing, and anti-jamming, used in conjunction with GPS and GNSS antennas; Radio Frequency (RF) Application Specific Integrated Circuit (ASIC) technology used in GPS and GNSS position correction equipment, namely, electronic controls for correcting the position of the GPS and GNSS; Radio Frequency (RF) Application Specific Integrated Circuit (ASIC) technology used in GPS and GNSS automatic steering systems comprising electronic controls; GPS navigation devices and downloadable GNSS Geographic Information System (GIS) software; Radio Frequency (RF) Application Specific Integrated Circuit (ASIC) technology in the nature of wide band receivers and antennas used in GPS and GNSS for marine navigation and positioning; GPS telematics, namely, satellite receivers

FIRST USE 5-20-2019; IN COMMERCE 11-27-2019

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

SER. NO. 88-418,620, FILED 05-07-2019

Patent and Trademark Office

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
