

NOTE TO THE FILE

Date: November 1, 2022
By: USPTO Legal Policy Office

NOTE:

On July 26, 2022, an IT glitch occurred that stopped the process of generating the Notice of Allowance (NOA). When the process restarted and the NOA was emailed, the mail date did not match the issue date appearing on the NOA. To avoid confusion as to the date on which the Statement of Use must be filed, the NOA in this application has been cancelled and reissued. Any extension request fees paid will be refunded in due course. The date on which the Statement of Use or any extension requests must be filed is now controlled by the NOA issued on November 29, 2022.
