3. Incorporation of the Security Agreements. The Security Agreements executed by any Pledgor and the terms and provisions thereof are hereby incorporated herein in their entirety by this reference thereto.

4. Grant of Security Interest in Trademarks, Patents, Copyrights and Licenses. To secure the complete and timely payment, performance and satisfaction of all of the Secured Obligations, each Pledgor hereby grants to the Administrative Agent, for the benefit of the Agents, the Issuing Banks and the Lenders (hereinafter, the “Lender Group”), a security interest in, as and by way of a first mortgage and security interest having priority over all other security interests, with power of sale to the extent permitted by applicable law, all of each Pledgor’s now owned or existing and hereafter acquired or arising:

(a) (i) trademarks, trade names, registered trademarks, trademark applications, service marks, registered service marks and service mark applications, including, without limitation, trade names, registered trademarks, trademark applications, registered service marks and service mark applications listed on Schedule 1 attached hereto and made a part hereof, and (A) all renewals thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof, (C) the right to sue for past, present and future infringements and dilutions thereof, (D) the goodwill of such Pledgor’s business symbolized by the foregoing and connected therewith, and (E) all of such Pledgor’s rights corresponding thereto throughout the world (all of the foregoing trademarks, trade names, registered trademarks and trademark applications, service marks, registered service marks and service mark applications, together with the items described in clauses (A)-(E) in this Paragraph 4(a)(i), are sometimes hereinafter individually and/or collectively referred to as the “Trademarks”); and (ii) all proceeds of any and all of the foregoing, including, without limitation, license royalties and proceeds of infringement suits.

(b) (i) patents and patent applications, including, without limitation, the patents and patent applications listed on Schedule 2 attached hereto and made a part hereof, and (A) all renewals thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof, (C) the right to sue for past, present and future infringements and dilutions thereof, and (D) all of such Pledgor's rights corresponding thereto throughout the world (all of the foregoing patents and patent applications, together with the items described in clauses (A)-(D) in this Paragraph 4(b)(i), are sometimes hereinafter individually and/or collectively referred to as the "Patents"); and (ii) all proceeds of any and all of the foregoing, including, without limitation, license royalties and proceeds of infringement suits.

(c) (i) copyrights and copyright registrations, including, without limitation, the copyright registrations listed on Schedule 3 attached hereto and made a part hereof, and (A) all renewals thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof, (C) the right to sue for past, present and future infringements and dilutions thereof, (D) the goodwill of such Pledgor's business symbolized by the foregoing and connected therewith, and (E) all of such Pledgor's rights corresponding thereto throughout the world (all of the foregoing copyrights and copyright registrations, together with the items described in clauses (A)-(E) in this Paragraph 4(c)(i), are sometimes hereinafter individually and/or collectively referred to as the "Copyrights"); and (ii) all proceeds of any and all of the foregoing, including, without limitation, licensed royalties and proceeds of infringement suits.

(d) rights under or interest in any patent, trademark or copyright license agreements with any other party, whether any Pledgor is a licensee or licensor under any such license agreement, including, without limitation, license agreements listed on Schedule 4 attached hereto and made a part hereof, and the right to use the foregoing in connection with the enforcement of the Administrative Agent's rights under the Credit Agreement, including without limitation, the right to prepare for sale and sell any and all Inventory now or hereafter owned by any Pledgor and now or hereafter covered by such licenses (all of the foregoing are hereinafter referred to collectively as the "Licenses"). Notwithstanding the foregoing provisions of this Paragraph 4(d), the Licenses shall not include any license agreement in effect as of the date hereof which by its terms prohibits the grant of the security contemplated by this Agreement; provided, however, that upon the termination of such prohibitions for any reason whatsoever, the provisions of this Paragraph 6 shall be deemed to apply thereto automatically.

Notwithstanding the foregoing, the foregoing grant of security interest shall expressly exclude the following assets (collectively, the "Excluded Assets"): (i) any agreement or contract to the extent that, and for so long as, the terms of such excluded agreement or contract prohibits (after giving effect to any approvals and waivers) the assignment of, or granting of a security interest in, such agreement or contract (it being understood and agreed, however, that notwithstanding the foregoing, all rights to payment for money due or to become due pursuant to any such excluded agreement or contract shall be subject to the security interest created by this Agreement); and (ii) any licenses and any assets subject to such licenses, in each case to the

extent that, and for so long as, the terms of such license prohibits (after giving effect to any approvals and waivers) the assignment of, or granting of a security interest in, such licenses and assets.

