

United States of America

United States Patent and Trademark Office

Reg. No. 7,077,997

Registered Jun. 13, 2023

Int. Cl.: 9, 41, 42

Service Mark

Trademark

Principal Register

Autodesk, Inc. (DELAWARE CORPORATION)
The Landmark @ One Market
1 Market Street, Suite 400
San Francisco, CALIFORNIA 94105

CLASS 9: Downloadable CAD/CAM software for machine control and general use; Downloadable computer aided design (CAD) software for general use; Downloadable computer aided manufacturing (CAM) software for machine control and general use; Downloadable computer game software; Downloadable computer graphics software; Downloadable computer software for data processing for architecture, digital prototyping, graphic design, multimedia production, viewing of video entertainment, special effects, film editing, project management, image manipulation, home design, simulation, visualization, rendering of digital objects and images, and data management; Downloadable computer software for processing data for architecture, digital prototyping, graphic design, multimedia production, viewing of video entertainment, special effects, film editing, project management, image manipulation, home design, simulation, visualization, rendering of digital objects and images, and data management and that may be downloaded from a global computer network; Downloadable educational software that displays information featuring instruction in design, art, multimedia, image manipulation and architecture; Downloadable software for processing images, graphics and text; Downloadable computer software for aiding, operating, and controlling devices for printing of three-dimensional objects; Downloadable computer-aided design (CAD) software for designing and printing of three-dimensional objects; Downloadable computer software for scanning and processing of three-dimensional objects; Downloadable computer software for designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D point clouds, and orthographic projections and views; downloadable computer software for designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes and 3D models; downloadable computer software for use in creating digital prototypes, virtual prototypes, 3D product presentations and renderings, and 3D design reviews and for streaming 3D data; downloadable computer software for use in manufacturing and 3D printing; downloadable computer software for use in electronic design automation and for designing and manufacturing printed circuit boards; Downloadable computer software development tools

FIRST USE 9-7-2021; IN COMMERCE 9-7-2021

CLASS 41: Computer education training services; Education services, namely, providing live and on-line seminars and educational programs in the fields of computer aided design and manufacture, graphics, image manipulation, construction and project management, architectural design, digital prototyping, and computer software usage; Training in the use of computer software in the fields of computer aided design and manufacture, graphics, image manipulation, construction and project management, architectural design, digital prototyping, and computer software usage

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

FIRST USE 9-7-2021; IN COMMERCE 9-7-2021

CLASS 42: Cloud computing featuring software for computer aided design, graphics design, multimedia production, project management, image manipulation and home design for use by architects, interior designers, civil engineers, construction managers, computer aided designers, multimedia manipulators, prototype creators, and graphics professionals; Computer aided graphic design; Computer project management services; Computer services, namely, creating an on-line community for registered users to publish and share their own content and images online; Providing a secure electronic online system featuring technology which allows users to create, publish, modify, share and produce personalized things from digital content, models and designs; Providing a web site featuring technology that enables users to design their own home layouts, three dimensional objects and construction projects; Providing a web site featuring temporary use of non-downloadable software for tools for image editing, simulation, visualization, rendering of digital objects and images, data management, construction projects, home design, object design and computer graphics; Providing an Internet website portal offering information in the field of computer-aided design; Cloud computing featuring software for aiding, operating, and controlling devices for printing of three-dimensional objects; Software as a service (SAAS) services featuring software for use in designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D point clouds, and orthographic projections and views; Providing temporary use of on-line non-downloadable software for use in designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D point clouds, and orthographic projections and views; Platform as a service (PAAS) featuring computer software platforms providing services, application programming interfaces, and software development kits to enable software developers and businesses, to develop software applications, products, and services; providing on-line non-downloadable computer software development tools; providing an internet website portal offering information on computer software development for others; software development consulting in the field of computer-aided design; technical support services in the field of software development, namely, troubleshooting of computer software problems; Software as a service (SAAS) services featuring software for use in manufacturing and 3D printing; Providing temporary use of on-line non-downloadable software for use in manufacturing and 3D printing; Software as a service (SAAS) services featuring software for use in electronic design automation and for designing and manufacturing printed circuit boards; Providing temporary use of on-line non-downloadable software for use in electronic design automation and for designing and manufacturing printed circuit boards; providing temporary use of online non-downloadable CAD/CAM software for machine control and general use; providing temporary use of online non-downloadable computer aided design (CAD) software for general use; providing temporary use of online non-downloadable computer aided manufacturing (CAM) software for machine control and general use

FIRST USE 9-7-2021; IN COMMERCE 9-7-2021

PRIORITY CLAIMED UNDER SEC. 44(D) ON JAMAICA APPLICATION NO. 82641, FILED 02-09-2021

The mark consists of the stylized wording "AUTODESK" positioned to the right of an abstract stylized letter "A." The colors black and white represent background, outlining, shading, and transparent areas and are not claimed as features of the mark.

SER. NO. 90-858,708, FILED 07-30-2021

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
