W I T N E S S E T H:

WHEREAS, Grantor, certain of Grantor's affiliates and Lender are parties to a certain Revolving Credit and Security Agreement of even date herewith (as the same may be amended, restated, supplemented or otherwise modified and in effect from time to time, the "Credit Agreement"), providing for extensions of credit to be made to Grantor and the other Borrowers by Lender; and

WHEREAS, pursuant to that certain Credit Agreement, Grantor has granted a security interest to Lender, in, among other things, all right, title and interest of Grantor in, to and under all of the Grantor's Intellectual Property (as defined below), whether now existing or hereafter arising or acquired as security for the Obligations from time to time owing by the Credit Parties under the Credit Agreement; and

WHEREAS, Grantor is the owner of the entire right, title and interest in, to and under the Intellectual Property listed on Schedule I hereto;

NOW, THEREFORE, in consideration of the premises and to induce Lender to enter into the Credit Agreement, Grantor hereby agrees with Lender as follows:

1. Defined Terms.

(a) **Definitions.** Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided in the Credit Agreement.

(b) **Definitions of Certain Terms Used Herein.** As used herein, the following terms shall have the following meanings:

"**Copyrights**" shall mean all of the following now owned or hereafter adopted or acquired by Grantor: (i) all copyrights and General Intangibles of like nature (whether registered or unregistered), all registrations and recordings thereof, and all applications in connection therewith, including all registrations, recordings and applications in the United States Copyright Office or in any similar office or agency of the United States, any state or territory thereof, or any other country or any political subdivision thereof; and (ii) all reissues, extensions or renewals thereof.

"**Copyright Licenses**" shall mean any and all rights now owned or hereafter acquired by Grantor under any written agreement granting any right to use any Copyright or Copyright registration.

“Credit Agreement” shall have the meaning assigned to such term in the preliminary statement of this Agreement.

“Intellectual Property” shall mean all: (i) Trademarks and Trademark Licenses; (ii) Patents and Patent Licenses; (iii) Copyrights and Copyright Licenses; (iv) goodwill of the business symbolized by any Trademark, Trademark License, Patent, Patent License, Copyright or Copyright License, including, without limitation, records relating to the distribution of products or services bearing such Trademark, Patent or Copyright; (v) all customer lists and customer information, (vi) all income, fees, royalties and other payments at any time due or payable with respect to any Trademark, Patent or Copyright, including, without limitation, payments under all Licenses at any time entered into in connection therewith; (vii) books, records, writings, computer tapes or disks, flow diagrams, specification sheets, computer software, source codes, object codes, executable code, data, databases and other physical manifestations, embodiments or incorporations of any Trademark, Trademark License, Patent, Patent License, Copyright or Copyright License; (viii) the right to sue for all past, present and future infringements of any Trademark, Patent or Copyright; (ix) all other intellectual property; and (x) all common law and other rights throughout the world in and to all of the foregoing.

“IP Collateral” shall have the meaning assigned to such term in Section 2 hereof.

“Licenses” shall mean, collectively, the Trademark Licenses, the Patent Licenses, and the Copyright Licenses.

“Patents” shall mean all of the following in which Grantor now holds or hereafter acquires any interest: (i) all letters patent of the United States or any other country, all registrations and recordings thereof, and all applications for letters patent of the United States or of any other country, including registrations, recordings and applications in the United States or Patent and Trademark Office or in any similar office or agency of the United States, any State or any other country, and (ii) all reissues, continuations, continuations-in-part or extensions thereof.

“Patent Licenses” shall mean rights under any written agreement now owned or hereafter acquired by Grantor granting any right with respect to any invention on which a Patent is in existence.

“Trademarks” shall mean all of the following now owned or hereafter adopted or acquired by Grantor: (i) all trademarks, trade names, corporate names, business names, trade styles, service marks, logos, internet domain names, other source or business identifiers, prints and labels on which any of the foregoing have appeared or appear, designs and general intangibles of like nature (whether registered or unregistered), all registrations and recordings thereof, and all applications (other than intent-to-use applications) in connection therewith, including registrations, recordings and applications (other than intent-to-use applications) in the United States Patent and Trademark Office or in any similar office or agency of the United States, any state or territory thereof, or any other country or any political subdivision thereof; (ii) all reissues, extensions or renewals thereof; and (iii) all goodwill associated with or symbolized by any of the foregoing.

“Trademark Licenses” shall mean rights under any written agreement now owned or hereafter acquired by Grantor granting any right to use any Trademark.