5. Restrictions on Future Agreements. No Pledgor shall, without the Administrative Agent's prior written consent, enter into any agreement, including, without limitation, any license agreement, which is inconsistent with this Agreement, and each Pledgor further agrees that it will not take any action, and will use its best efforts not to permit any action to be taken by others subject to its control, including, without limitation, licensees, or fail to take any action, which would in any material respect adversely affect the validity or enforcement of the rights transferred to the Lender Group under this Agreement or the rights associated with the Trademarks, Patents, Copyrights or Licenses.

6. New Trademarks, Copyrights, Patents and Licenses. Each Pledgor represents and warrants that, from and after the date hereof, (a) the Trademarks listed on Schedule 1 include all of the trade names, registered trademarks, trademark applications, registered service marks and service mark applications now owned or held by any Pledgor, (b) the Patents listed on Schedule 2 include all of the patents and patent applications now owned or held by any Pledgor, (c) the Copyrights listed on Schedule 3 include all of the copyright registrations now owned or held by any Pledgor, (d) the Licenses listed on Schedule 4 include all of the material patent, trademark or copyright license agreements under which any Pledgor is the licensee or licensor, and (e) no Liens, claims or security interests in such Trademarks, Patents, Copyrights or Licenses have been granted by any Pledgor to any Person other than the Administrative Agent for the benefit of the Lenders and except as disclosed in the Credit Agreement. If, prior to the termination of this Agreement, any Pledgor shall (i) obtain rights to or become entitled to the benefit of any new trademarks, trade names, registered trademarks, trademark applications, service marks, registered service marks or service mark applications, (ii) obtain rights to or become entitled to the benefit of any patent or patent application or any reissue, division, continuation, renewal, extension or continuation-in-part of any Patent or any improvement on any Patent, (iii) obtain rights to or become entitled to the benefit of any new copyrights or copyright registrations, (iv) obtain rights to or become entitled to the benefit of any new material trademark, patent or copyright license agreements, whether as licensee or licensor, or license renewals, or (v) enter into any new license agreement, the provisions of Paragraph 4 above shall automatically apply thereto (to the extent permitted by licensors under agreements in connection with the granting of such licenses). The Pledgors shall give to the Administrative Agent prompt written notice of events described in clauses (i), (ii), (iii), (iv) and (v) of the preceding sentence. Each Pledgor hereby authorizes the Administrative Agent to modify this Agreement unilaterally (i) by amending Schedule 1 to include any future trademarks, trade names, registered trademarks, trademark applications, service marks, registered service marks and service mark applications that are Trademarks under Paragraph 4 above or under this Paragraph 6, (ii) by amending Schedule 2 to include any future patents and patent applications, which are Patents under Paragraph 4 above or under this Paragraph 6, (iii) by amending Schedule 3 to include any future copyrights and copyright registrations, which are Copyrights under Paragraph 4 above or under this Paragraph 6, (iv) by amending Schedule 4 to include any future trademark, patent or copyright license agreements that are Licenses under Paragraph 4 above or under this Paragraph 6, and (v) by filing, in

addition to and not in substitution for this Agreement, a duplicate original of this Agreement containing on Schedule 1 thereto, as the case may be, such future trademarks, tradenames, registered trademarks, trademark applications, service marks, registered service marks and service mark applications and containing on Schedule 2 thereto, as the case may be, such future patents and patent applications, and containing on Schedule 3, as the case may be, such future copyrights and copyright registrations, and containing on Schedule 4 thereto, as the case may be, such future license agreements.

7. Royalties. Each Pledgor hereby agrees that the use by the Administrative Agent of the Trademarks, Patents, Copyrights and Licenses as authorized hereunder in connection with the Administrative Agent's or a Lenders exercise of its rights and remedies under Paragraph 16 or pursuant to any Loan Document shall be coextensive with such Pledgor's rights thereunder and with respect thereto and without any liability for royalties or other related charges from the Lenders to such Pledgor.

