ACCRUE India To be abandoned per client 737,078 04/09/1997

Goods/Services

Computer software and hardware for use in collecting, monitoring, analyzing, tracking, and managing traffic on computer networks in Class 9.

Comments

Per associate's letter dated 7/2/97, examination not expected to take place until July, 2003. Pat client's email dated 9/2/2000, application is abandoned. Associate confirmed instructions to abandon on 10/18/00.

Goods/Services

Computer software and hardware in Class 9.

Comments

Registration for ACCRUE in the name of NEC cited against application. Final rejection issued against application because of NEC's objection. Interveners sent to associate 7/22/99 to file appeal and conduct further investigations reo NEC's use of ACCRUE mark. NEC's registration was cancelled in connection with "deceptive, machine-readable and their derivations." Associate thinks examiner will withdraw rejection based on the NEC cancellation. Examiner has insisted on excluding "electron tubes, semiconductor elements, and electronic circuits other than those carrying computer programs."

Goods/Services

ACCRUE Mexico Unified 0006 02223

Comments

Note to file dated 9/30/00 indicating we instructed associate not to file until we heard from client.
