NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. **Definitions.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Intercreditor Agreement and the Controlling Secured Document (and in the event of a conflict between the definition of any term in such documents, the definition of such term in the Intercreditor Agreement shall control), and the following shall have (unless otherwise provided elsewhere in this Agreement) the following respective meanings (such meanings being equally applicable to both the singular and plural form of the terms defined):

(a) “Controlling Secured Document” has the meaning given such term in the Intercreditor Agreement.

(b) “Credit Documents” has the meaning given such term in the Intercreditor Agreement.

(c) “Secured Obligations” has the meaning given such term in the Intercreditor Agreement.

(d) “Secured Creditors” has the meaning given such term in the Intercreditor Agreement.

(e) “Security Documents” has the meaning given such term in the Intercreditor Agreement.

Notwithstanding anything herein to the contrary, in no event shall the security interest granted under Section 2 hereof attach to any lease, license, contract, property right or agreement to which any Grantor is a party or any of its rights or interests thereunder if, to the extent that and for so long as the grant of such security interest shall constitute or result in (i) the abandonment, invalidation or unenforceability of any right, title or interest of any Grantor in any such property that constitutes Intellectual Property or (ii) a breach or termination pursuant to the terms of, or a default under, any such lease, license, contract, property right or agreement (other than to the extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the code (or any successor provision or provisions) of any relevant jurisdiction or any other

Notwithstanding anything to the contrary contained herein, this Intellectual Property Security Agreement and the Liens granted hereunder are subject to the terms and conditions of the Intercreditor Agreement. Notwithstanding any of the other provisions set forth in this Section 2, this Intellectual Property Security Agreement shall not constitute a grant of a security interest in any property to the extent that such grant of security interest in such property (1) is prohibited by any requirements of law of any Governmental Authority or (2) requires a consent not obtained of any Governmental Authority pursuant to such requirement of law; provided, however, that each Grantor represents and warrants that no such prohibition applies to, and no such consent is required for, such Grantor's grant to the Collateral Agent hereunder (for the benefit of itself and the Secured Creditors) of a security interest under the Code in the Intellectual Property Collateral listed on Schedules I, II and III attached hereto and the Proceeds thereof; and provided further, however, that the applicable Grantor shall bear the burden of proving that such Grantor's grant of a security interest to the Collateral Agent hereunder is prohibited under (1) or (2) above.

3. **Representations and Warranties.** Each Grantor represents and warrants to the Collateral Agent and the other Secured Creditors that such Grantor does not own any Patent, registered Trademark or registered Copyright in the United States except as set forth in Schedule I, Schedule II and Schedule III, respectively, hereto. This Intellectual Property Security Agreement is effective to create a valid and continuing Lien on and, upon the recording hereof by the United States Copyright Office and the United States Patent and Trademark Office within 30 days and 90 days of the date hereof, respectively, perfected Liens in favor of Collateral Agent (for the benefit of itself and the other Secured Creditors) on each Grantor's Patents, Trademarks and Copyrights in the United States and such perfected Liens are enforceable as such as against any and all subsequent purchasers from any Grantor to the extent that recording in the United States Copyright Office and the United States Patent and Trademark Office is effective to do so and subject to the proviso in the next sentence. Upon recording of this Intellectual Property Security Agreement by the United States Copyright Office within 30 days of the date hereof and the United States Patent and Trademark Office within 90 days of the date hereof and the filing of appropriate financing statements listed on Schedule I to the Security Agreement, all action necessary or desirable to protect and perfect Collateral Agent's Lien on each Grantor's Patents, registered Trademarks or registered Copyrights in the United States shall have been duly taken; provided, however, that the subsequent recordation of this Intellectual Property Security Agreement in the U.S. Patent and Trademark Office and U.S. Copyright Office, as applicable, may be necessary to perfect the security interest of the Collateral Agent in issued registrations and applications for other U.S. Intellectual Property that are acquired by any Grantor after the date hereof, the registration of unregistered Copyrights in the U.S. Copyright Office may be required in

order to perfect the Collateral Agent's Lien therein, and the taking of actions outside the United States may be required in order to perfect the Collateral Agent's Lien in Intellectual Property included in the Collateral which is protected under non-U.S. law.

4. **Covenants.** Each Grantor covenants and agrees with the Collateral Agent that from and after the date of this Intellectual Property Security Agreement and until the Termination Date:

(a) Grantors shall notify Collateral Agent immediately if they know that any material application or registration relating to any Patent, Trademark or Copyright (now or hereafter existing) may become abandoned or dedicated to the public, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding any Grantor's ownership of any Patent, Trademark or Copyright, its right to register the same, or to keep and maintain the same.

(b) Grantors shall provide Collateral Agent with written notice of any application filed by any Grantor, either by itself or through any agent, employee, licensee or designee, to register any Patent, Trademark or Copyright with the United States Patent and Trademark Office, the United States Copyright Office or any similar office or agency in the United States within ninety (90) days of such filing, and, upon request of Collateral Agent, such Grantor shall execute and deliver a supplement hereto as Collateral Agent may request to evidence Collateral Agent's Lien on such Patent, Trademark or Copyright, and the General Intangibles of such Grantor relating thereto or represented thereby.