8. Further Assignments and Security Interest. Each Pledgor agrees (a) not to sell or assign any of its interests in, or grant any license under, the Trademarks, Copyrights or Patents without the prior written consent of the Administrative Agent, and (b) not to sell or assign its respective interests in the Licenses without the prior and express written consent of the Administrative Agent.

9. Nature and Continuation of the Administrative Agent's Security Interest; Termination of the Administrative Agent's Security Interest. This Agreement is made for collateral security purposes only. This Agreement shall create a continuing security interest in the Trademarks, Patents, Copyrights and Licenses and shall terminate only when the Secured Obligations have been paid in full in cash and the Credit Agreement has been terminated. When this Agreement has terminated, the Administrative Agent shall promptly execute and deliver to the Pledgors, at such Pledgor's expense, all termination statements and other instruments as may be necessary or proper to terminate the Administrative Agent's security interest in the Trademarks, Patents, Copyrights and Licenses, subject to any disposition thereof which may have been made by the Administrative Agent or the Lenders, or any of them, pursuant to this Agreement.

10. Duties of Each Pledgor. Each Pledgor shall have the duty, to the extent desirable in the normal conduct of such Pledgor's business, (a) to prosecute diligently any trademark application or service mark application that is part of the Trademarks pending as of the date hereof or hereafter until the termination of this Agreement, (b) to prosecute diligently any patent application that is part of the Patents pending as of the date hereof or hereafter until the termination of this Agreement, and (c) to take all reasonable and necessary action to preserve and maintain all of the such Pledgor's rights in the Trademarks, Patents, Copyrights and Licenses to the extent that such Pledgor determines in its business judgment that the preservation and maintenance of such rights is necessary or desirable for the conduct of such Pledgor's business. Each Pledgor further agrees (i) not to abandon any Trademark, Patent, Copyright or License that is necessary or economically desirable in the operation of such Pledgor's business without the prior written consent of the Administrative Agent, and (ii) to use its commercially reasonable efforts to maintain in full force and effect the Trademarks, Patents, Copyrights and Licenses that

are or shall be necessary or economically desirable in the operation of such Pledgor's business. Any expenses incurred in connection with the foregoing shall be borne by the Pledgors. Neither the Administrative Agent nor any other Lender shall have any duty with respect to the Trademarks, Patents, Copyrights or Licenses. Without limiting the generality of the foregoing, the Administrative Agent shall not be under any obligation to take any steps necessary to preserve rights in the Trademarks, Patents, Copyrights or Licenses against any other Person, but the Administrative Agent may do so at its option from and after the occurrence and during the continuance of a Default or an Event of Default, and all expenses incurred in connection therewith shall be for the sole account of the Pledgors and shall be added to the Secured Obligations secured hereby.

11. Indemnification by Each Pledgor. Each Pledgor hereby agrees to indemnify and hold harmless the Administrative Agent and each other Lender for any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements (including, without limitation, reasonable attorneys' fees) of any kind whatsoever which may be imposed on, incurred by or asserted against the Administrative Agent or any other Lender in connection with or in any way rising out of any suits, proceedings or other actions, relating to any or all of the Trademarks, Patents, Copyrights or Licenses (including, without limitation, whether brought by any Pledgor, any Borrower, or any other Person, suits, proceedings or other actions in which an allegation of liability, strict or otherwise, is or may be made by any Person who alleges or may allege having suffered damages as a consequence of alleged improper, imprudent, reckless, negligent, willful, faulty, defective or substandard design, testing, specification, manufacturing supervision, manufacturing defect, manufacturing deficiency, publicity or advertisement or improper use, howsoever arising or by whomsoever caused, of any inventions disclosed and claimed in the Patents or any of them); unless with respect to any of the above, the Administrative Agent or any other Lender is judicially determined to have acted or failed to act with gross negligence or willful misconduct. The indemnification in this paragraph shall survive the termination of this Agreement.

