WHEREAS, the Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in order to induce the Lenders and the Issuers to make Credit Extensions to the Borrowers pursuant to the Credit Agreement, and to induce the Secured Parties

to enter into Rate Protection Agreements, if any, the Grantor agrees, for the benefit of each Secured Party, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided (or incorporated by reference) in the Security Agreement.

SECTION 2. Grant of Security Interest. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, to secure all of the Obligations, the Grantor does hereby grant to the Agent a security interest in, for the ratable benefit of the Secured Parties, all of the following property (the "Trademark Collateral"), whether now owned or hereafter acquired by it:

(a) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos, other source of business identifiers, designs and general intangibles of a like nature owned by the Grantor in the Grantor's name as such may be changed from time to time (all of the foregoing items in this clause (a) being collectively called a "Trademark"), now existing anywhere in the world or hereafter adopted or acquired, whether currently in use or not, all registrations and recordings thereof and all applications in connection therewith, whether pending or in preparation for filing, including registrations, recordings and applications in the United States Patent and Trademark Office or in any office or agency of the United States of America or any State thereof or any foreign country, including those referred to in Item A of Attachment 1 attached hereto, provided, however, that Trademark Collateral shall not include "intent to use" applications for trademark or service mark registrations filed in the United States Patent and Trademark Office pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, unless and until an Amendment to Allege Use or a Statement of Use under Section 1(c) or 1(d) of said Act has been filed;

(b) all Trademark licenses of the Grantor, including each Trademark license referred to in Item B of Attachment 1 attached hereto subject, in each case, to the terms of such license agreements, and the right to prepare for sale, sell and advertise for sale, all Inventory now or hereafter covered by such licenses;

(c) all reissues, extensions or renewals of any of the items described in clauses (a) and (b);

(d) all of the goodwill of the business of the Grantor connected with the use of, and symbolized by the items described in, clauses (a) and (b); and

(e) all proceeds of, and rights of the Grantor associated with, the foregoing, including any claim by the Grantor against third parties for past, present or future

infringement or dilution of any Trademark or Trademark registration including any Trademark or Trademark registration referred to in Item A of Attachment 1 attached hereto, or for any injury to the goodwill of the Grantor associated with the use of any such Trademark or for breach or enforcement of any Trademark license subject, in each case, to the terms of such license agreements.

SECTION 3. Security Agreement. This Agreement has been executed and delivered by the Grantor for the purpose of registering the security interest of the Agent in the Trademark Collateral with the United States Patent and Trademark Office and, to the extent required by the Security Agreement, corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to the Agent for its benefit and the benefit of each Secured Party under the Security Agreement. The Security Agreement (and all rights and remedies of the Agent and each Secured Party thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Release of Security Interest. Upon the payment in full in cash, or cash collateralization, of all Obligations, the termination or expiration of all Letters of Credit, the termination of all Rate Protection Agreements entered into pursuant to the Credit Agreement and the termination of all Commitments, the security interest granted herein and all related Liens shall terminate and all rights to the Trademark Collateral shall revert to the Grantor. Upon any such termination or release, the Agent will, at the Grantor's sole expense, execute and deliver to the Grantor such documents as the Grantor shall reasonably request to evidence such termination of the security interest in the Trademark Collateral granted herein and all related Liens.

SECTION 5. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

SECTION 6. Loan Document, etc. This Agreement is a Loan Document executed pursuant to the Credit Agreement and shall (unless otherwise expressly indicated herein) be construed, administered and applied in accordance with the terms and provisions of the Credit Agreement.
