ASSIGNMENT OF MARKS

THIS ASSIGNMENT OF MARKS is dated as of March 17, 2006 ("Assignment"), and is made from Radiant Technology Corporation, a California corporation with its principal place of business at 1335 South Acacia Avenue, Fullerton, CA 92831 (the "Assignor") on the one hand, to BTU International, Inc., a Delaware corporation with its principal place of business at 23 Esquire Road, North Billerica, MA 01862 ("Assignee") on the other hand.

WHEREAS, Assignor has adopted and used and is using in commerce certain trademarks associated with its Business both within and outside the United States, including without limitation the marks set forth in the attached Schedule A and any marks that are the same or confusingly similar thereto, (collectively the "Marks"); and

WHEREAS, pursuant to the Asset Purchase Agreement dated as of January 30, 2006, (the "Purchase Agreement") Assignee wishes to acquire from Assignor, and Assignor wishes to transfer to Assignee, inter alia, said Marks and the goodwill associated with the Marks;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignment of Rights. Assignor assigns to Assignee all rights, title, and interests in and to the Marks, including without limitation the goodwill of the business symbolized by the Marks, all registrations and applications for registration thereof, if any, all common law rights in the Marks, all rights of action accrued and to accrue under and by virtue thereof, including without limitation the right to sue and recover for past infringement of said Marks, and all records and files relating to said Marks.

2. Further Assurances. Assignor agrees to provide all assistance reasonably requested by Assignee to fulfill the purposes of this Assignment, including executing further consistent assurances, confirmation, assignments, transfers, and releases, and providing good faith testimony by affidavit, declaration, deposition, or other means. If for any reason Assignee is unable, after reasonable effort, to secure Assignor's signature on any document needed to procure or perfect Assignee's interest in any of the Marks, Assignor hereby appoints Assignee as their attorney in fact, with full power of substitution, on behalf of the Assignor and for the benefit of Assignee, to execute and enter into any documentation relating to the Marks, to secure recordation or registration of the Marks and of this Assignment, to demand and receive any and all of the Marks, to give receipts and releases for and in respect of the Marks, to institute and prosecute in the name of the Assignor any proceedings at law, in equity, or otherwise, and to take any other action Assignee deems necessary or desirable to perfect or enforce its rights in the Marks. Assignor stipulates and agrees that such appointment is a right coupled with an interest and will survive the incapacity or unavailability of the Assignor at any future time.

3. No Conflicting Uses. Assignor further covenants that it will cease and desist all uses of the Marks throughout the world, and that it will not oppose or otherwise impede any effort by Assignee to enforce or procure registration for any of the Marks before any administrative, government or other tribunal.

4. Definitions. Unless otherwise defined herein, capitalized terms used in this

Assignment shall have the meanings given to them in the Purchase Agreement.

5. Governing Law. This Assignment will be governed by the laws of The Commonwealth of Massachusetts without regard to its conflicts of laws principles.