(c) Grantors shall take all commercially reasonable actions necessary or requested by Collateral Agent to maintain and pursue each application, to obtain the relevant registration and to maintain the registration of each of the Patents, Trademarks and Copyrights (now or hereafter existing), including the filing of applications for renewal, affidavits of use, affidavits of noncontestability and opposition and interference and cancellation proceedings, except where the failure to do so could not reasonably be expected to have a Material Adverse Effect.

(d) In the event that any of the Intellectual Property Collateral is infringed upon, or misappropriated or diluted by a third party, such Grantor shall (1) to the extent that a commercial tort claim (as such term is defined in the Code) arises in favor of such Grantor in connection therewith, comply with Section 5(a)(ix) of the Security Agreement and (2) unless such Grantor shall reasonably determine that such Intellectual Property Collateral is not material to the conduct of its business or operations, promptly take all commercially reasonable actions, including to sue to enjoin any such conduct and/or to recover any and all damages for such infringement, misappropriation or dilution.

5. **Security Agreement.** The security interests granted by each Grantor pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interest granted by each Grantor to Collateral Agent, on behalf of itself and the other Secured Creditors, pursuant to the Security Agreement. Each Grantor and Collateral Agent expressly agree that the security interests granted under this Intellectual Property Security Agreement and the Security Agreement in the Intellectual Property Collateral are intended to be treated as a single security interest for purposes of Article 9 of the Code and other applicable law. The exercise by the Collateral Agent or any other Secured Creditor of any rights or remedies with respect to any of the Intellectual Property Collateral shall be deemed to be an exercise of such rights or remedies in connection with both this Intellectual Property Security Agreement and the Security Agreement. In the event of any inconsistency between the terms and conditions of this Intellectual Property Security Agreement and the Security Agreement, then the terms and conditions of the Security Agreement shall prevail. All proceeds of the Collateral Agent's exercise of its rights and remedies hereunder or under the Security Agreement or applicable law with respect to all or any of the Intellectual Property Collateral shall be applied in accordance with the terms of the Intercreditor Agreement. The Collateral Agent may make distributions hereunder in cash or in kind or, on a ratable basis, in any combination thereof.

6. **Reinstatement.** This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against any Grantor for liquidation or reorganization, should any Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Secured Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Secured Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Secured Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. **Notices.** Except as otherwise provided herein, whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give and serve upon any other party any communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be given in the manner, and deemed received, as provided for in the notice provisions of the Controlling Secured Document.

8. **Termination.** Subject to Section 6 hereof, this Intellectual Property Security Agreement shall terminate upon the Termination Date. At any time and from time to time prior to the Termination Date, the Collateral Agent may release any of the Intellectual Property Collateral in accordance with the terms of the Intercreditor

Agreement. Upon any such termination of the Liens created hereunder upon the Termination Date, or any such release of Intellectual Property Collateral prior to the Termination Date, the Collateral Agent will, at the expense of the Grantors, promptly execute and deliver to the Grantors such documents as the Grantors shall reasonably request to evidence the termination of the Liens created hereby or the release of such Intellectual Property Collateral, as the case may be.

9. **Release.** Thalia Products Inc. (“Thalia”) consents and agrees that at any time, or from time to time:

(a) the Secured Creditors may, in their discretion, renew, extend or change the time of payment, and/or the manner, place or terms of payment of all or any part of the Secured Obligations; and

(b) the Collateral Agent may, in its discretion, exchange, release and/or surrender all or any of the Collateral (including the Intellectual Property Collateral), or any part thereof, by whomsoever deposited, which is now or may hereafter be held by Collateral Agent in connection with all or any of the Secured Obligations; all in such manner and upon such terms as Collateral Agent may deem proper, and without notice to or further assent from any Grantor, it being hereby agreed that each Grantor shall be and remain bound upon this Intellectual Property Security Agreement, irrespective of the value or condition of any of the Intellectual Property Collateral, and notwithstanding any such change, exchange, settlement, compromise, surrender, release, renewal or extension, and notwithstanding also that the Secured Obligations may, at any time, exceed the aggregate principal amount thereof set forth in the applicable Credit Documents or any other agreement governing any Secured Obligations. Each Grantor hereby waives notice of acceptance of this Intellectual Property Security Agreement, and also presentment, demand, protest and notice of dishonor of any and all of the Secured Obligations, and promptness in commencing suit against any party hereto or liable hereon, and in giving any notice to or of making any claim or demand hereunder upon any Grantor. No act or omission of any kind on Collateral Agent’s part shall in any event affect or impair this Intellectual Property Security Agreement.

