Good afternoon,

I am the Trademark Examining Attorney at the U.S. Patent and Trademark Office reviewing the above-referenced application. I have received applicant's March 9, 2023 response to the September 15, 2022 Office action. While applicant's response and evidence of a consent agreement obviate the current Section 2(d) likelihood of confusion refusal, a co-pending registration to the cited registration was missed in initial examination and, therefore, presents a similar likelihood of confusion issue. I apologize for the inconvenience caused by the delay in raising this issue.

I am hoping we can arrange a brief phone call to discuss the above issue. As no contact phone number was provided in the application, please give me a call at your earliest convenience or reply to this e-mail with a suitable contact number and best time to reach you. I am available today until 4:30pm EST and will be available tomorrow and Wednesday during regular business hours.

Thank you for your time.

Best,

Holland L. Hauenstein
