In consideration of the mutual covenants contained herein and benefits to be derived herefrom, the parties hereto agree as follows:

WITNESSETH:

WHEREAS, the Grantor is a party to a certain Credit Agreement dated as of even date herewith (as the same may be amended, modified, supplemented or restated hereafter, the "Credit Agreement") by and among others, (i) the Grantor, as borrower thereunder, (ii) the Lenders named therein (the "Lenders"), and (iii) the Administrative Agent as Administrative Agent; and

WHEREAS, the Grantor has entered into a certain Security Agreement of even date herewith in favor of the Administrative Agent and the Secured Parties (as such may be amended, modified, supplemented or restated hereafter, the "Security Agreement"), pursuant to which Security Agreement the Grantor has granted the Administrative Agent, for the benefit of itself and the Secured Parties, a security interest in the "Collateral" as defined in the Security Agreement; and

WHEREAS, the Lenders have agreed to make Term Loans to the Grantor, pursuant to, and upon the terms and subject to the conditions specified in the Credit Agreement; and

3.1 Pay all renewal fees and other fees and costs associated with maintaining each and every item of Material Intellectual Property and with the processing of each and every item of Material Intellectual Property and take all other reasonable and necessary steps to maintain each registration of each and every item of Material Intellectual Property.

3.2 Take all actions reasonably necessary to prevent any of the Material Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.

3.3 At the Grantor's sole cost, expense, and risk, pursue the prompt, diligent processing of each application for registration of any Material Intellectual Property and not abandon or delay any such efforts.

3.4 At the Grantor's sole cost, expense, and risk, take any and all action which the Grantor reasonably deems appropriate under the circumstances to protect each and every item of Material Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

SECTION 4

Grantor's Representations and Warranties

In addition to any representations and warranties contained in any other Loan Documents, the Grantor represents and warrants that:

4.1 Exhibit A is a true, correct and complete list of all Copyrights and Copyright Licenses owned by the Grantor as of the date hereof.

4.2 Exhibit B is a true, correct and complete list of all Patents and Patent Licenses owned by the Grantor as of the date hereof.

4.3 Exhibit C is a true, correct and complete list of all Trademarks and Trademark Licenses owned by the Grantor as of the date hereof.

4.4 Except as set forth in Exhibits A, B and C, none of the Intellectual Property is the subject of any licensing or franchise agreement pursuant to which the Grantor is the licensor or franchisor.

4.5 All IP Collateral is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Encumbrances, Liens in favor of the Administrative Agent and Liens permitted by Section 6.02 of the Credit Agreement.

4.6 The Grantor owns, or is licensed to use, all Material Intellectual Property necessary for the conduct of its business as currently conducted. No material claim has been asserted and is pending by any Person challenging or questioning the use by the Grantor of any of the Material Intellectual Property owned by the Grantor or the validity or effectiveness of any of the Material Intellectual Property owned by the Grantor, nor does the Grantor know of any valid basis for any such claim, except as otherwise set forth in the Credit Agreement. To the knowledge of the Grantor, the use by the Grantor of the Material Intellectual Property does not infringe the rights of any Person in any material respect. No holding, decision or judgment has been rendered by any Governmental Authority which would limit, cancel or question the validity of, or the Grantor's rights in, any Material Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of the Grantor.

4.7 The Grantor shall give the Administrative Agent written notice (with reasonable detail) within ten (10) days following the occurrence of any of the following:

(a) The Grantor's obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property (other than the Grantor's right to sell products containing the trademarks of others in the ordinary course of the Grantor's business).

(b) The Grantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than the Grantor's right to sell products containing the trademarks of others in the ordinary course of the Grantor's business).

(c) The Grantor's entering into any new Licenses pursuant to Section 5.01(g) of the Credit Agreement.

(d) The Grantor's knowing, that any application or registration relating to any material Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding the Grantor's ownership of, or the validity of, any material Intellectual Property or the Grantor's right to register the same or to own and maintain the same.

SECTION 5

Agreement Applies to Future Intellectual Property

5.1 The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (a), (b) and (c) of Section 4.7, above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement.

