Subject: Trademark Applications - Serial Nos. 97624612, 97624613, 97624615, 97624622, and 97624624

Dear Angus,

I am the examining attorney assigned to the trademark application in U.S. Application Serial Nos. 97624612, 97624613, 97624615, 97624622, and 97624624. I have reviewed the applications and there are some issues that must be addressed before the mark proceeds forward. Fortunately, these issues can be resolved with an examiner's amendment.

For U.S. Application Serial Nos. 97624612 and 97624615, the term "GROOMSMAN" must be disclaimed because it describes the intended user of the goods. Further, the mark description is incomplete because it does not identify the tie and jacket designs. The following would be an acceptable mark description: "The mark consists of the stylized wording "GROOMSMAN" in front of the design of a jacket, shirt and tie."

For U.S. Application Serial Nos. 97624613, 97624622, and 97624624, the mark description is incomplete because it indicates the mark consists of a shirt pattern design, but does not mention the jacket and tie designs. The following would be an acceptable mark description: "The mark consists of a stylized design of a jacket, shirt and tie."

With your authorization, I can amend enter the disclaimers and revised mark descriptions with examiner's amendments. If you would please review and let me know how you would like to proceed, I would appreciate it. I can be reached at 571-272-5152 if you would like to discuss further.

Thank you,

Thomas
