Mr. Rosini:

I am the trademark examining attorney for the above application. I have reviewed the application and found that the only issue is the identification of services which requires further clarification. Here, "credit card services" is indefinite and overly broad because the nature of the activity provided is unclear. The common name of the activity provided in connection with credit cards should be specified, e.g ., credit card payment processing services, credit card transaction processing services, credit card authorization services, credit card registration services, etc.

The following is acceptable, if accurate:

Class 36: credit card payment processing services

This issue may be resolved by Examiner's Amendment. You may respond to the email or call me at the telephone number below.

Thank you.

Andrea P. Butler