(c) Other Definitional Provisions.

(i) The words “hereof,” “herein” and “hereunder” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement, and section and paragraph references are to this Agreement unless otherwise specified.

(ii) The meanings given to terms defined herein shall be equally applicable to both the singular and plural forms of such terms.

2. Grant of Security Interest. To secure the payment and performance of the Obligations, Grantor hereby confirms and acknowledges that it has granted, assigned and conveyed (and, to the extent not previously granted under the Credit Agreement, does hereby grant, assign and convey) to Lender, a security interest in Grantor’s entire right, title and interest in its Intellectual Property and all proprietary rights relating to or arising from such Intellectual Property, in each case whether now owned or hereafter acquired by Grantor, and including, without limitation, Grantor’s right, title and interest in and to each Intellectual Property and proprietary rights identified on Schedule I attached hereto and made a part hereof, and the right to sue for past, present and future infringements and dilutions, and all rights corresponding thereto throughout the world, and the entire goodwill of Grantor’s business connected with and symbolized by the Intellectual Property and all income, fees, royalties, proceeds and other payments at any time due or payable with respect to any of the foregoing (referred to collectively as the “IP Collateral”).

3. Protection of Intellectual Property by Grantor. Grantor shall, at its sole cost, expense and risk, undertake the following with respect to the Intellectual Property that is registered or for which Grantor has filed an application for registration (“Registered Intellectual Property”):

(a) Pay all renewal fees and other fees and costs associated with maintaining the Registered Intellectual Property and with the processing of the Registered Intellectual Property and take all other reasonable and necessary steps to maintain each registration of the Registered Intellectual Property.

(b) Take all actions reasonably necessary to prevent any of the Registered Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.

(c) Pursue the prompt, diligent processing of each application for registration which is the subject of the security interest created herein and not abandon or delay any such efforts.

(d) Take any and all action which the Grantor reasonably deems appropriate under the circumstances to protect the Registered Intellectual Property from infringement,

misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

Notwithstanding the foregoing, Grantor's obligations with respect to Sections 3(a)-(c) shall not apply to Trademarks that should not, in Grantor's reasonable business judgment, consistent with past practice, be maintained.

4. Representations and Warranties. Grantor represents and warrants that:

(a) Schedule I is a true, correct and complete list of all Registered Intellectual Property owned by Grantor as of the date hereof.

(b) Except as set forth in Schedule I, none of the Registered Intellectual Property is the subject of any licensing or franchise agreement pursuant to which Grantor is the licensor or franchisor.

(c) Except as set forth in Schedule I, the Intellectual Property is valid and enforceable and no claim has been made that the use of any of the Intellectual Property does or may violate the rights of any third person, and no material claim has been asserted and is pending by any Person challenging or questioning the use by Grantor of any of the Intellectual Property owned by Grantor or the validity or effectiveness of any of the Intellectual Property owned by Grantor, nor does Grantor know of any valid basis for any such claim.

(d) Grantor owns, or is licensed to use, all Intellectual Property necessary for the conduct of its business as currently conducted, and Grantor has a valid license to use or is the sole and exclusive owner of the entire right, title and interest in, under and to, free and clear of any liens, charges and encumbrances, the Intellectual Property, other than Permitted Liens and Liens in favor of Lender.

(e) No holding, decision or judgment has been rendered by any Governmental Authority which would limit, cancel or question the validity of, or Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of Grantor.

(f) Grantor has the legal right and authority to enter into this Agreement and perform its terms.

(g) Grantor shall give Lender prompt written notice (with reasonable detail) following the occurrence of any of the following:

(i) Grantor obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property.

(ii) Grantor becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor.

(iii) Grantor entering into any new Licenses.

(b) Any money damages awarded or received by Grantor on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(a) Grantor first provides Lender with written notice of its intention to sue for enforcement of any Intellectual Property. If, in the reasonable opinion of Lender, Grantor has failed to take appropriate action within thirty (30) days after such notice is given to Lender, upon notice to Grantor, Lender may (but shall not be required to) itself take such action in the name of Grantor.

7. **Grantor's Rights To Enforce Intellectual Property.** Prior to Lender's giving of notice to Grantor (i) following the occurrence and during the continuance of an Event of Default or (ii) pursuant to Section 8(a) below, Grantor shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property including the right to seek injunctions and/or money damages, in an effort by Grantor to protect the Intellectual Property against encroachment by third parties, *provided, however:*
