Good evening Ms. Brenner,

Thank you for your speedy response and for informing me of your upcoming client meeting. If you feel that this issue is one that requires a formal meeting with your client, sending the Office action would be beneficial as it provides more time to discuss the amendment. My initial email requested a response by close of business today, however, if you approve the changes by Monday, October 30th at 12 PM EST I can issue the Examiner's Amendment.

Subject: Examiner's Amendment for Serial No. 97776664

Good morning Mr. Lieberstein,

I am the Trademark Examining Attorney at the U.S. Patent and Trademark Office examining your application for DON'T DRINK ME (Serial No. 97776664), and I wanted to discuss the following issue with you.

Identification of Goods Amendment Required:

International Class 32

The wording "Non-alcoholic beverages;" and "Waters;" in the identification of goods is indefinite and requires further specificity in order to be properly classified.

Applicant may adopt the following identification, if accurate:

"Beer; Energy drinks; Non-alcoholic beverages, **namely, carbonated beverages**; Soft drinks; Fruit juices; **Drinking** waters; Soda water; Cider, non-alcoholic" in International Class 32.

International Class 33

The wording "Alcoholic beverages;" "Cocktails;" and "Cider;" in the identification of goods is indefinite and requires further specificity in order to be properly classified.

Applicant may adopt the following identification, if accurate:

"Alcoholic beverages, **not beer**; Wine; Liquor; Spirits; Liqueurs; **Alcoholic** cocktails; **Hard** cider; Gin; Rum; Vodka; Whiskey" in International Class 33.

If you agree, I can make all changes for you via an Examiner's Amendment, and the application may proceed toward registration subject to review by a supervisory attorney. Please let me know by close of business on October 26, 2023. If I do not receive a response, I will send a formal Office action fully notifying you of the issues in the application. If you have any questions, do not hesitate to let me know.