10. **Governing Law.** THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT AND THE OBLIGATIONS ARISING HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND PERFORMED IN THAT STATE, AND ANY APPLICABLE LAWS OF THE UNITED STATES OF AMERICA. EACH GRANTOR HEREBY CONSENTS AND AGREES THAT THE STATE OR FEDERAL COURTS LOCATED IN NEW YORK COUNTY, NEW YORK, SHALL HAVE EXCLUSIVE JURISDICTION TO HEAR AND DETERMINE ANY CLAIMS OR DISPUTES AMONG ANY GRANTOR, COLLATERAL AGENT AND SECURED CREDITORS PERTAINING TO THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT OR ANY OF THE OTHER SECURITY

DOCUMENTS OR TO ANY MATTER ARISING OUT OF OR RELATING TO THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT OR ANY OF THE OTHER SECURITY DOCUMENTS, PROVIDED, THAT COLLATERAL AGENT, THE OTHER SECURED CREDITORS AND EACH GRANTOR ACKNOWLEDGE THAT ANY APPEALS FROM THOSE COURTS MAY HAVE TO BE HEARD BY A COURT LOCATED OUTSIDE OF NEW YORK COUNTY, NEW YORK, AND, PROVIDED, FURTHER, NOTHING IN THIS AGREEMENT SHALL BE DEEMED OR OPERATE TO PRECLUDE COLLATERAL AGENT FROM BRINGING SUIT OR TAKING OTHER LEGAL ACTION IN ANY OTHER JURISDICTION TO REALIZE ON THE COLLATERAL OR ANY OTHER SECURITY FOR THE SECURED OBLIGATIONS, OR TO ENFORCE A JUDGMENT OR OTHER COURT ORDER IN FAVOR OF COLLATERAL AGENT. EACH GRANTOR EXPRESSLY SUBMITS AND CONSENTS IN ADVANCE TO SUCH JURISDICTION IN ANY ACTION OR SUIT COMMENCED IN ANY SUCH COURT, AND EACH GRANTOR HEREBY WAIVES ANY OBJECTION WHICH IT MAY HAVE BASED UPON LACK OF PERSONAL JURISDICTION, IMPROPER VENUE OR FORUM NON CONVENIENS AND HEREBY CONSENTS TO THE GRANTING OF SUCH LEGAL OR EQUITABLE RELIEF AS IS DEEMED APPROPRIATE BY SUCH COURT. EACH GRANTOR HEREBY WAIVES PERSONAL SERVICE OF THE SUMMONS, COMPLAINT AND OTHER PROCESS ISSUED IN ANY SUCH ACTION OR SUIT AND AGREES THAT SERVICE OF SUCH SUMMONS, COMPLAINTS AND OTHER PROCESS MAY BE MADE BY REGISTERED OR CERTIFIED MAIL ADDRESSED TO SUCH GRANTOR AT THE ADDRESS SET FORTH IN THE APPLICABLE NOTICE SECTION OF THE CONTROLLING SECURED DOCUMENT AND THAT SERVICE SO MADE SHALL BE DEEMED COMPLETED UPON THE ACTUAL RECEIPT THEREOF.

11. **Concerning the Collateral Agent.** The provisions of the Intercreditor Agreement shall inure to the benefit of the Collateral Agent in respect of this Intellectual Property Security Agreement and shall be binding upon the parties hereto and thereto in such respect.

12. **Appointment of Co-Collateral Agents.** At any time or times, in order to comply with any legal requirement in any jurisdiction, the Collateral Agent may appoint another bank or trust company or one or more other persons, either to act as co-agent or co-agents, jointly with the Collateral Agent, or to act as separate agent or agents on behalf of the Secured Creditors with such power and authority as may be necessary for the effectual operation of the provisions hereof and may be specified in the instrument of appointment (which may, in the discretion of the Collateral Agent, include provisions for the protection of such co-agent or separate agent similar to the provisions referred to in Section 11).

13. **Expenses.** In the event that any Grantor fails to comply with the provisions of this Intellectual Property Security Agreement or any Security Document, such that the value of any Intellectual Property Collateral or the validity, perfection, rank

or value of any Lien created hereunder is thereby diminished or potentially diminished or put at risk, the Collateral Agent if requested by the Controlling Secured Creditor may, but shall not be required to, provided that an Event of Default has occurred and is continuing, effect such compliance on behalf of such Grantor, and such Grantor shall reimburse the Collateral Agent for the reasonable costs thereof on demand. All reasonable expenses of protecting, maintaining, selling and disposing of the Intellectual Property Collateral shall be borne and paid by the Grantor owning such Intellectual Property Collateral; and if such Grantor fails to promptly pay any portion thereof when due, the Collateral Agent may, at its option, but shall not be required to, pay the same and charge such Grantor's account therefor, and such Grantor agrees to reimburse the Collateral Agent therefor on demand; provided that, so long as the Collateral Agent shall be the same Person as the Lender Agent, the indemnification and reimbursement provisions of the Lender Credit Agreement (as such term is defined in the Intercreditor Agreement) shall control as to the amount and timing of the reimbursement of such expenses.
