Good morning,

I am the examining attorney reviewing the application for JIOBIT (Serial No. 97012422). In order to move forward with the application, applicant is required to amend the identification of goods to specify the function of its software:

Accordingly, the following is suggested:

009: Downloadable computer application software for mobile phones, namely, software for use with GPS tracking devices **for tracking pets, people, and personal property**; GPS tracking devices

Upon agreement to the above, I can issue an examiner's amendment and proceed with approval for publication.

Your prompt response is appreciated. Please let me know if you have any questions.

Thanks,

/Jami E. Holland/