12. The Administrative Agent's Right to Sue. From and after the occurrence and during the continuance of an Event of Default, the Administrative Agent shall have the right, but shall not be obligated, to bring suit in its own name to enforce the Trademarks, Patents, Copyrights and Licenses and, if the Administrative Agent shall commence any such suit, each Pledgor shall, at the request of the Administrative Agent, do any and all lawful acts and execute any and all proper documents reasonably required by the Administrative Agent in aid of such enforcement. The Pledgors shall, upon demand, promptly reimburse the Administrative Agent for all costs and expenses incurred by the Administrative Agent in the exercise of its rights under this Paragraph 12 (including, without limitation, reasonable fees and expenses of attorneys and paralegals for the Administrative Agent).

13. Waivers. The Administrative Agent's failure, at any time or times hereafter, to require strict performance by each Pledgor of any provision of this Agreement shall not waive, affect or diminish any right of the Administrative Agent thereafter to demand strict compliance and performance therewith nor shall any course of dealing between any Pledgor and the Administrative Agent have such effect. No single or partial exercise of any right hereunder shall preclude any other or further exercise thereof or the exercise of any other right. None of the

undertakings, agreements, warranties, covenants and representations of any Pledgor contained in this Agreement shall be deemed to have been suspended or waived by the Administrative Agent unless such suspension or waiver is in writing signed by an officer of the Administrative Agent, and directed to such Pledgor and specifying such suspension or waiver.

14. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but the provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part hereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

15. Modification. Neither this Agreement nor any provision hereof may be altered, amended or modified in any way, except as specifically provided in Paragraph 6 hereof or in a written instrument signed by the parties hereto.

16. Power of Attorney; Cumulative Remedies.

(a) Each Pledgor hereby irrevocably designates, constitutes and appoints the Administrative Agent (and all officers and agents of the Administrative Agent designated by the Administrative Agent in its sole and absolute discretion) as such Pledgor's true and lawful attorney-in-fact, and authorizes the Administrative Agent and any of the Administrative Agent's designees, in such Pledgor's or the Administrative Agent's name, upon the occurrence and during the continuation of an Event of Default to take any action and execute any instrument necessary or reasonably advisable to accomplish the purposes of this Agreement, including, without limitation, to (i) endorse such Pledgor's name on all applications, documents, papers and instruments necessary or desirable for the Administrative Agent in the use of the Trademarks, Patents, Copyrights or Licenses, (ii) assign, pledge, convey or otherwise transfer title in or dispose of the Trademarks, Patents, Copyrights or Licenses to anyone, (iii) grant or issue any exclusive or nonexclusive license under the Trademarks, Patents, Copyrights or Licenses to anyone, and (iv) take any other actions with respect to the Trademarks, Patents, Copyrights or Licenses as the Administrative Agent deems in its best interest for the payment of the Secured Obligations. Each Pledgor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney is coupled with an interest and shall be irrevocable until this Agreement is terminated. Each Pledgor acknowledges and agrees that this Agreement is not intended to limit or restrict in any way the rights and remedies of the Administrative Agent or any other Lender under the Credit Agreement or any other Loan Document, but rather is intended to facilitate the exercise of such rights and remedies.

(b) The Administrative Agent shall have, in addition to all other rights and remedies given it by the terms of this Agreement, all rights and remedies allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Trademarks, Patents, Copyrights or Licenses may be located or deemed located. Upon the occurrence and continuance of an Event of Default and the election by the Administrative Agent to exercise any of its remedies under Section 9-504 or Section 9-505 of the

Uniform Commercial Code, or the equivalent provisions of revised Article 9 of the Uniform Commercial Code, as in effect in any jurisdiction, with respect to the Trademarks, Patents, Copyrights or Licenses, each Pledgor agrees to assign, convey and otherwise transfer title in and to the Trademarks, Patents, Copyrights and Licenses, to the Administrative Agent or any transferee of the Administrative Agent and to execute and deliver to the Administrative Agent or any such transferee all such agreements, documents and instruments as may be necessary, in the Administrative Agent's sole discretion, to effect such assignment, conveyance and transfer. All of the Administrative Agent's rights and remedies with respect to the Trademarks, Patents, Copyrights and Licenses, whether established hereby, by the Credit Agreement or by any other agreements or by law, shall be cumulative and may be exercised separately or concurrently. Notwithstanding anything set forth herein to the contrary, it is hereby expressly agreed that upon the occurrence and continuance of an Event of Default, the Administrative Agent may exercise any of the rights and remedies provided in this Agreement, the Credit Agreement or any of the other Loan Documents. To the extent permitted by applicable law, each Pledgor agrees that any notification of intended disposition of any of the Trademarks, Patents, Copyrights or Licenses required by law shall be deemed reasonably and properly given if given at least ten (10) days before such disposition; provided, however, that the Administrative Agent may give any shorter notice that is commercially reasonable under the circumstances.

