## 3. WARRANTIES AND COVENANTS

A. Subject to any exceptions or qualifications as set forth in Section 8.1.16 of the Loan Agreement, all of the existing Intellectual Property Collateral is valid and subsisting in full force and effect to such Debtor's knowledge, and such Debtor owns sole, full, and clear title thereto, and has the right and power to grant the security interests granted hereunder. Each Debtor will, at such Debtor's expense, perform all acts and execute all documents reasonably necessary to maintain the existence of the Intellectual Property Collateral as valid, subsisting and registered trademarks and patents, including, without limitation, the filing of any renewal affidavits and applications. The Intellectual Property Collateral is not subject to any lien, security interest, claim or encumbrance ("Lien"), except the security interest granted hereunder, the licenses, if any, which are specifically described in Schedule C hereto and Permitted Liens.

B. Debtors will not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or Lien upon, encumber, grant an exclusive or non-exclusive license relating thereto (other than licenses in the ordinary course of business to customers of Debtors), except to Secured Party, or otherwise dispose of any of the Intellectual Property Collateral without the prior written consent of Secured Party except as permitted by the Loan Agreement.

C. Each Debtor will, at such Debtor's expense, perform all acts and execute all documents reasonably requested at any time by Secured Party to evidence, perfect, maintain, record, or enforce the security interest in the Intellectual Property Collateral granted hereunder or to otherwise further the provisions of this Agreement. Each Debtor hereby authorizes Secured Party to file one or more financing statements (or similar documents) with respect to the Intellectual Property Collateral. Each Debtor further authorizes Secured Party to have this or any other similar security agreement filed with the Commissioner of Patents and Trademarks or other appropriate federal, state or government office and shall pay any associated filing fees.

D. Each Debtor will, concurrently with the execution and delivery of this Agreement, execute and deliver to Secured Party five originals of a Power of Attorney in the form of Exhibit 1 annexed hereto for the implementation of the assignment, sale or other disposition of the Intellectual Property Collateral pursuant to Secured Party's exercise of the rights and remedies granted to Secured Party hereunder. Secured Party agrees it will only exercise the Power of Attorney upon the occurrence and during the continuance of an Event of Default.

E. Secured Party may, in its sole discretion, pay any amount or do any act which any Debtor fails to pay or do as required hereunder or as requested by Secured Party to maintain and preserve the Intellectual Property Collateral, defend, protect, record, amend or enforce the Obligations, the Intellectual Property Collateral, or the security interest granted hereunder including but not limited to, all filing or recording fees, court costs, collection charges and reasonable attorneys' fees. F. As of the date hereof, Debtors do not have any Trademarks or Patents registered, or subject to pending applications, in the United States Patent and Trademark Office or any similar office or agency in the United States of America other than those described in Schedules A and B annexed hereto.

G. Each Debtor shall notify Secured Party in writing of the filing of any application by such Debtor for the registration of a Trademark or Patent with the United States Patent and Trademark Office or any similar office or agency in the United States of America or any State therein within thirty days of such filing. Upon request of Secured Party, Debtors shall execute and deliver to Secured Party any and

all amendments to this Agreement as may be requested by Secured Party to evidence the security interests of Secured Party in such Trademark or Patent.

H. Debtors have not abandoned any of the Trademarks or Patents material to the conduct of its business and Debtors will not do any act, nor omit to do any act, whereby such Trademarks or Patents may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable. Each Debtor shall notify Secured Party immediately if such Debtor knows or has reason to know of any reason why any such application, registration, or recording may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable.

I. Each Debtor will take such actions in any proceeding before the United States Patent and Trademark Office, any federal or state court, or any similar office or agency in the United States of America or any State therein or any other country as are necessary to maintain such application and registration of the Trademarks or Patents material to the conduct of such Debtor's business as such Debtor's exclusive property and to protect Secured Party's interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings.

J. Each Debtor will promptly notify Secured Party if such Debtor (or any affiliate or subsidiary thereof) learns of any use by any Person of any term or design likely to cause confusion with any Trademark or of any use by any Person of any other process or product which infringes upon any Patent or Trademark. If requested by Secured Party, such Debtor, at such Debtor's expense, shall take such action as Secured Party, in Secured Party's reasonable discretion, may deem advisable for the protection of Secured Party's interest in and to the Trademarks or Patents material to the conduct of such Debtor's business.

