LLC, a Delaware limited liability company (the "Assignee").

WITNESSETH

WHEREAS, reference is made to that certain Asset Purchase Agreement, dated as of October 9, 2003 (the "Asset Purchase Agreement"), by and among Fox Entertainment Group, Inc., a Delaware corporation, the Assignors, the Assignee, LA Real Estate LLC, a Delaware limited liability company (solely for purposes of Article X thereof), LA Partners LLC, a Delaware limited liability company (solely for purposes of Article V and Section 7.14 thereof), LA Holdco LLC, a Delaware limited liability company (solely for purposes of Sections 2.6, 6.6 and 7.4 and Article V thereof), and Frank H. McCourt, Jr. (solely for purposes of Article V and Sections 7.14 and 11.12 thereof); and

WHEREAS, the Asset Purchase Agreement requires the Assignors and the Assignee to execute this Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor and the Assignee hereby agree as follows:

AGREEMENT

1. Capitalized Terms. All capitalized terms used, but not otherwise defined herein, shall have the respective meanings set forth in the Asset Purchase Agreement.

2. Assignment. On the terms and subject to the conditions set forth in the Asset Purchase Agreement, the Assignors do hereby sell, convey, assign, transfer and deliver (or cause to be sold, conveyed, assigned, transferred and delivered) to the Assignee, and the Assignee does hereby purchase, acquire, accept and assume from the Assignors, free and clear of all Encumbrances, other than Permitted Encumbrances, all of the Assignors' respective rights, title and interest, in, to and under all of the Intellectual Property owned by the Sellers and included in the Acquired Assets, including, without limitation, any and all of the Assignors' ownership of, in or under:

- (a) United States or foreign patents, patent applications, continuations-in-part, divisionals, reissues, reexaminations and extensions thereof, including those set forth on Attachment I hereto;
- (b) technology, inventions (whether patentable or unpatentable and whether or not reduced to practice), processes, formulas, techniques, trade secrets, proprietary or confidential technical and business information, and know-how, together with all improvements thereto, and software (including data and related documentation), including that set forth on Attachment I hereto;
- (c) trademarks, service marks, trade names, trade dress, logos, corporate names and domain names (including any and all registration, renewals and applications in

connection therewith), and all goodwill associated with any of the foregoing, including those set forth on Attachment I hereto;

- (d) unregistered copyrights, registered copyrights and applications therefor, including those set forth on Attachment I hereto;
- (e) rights of publicity,
- (f) copies and tangible expressions or embodiments of any of the foregoing, in any format or medium, and
- (g) all causes of actions, claims and demands or other rights for, or arising from, any infringement of the foregoing intellectual property assets, and all rights corresponding thereto throughout the world.

3. Consent. Notwithstanding anything in this Assignment to the contrary, this Assignment shall not constitute an assignment of any Intellectual Property if an attempted assignment or assumption thereof, without the consent of a third party, would constitute a breach or other contravention of the rights of such third party, would be ineffective with respect to any party to an agreement concerning such Intellectual Property, or would in any way adversely affect the rights of the Assignors or, upon transfer, the Assignee under such Intellectual Property. If any transfer or assignment by the Assignors to, or any assumption by the Assignee of, any interest in, or liability, obligation or commitment under, any Intellectual Property requires the consent of a third party, then such assignment or assumption shall be made subject to such consent being obtained.

The Assignors and the Assignee shall cooperate (at their own expense) in any lawful and reasonable arrangement reasonably proposed by the Assignee under which the Assignee shall obtain the economic claims, rights and benefits under the Intellectual Property with respect to which the consent has not been obtained. Such reasonable arrangement may include the subcontracting, sublicensing or subleasing to the Assignee of any and all rights of the Assignors against the other party to such third-party agreement arising out of a breach or cancellation thereof by the other party.

4. Counterparts. This Assignment may be executed in as many counterparts as may be deemed necessary and convenient, and by the different parties hereto on separate counterparts, each of which, when so executed, shall be deemed an original, but all such counterparts shall constitute one and the same instrument.

5. Consent to Jurisdiction; Venue. Each of the parties hereto (a) irrevocably and unconditionally submits to the jurisdiction of the United States District Court for the Southern District of New York or, if such court will not accept jurisdiction, the Supreme Court of the State of New York or any court of competent civil jurisdiction sitting in New York County, New York, (b) unconditionally waives and agrees not to assert by way of motion, as a defense or otherwise any claims that it is not subject to the jurisdiction of the above courts, that such action or suit is brought in an inconvenient forum or that the venue of such action, suit or other proceeding is improper and agrees that it shall not attempt to deny or defeat such jurisdiction by motion or other request for leave from any such court and (c) agrees that it shall not bring any action relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than the United States District Court for the Southern District of New York or, if such court will not accept jurisdiction, the Supreme Court of the State of New York or any court of competent civil jurisdiction sitting in New York County, New York.

6. Governing Laws. This Assignment and the legal relations between the parties hereto shall be governed by and construed and enforced in accordance with the internal laws of the State of New York applicable to contracts made and to be performed in the State of New York, including, without limitation, Sections 5-1401 and 5-1402 of the New York General Obligations Law and New York Civil Practice Laws and Rules 327(b).