17. Successors and Assigns. This Agreement shall be binding upon each Pledgor and their successors and assigns, and shall inure to the benefit of the Administrative Agent, the Lenders and their nominees, successors and assigns. Each Pledgor's successors and assigns shall include, without limitation, a receiver or a trustee of any Pledgor; provided, however, that no Pledgor shall voluntarily assign or transfer its rights or obligations hereunder without the Administrative Agent's prior written consent.

18. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of New York applicable to agreements made and to be performed in New York.

19. Notices. All notices or other communications hereunder shall be given in the manner set forth in the Credit Agreement and to the addresses set forth in the Credit Agreement if to the Administrative Agent or any Pledgor that is a Borrower, and for any other Pledgor, to the address set forth in such Pledgor's Guaranty Agreement.

20. Paragraph Titles. The paragraph titles herein are for convenience of reference only, and shall not affect in any way the interpretation of any of the provisions hereof.

21. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of a counterpart hereof via facsimile transmission shall be effective as delivery of a manually executed counterpart hereof.

22. Administrative Agent. Each reference herein to any right granted to, benefit conferred upon or power exercisable by the "Administrative Agent" shall be a reference to the

Administrative Agent for the benefit of itself and the Lenders, and each action taken or right exercised hereunder shall be deemed to have been so taken or exercised by the Administrative Agent for the benefit of itself and the other Lenders.

23. Merger. This Agreement, together with the other Loan Documents, represents the final agreement of each Pledgor and the Administrative Agent with respect to the matters contained herein and may not be contradicted by evidence of prior or contemporaneous agreements, or subsequent oral agreements, between each Pledgor and the Administrative Agent.

24. Effectiveness. This Agreement shall become effective on the Agreement Date.

25. New Pledgor. Pursuant to Section 5.15 of the Credit Agreement, any hereafter acquired or formed Material Subsidiary (as defined in the Credit Agreement) is required to grant a security interest in such Material Subsidiary's intellectual property to the Administrative Agent for the benefit of the Lender Group, as collateral for the Secured Obligations, and the same may be accomplished by execution and delivery to the Administrative Agent an instrument in the form of Annex 1 attached hereto. Upon the execution and delivery of Annex 1 by such Material Subsidiary (the "New Pledgor"), the New Pledgor shall become a 'Pledgor' hereunder with the same force and effect as if originally named as a Pledgor herein. The execution and delivery of any instrument adding a New Pledgor as a party to this Agreement shall not require the consent of any other Pledgor hereunder and the rights and obligations of each Pledgor hereunder shall remain in full force and effect notwithstanding the addition of any New Pledgor.

ANNEX 1

FORM OF INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT

Supplement No. __ (this "Supplement") dated as of _____, 200[] to that certain Intellectual Property Security Agreement dated as of April __, 2001 (as amended, restated, supplemented or otherwise modified from time to time, the "Intellectual Property Security Agreement"), by and among **AGCO CORPORATION**, a Delaware corporation (the "Parent") and certain of its Subsidiaries signatory thereto and those additional Subsidiaries that hereafter become parties hereto by executing this Annex 1 (each a "Pledgor;" and together with the Parent, collectively, the "Pledgors"), and **COÖPERATIEVE CENTRALE RAIFFEISEN-BOERENLEENBANK B.A.**, "**RABOBANK NEDERLAND**", **NEW YORK BRANCH**, as administrative agent (the "Administrative Agent") on behalf of the Lender Group (as defined in the Intellectual Property Security Agreement),

WITNESSETH:

WHEREAS, pursuant to that certain Credit Agreement dated as of April __, 2001 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), by and among Parent and the Subsidiaries signatory thereto (each a "Borrower" and together with the Parent, collectively, the "Borrowers"), the Lender Group and Administrative Agent, the Lender Group has agreed to make certain loans and other financial accommodations to, and issue Letters of Credit on behalf of, the Borrowers from time to time pursuant to the terms and conditions thereof; and