5.2 The Grantor shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Administrative Agent may reasonably request to evidence the Administrative Agent's security interest in any Copyright, Patent or Trademark and the goodwill and General Intangibles of the Grantor relating thereto or represented thereby (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and the Grantor hereby authorizes the Administrative Agent to file all such writings for the foregoing purposes; *provided, however*, the Administrative Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 6

Grantor's Rights To Enforce Intellectual Property

Prior to the Administrative Agent's giving of notice to the Grantor (i) following the occurrence of an Event of Default or (ii) pursuant to Section 6.1 below, the Grantor shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property including the right to seek injunctions and/or money damages, in an effort by the Grantor to protect the Intellectual Property against encroachment by third parties, *provided, however*:

6.1 The Grantor shall provide the Administrative Agent with written notice of any infringement of any Material Intellectual Property as provided in Section 5.02 of the Credit Agreement. If the Grantor fails to take appropriate action, and such failure would reasonably likely result in a Material Adverse Effect, upon notice to the Grantor, the Administrative Agent may (but shall not be required to) itself take such action in the name of the Grantor, with any damages recovered in such action, net of costs and attorneys' fees reasonably incurred, to be applied as provided in Section 6.2 of the Security Agreement.

6.2 Any money damages awarded or received by the Grantor on account of such suit (or the threat of such suit) shall constitute IP Collateral.

6.3 Following the occurrence of any Event of Default, the Administrative Agent, by notice to the Grantor may terminate or limit the Grantor's rights under this Section 6.

SECTION 7

Administrative Agent's Actions To Protect Intellectual Property

In the event of:

- (a) the Grantor's failure, within five (5) days of written notice from the Administrative Agent, to cure any failure by the Grantor to observe or perform any of the Grantor's covenants, agreements or other obligations hereunder; and/or
- (b) the occurrence and continuance of any other Event of Default,

the Administrative Agent, acting in its own name or in that of the Grantor, may (but shall not be required to) take such action or perform such covenants, agreements or obligations, at the expense of the Grantor.

SECTION 8

Rights Upon Default

Upon the occurrence of any Event of Default, in addition to all other rights and remedies of the Administrative Agent set forth in the other Loan Documents, the Administrative Agent shall be entitled to exercise all rights and remedies of a secured party upon default under the Uniform Commercial Code as adopted in the State of New York, with respect to the Intellectual Property, in addition to which the Administrative Agent may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property in any manner, in whole or in part, as the Administrative Agent may determine from time to time in its discretion. Any person may conclusively rely upon an affidavit of an officer of the Administrative Agent that an Event of Default has occurred and that the Administrative Agent is authorized to exercise such rights and remedies.

SECTION 9

Administrative Agent As Attorney In Fact

9.1 The Grantor hereby irrevocably constitutes and designates the Administrative Agent as and for the Grantor's attorney in fact, effective following the occurrence and during the continuance of an Event of Default:

- (a) To supplement and amend from time to time Exhibits A, B and C of this Agreement to include any new or additional Intellectual Property of the Grantor.
- (b) To exercise any of the rights and powers of the Administrative Agent referenced herein.
- (c) To execute all such instruments, documents, and papers as the Administrative Agent determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property.

9.2 The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated by a duly authorized officer of the Administrative Agent.

9.3 The Administrative Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9.1, but if the Administrative Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to the Grantor

for any act or omission to act except for any act or omission to act as to which there is a final determination made in a judicial proceeding (in which proceeding the Administrative Agent has had an opportunity to be heard) which determination includes a specific finding that the subject act or omission to act had been grossly negligent or willful misconduct.

SECTION 10

Administrative Agent's Rights

The rights of the Administrative Agent with respect to the Intellectual Property, in connection with the exercise of the Administrative Agent's rights and remedies under this Agreement, the Security Agreement, and the Credit Agreement after the occurrence and during the continuance of an Event of Default, shall be coextensive with the Grantor's rights with respect thereto and without any liability for royalties or other related charges.

SECTION 11

Intent

This Agreement is being executed and delivered by the Grantor for the purpose of registering and confirming the grant of the security interest of the Administrative Agent in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest granted to the Administrative Agent, for the ratable benefit of the Administrative Agent and the Lenders, under the Security Agreement. All provisions of the Security Agreement shall apply to the IP Collateral. The Administrative Agent shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the IP Collateral as in all other Collateral. In the event of a conflict between this Agreement and the Security Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the Security Agreement with respect to all other Collateral.

SECTION 12

Further Assurances

Grantor will execute any and all further documents, financing statements, agreements and instruments, and take all such further actions (including the filing and recording of financing statements and other documents), that may be required under any Applicable Law, or which the Administrative Agent may reasonably request, to grant, preserve, protect or perfect the Lien created or intended to be created hereby or the validity or priority of such Lien, all at the expense of Grantor. The Grantor also agrees to provide to the Administrative Agent, from time to time

upon request, evidence reasonably satisfactory to the Administrative Agent as to the perfection and priority of the Lien created or intended to be created hereby.

SECTION 13**Governing Law**

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE ON NEW YORK (WITHOUT REGARD TO ITS PRINCIPLES RELATING TO CHOICE AND CONFLICTS OF LAW).