K. Each Debtor will maintain the quality of the products associated with the Trademarks at a level consistent with the quality at the time of this Agreement. Each Debtor hereby grants to Secured Party the right to visit such Debtor's plants and facilities which manufacture or store products sold under any of the Trademarks and to inspect the products and quality-control records relating thereto at such times as permitted in the Loan Agreement.

#### 4. RIGHTS AND REMEDIES

Upon the occurrence of and during the continuance of an Event of Default, in addition to all other rights and remedies of Secured Party, whether provided under applicable law, the Loan Documents or otherwise, and after expiration of any grace period, Secured Party shall have the following rights and remedies which may be exercised without notice to, or consent by, Debtors, except as such notice or consent is expressly provided for hereunder or under the Loan Agreement and except as otherwise provided by applicable law.

A. Secured Party may make use of any Trademarks or Patents for the sale of goods or rendering of services in connection with enforcing any other security interest granted to Secured Party by Debtors or any Subsidiary of Debtors.

B. Secured Party may grant such license or licenses relating to the Intellectual Property Collateral for such term or terms, on such conditions, and in such manner as Secured Party shall in its sole discretion deem appropriate. Such license or licenses may be general, special, or otherwise and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and all foreign countries.

C. Secured Party may assign, sell, or otherwise dispose of the Intellectual Property Collateral or any part thereof, either with or without special conditions or stipulations, except that Secured Party agrees to provide Debtors with ten days prior written notice of any proposed disposition of the Intellectual Property Collateral. Secured Party shall have the power to buy the Intellectual Property Collateral or any part thereof, and Secured Party shall also have the power to execute assurances and perform all other acts which Secured Party may, in Secured Party's sole discretion, deem appropriate or proper to complete such assignment, sale or disposition. In any such event, Debtors shall be liable for any deficiency.

D. In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Intellectual Property Collateral pursuant to subparagraph 4C hereof, Secured Party may at any time execute and deliver on behalf of Debtors, pursuant to the authority granted in the Powers of Attorney described in subparagraph 3D hereof, one or more instruments of assignment of the Trademarks or Patents (or any application, registration, or recording relating thereto), in form suitable for filing, recording or registration. Each Debtor agrees to pay Secured Party on demand all costs incurred in any such transfer of the Intellectual Property Collateral of such Debtor, including, but not limited to, any taxes, fees, and reasonable attorneys' fees.

E. Secured Party may apply the proceeds actually received from any such license, assignment, sale or other disposition of Intellectual Property Collateral first to the reasonable costs and expenses thereof, including, without limitation, reasonable attorneys' fees and all legal, travel, and other expenses which may be incurred by Secured Party. Thereafter, Secured Party may apply any remaining proceeds to such of the Obligations as Secured Party may in its sole discretion determine. Debtors shall remain liable to Secured Party and Lenders for any expenses or obligations remaining unpaid after the application of such proceeds, and Debtors will pay Secured Party on demand any such unpaid amount, together with interest at the default rate set forth in the Loan Agreement.

F. In the event that any such license, assignment, sale or disposition of the Intellectual Property Collateral (or any part thereof) is made after the occurrence and during the continuance of an Event of Default, each Debtor shall supply to Secured Party or Secured Party's designee such Debtor's knowledge and

expertise relating to the manufacture and sale of the products and services bearing the Trademarks or to which the Patents relate and such Debtor's customer lists and other records relating to the Trademarks and Patents and the distribution thereof.

Nothing contained herein shall be construed as requiring Secured Party to take any such action at any time. All of Secured Party's rights and remedies, whether provided under law, this Agreement, the other Loan Documents, or otherwise, shall be cumulative and none is exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

5. MISCELLANEOUS

A. Any failure or delay by Secured Party to require strict performance by Debtors of any of the provisions, warranties, terms and conditions contained herein or in any other agreement, document, or instrument, shall not affect Secured Party's right to demand strict compliance and performance therewith, and any waiver of any Event of Default shall not waive or affect any other Event of Default, whether prior or subsequent thereto, and whether of the same or of a different type. E. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors and assigns. No provision hereof shall be modified, altered or limited except by a written instrument expressly referring to this Agreement signed by the party to be charged thereby.