WHEREAS, each New Pledgor will realize substantial direct and indirect benefits as a result of the making of loans and other financial accommodations to, and the issuance of Letters of Credit on behalf of, the Borrowers pursuant to the Credit Agreement, Security Documents, and the other Loan Documents; and

WHEREAS, pursuant to Section 5.15 of the Credit Agreement and Section 25 of the Intellectual Property Security Agreement, any Material Subsidiary thereafter acquired or formed is required to execute and deliver to the Administrative Agent certain Loan Documents, including, without limitation, the grant of a security interest in such Material Subsidiary's intellectual property, and the same may be accomplished by execution and delivery of this Annex 1 in favor of the Administrative Agent for the benefit of the Lender Group;

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree that capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed to such terms in the Intellectual Property Security Agreement, the Credit Agreement or Security Documents,

respectively, and also agree as follows:

SECTION 1. In accordance with Section 25 of the Intellectual Property Security Agreement, the New Pledgor, by its signature below, becomes a 'Pledgor' under the Intellectual Property Security Agreement with the same force and effect as if originally names therein as a Pledgor and the New Pledgor hereby (a) agrees to all of the terms and provisions of the Intellectual Property Security Agreement applicable to it as a Pledgor thereunder, and (b) represents and warrants that the representations and warranties made by it as a Pledgor thereunder are true and correct on and as of the date hereof. In furtherance of the foregoing, the New Pledgor, as security for the payment and performance in full of such respective Pledgor's obligations (in accordance with the Intellectual Property Security Agreement), does hereby grant and assign to the Administrative Agent, for the benefit of the Lender Group, and their respective successors and assigns, a continuing security interest in and security title to all of the Trademarks, Patents, Copyrights, and Licenses, together with all other security as more fully described in the Intellectual Property Security Agreement. Schedule 1(a), "Trademarks," Schedule 2(a), "Patents," Schedule 3(a), "Copyrights" and Schedule 4(a), "Licenses," attached hereto supplement Schedule 1, Schedule 2, Schedule 3 and Schedule 4 to the Intellectual Property Security Agreement and shall be deemed a part thereof for all purposes, provided, however, that the foregoing grant of security interest shall expressly exclude all assets of such New Pledgor constituting "Excluded Assets" under and as such term is defined in the Intellectual Property Security Agreement. Each reference to a Pledgor in the Intellectual Property Security Agreement shall be deemed to include the New Pledgor. The Intellectual Property Security Agreement is incorporated herein by reference.

SECTION 2. The New Pledgor represents and warrants to the Administrative Agent and to each other member of the Lender Group that this Supplement has been duly executed and delivered by the New Pledgor and constitutes its legal, valid and binding obligation, enforceable against such New Pledgor in accordance with its terms, subject, as to enforcement of remedies, to the following qualifications: (i) an order of specific performance and an injunction are discretionary remedies and, in particular, may not be available where damages are considered an adequate remedy at law, (ii) enforcement may be limited by bankruptcy, insolvency, liquidation, reorganization, reconstruction and other similar laws affecting enforcement of creditors' rights generally (insofar as any such law relates to the bankruptcy, insolvency or similar event of such Person), and (iii) enforcement may be subject to general principles of equity (regardless of whether such enforcement is considered in a proceeding in equity or at law) and may be limited by public policies which may affect the enforcement of certain rights or remedies provided for in this Supplement, the Intellectual Property Security Agreement, the Credit Agreement, or Security Documents, as applicable.

SECTION 3. This Supplement may be executed in multiple counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together (including any counterpart delivered by facsimile) constitute but one and the same instrument. In proving this Supplement in any judicial proceedings, it shall not be

necessary to produce or account for more than one such counterpart signed by the party against whom such enforcement is sought.

SECTION 4. Except as expressly supplemented hereby, the Intellectual Property Agreement shall remain in full force and effect.

SECTION 5. This Supplement shall be construed and interpreted in accordance with the internal laws of the State of New York applicable to agreements to be made and performed in the State of New York.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the New Pledgor and the Administrative Agent have duly executed this Supplement to the Intellectual Property Security Agreement as of the day and year first above written.
