United States Trademark Application Serial No. 88452688 / BILLOWS

Dear Attorney Owen:

I am the Trademark Examining Attorney at the U.S. Patent and Trademark Office examining your application

for BILLOWS. For the most part, the application looks great. There are a few **minor** issues with the identification, but these are issues I can resolve on my end, by way of Examiner' s Amendment – I just need your permission to do so.

Identification of the Goods

The identification of goods could use some minor clarification. I propose that the identification is amended to read as follows:

Class 011 : **Electric fans for barbecue smokers** ; electric fans; barbecue accessories, namely, **electric fans for barbecue smokers** ; barbecue smoker accessories, namely, **electric fans** used to control the fire of a barbecue smoker; barbecue smoker **electric fans**

Do I have your permission to enter the suggested changes by way of Examiner' s Amendment? If you agree to the above amendments, I can enter the changes on our system and hopefully approve the application for publication.

Please let me know, by phone or email, by the end of the day tomorrow, if you agree to allow me to correct the above, or if you have any questions about the application.

I look forward to hearing from you!

Best regards,

Xheneta
