Unless otherwise defined herein, capitalized terms used herein shall have the meanings set forth in the Indenture (as defined below).

WHEREAS, the Co-Assignors and the Assignee are entering into a Base Indenture, dated as of the date hereof (the "Base Indenture," and as amended, modified or supplemented from time to time and each Series Supplement executed pursuant to the Base Indenture, as amended, modified or supplemented from time to time, collectively, the "Indenture"), whereby the Co-Assignors may from time to time issue Notes upon the terms and subject to the conditions of the Indenture; and

WHEREAS, pursuant to the Indenture, the Co-Assignors have agreed to execute and deliver to the Assignee this IP Security Agreement to secure the Notes and the prompt and complete payment and observance and performance of the Secured Obligations;

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Co-Assignors and the Assignee hereby agree as follows:

1. Defined Terms. The following terms shall have the following meaning in this IP Security Agreement:

(a) "After-Acquired IP Assets": (a) Any variations on, and applications and registrations for, the IHOP Brand not in existence as of the Closing Date and (b) any Intellectual Property, throughout the world, that is created, developed or acquired by the Assignor, IHOP Corp., the Servicer, IHOP Holdings, LLC or any other Securitization Entity or any Affiliate of the foregoing after the date hereof and during the term of the IP License Agreement that (i) relates to any business, products or services offered under the IHOP Brand or (ii) is based on or derivative of the IP Assets.

(b) "Grant": To grant, hypothecate, mortgage, pledge, create and grant a security interest in and right of set off against, deposit, set over and confirm. A Grant of the Collateral (including the Franchise Assets or any other agreement, security or instrument) shall include all rights, powers and options (but none of the obligations) of the granting party thereunder, including without limitation the immediate continuing right to claim for, collect, receive and receipt for principal, interest and fee payments in respect of the Collateral (including the Franchise Assets or any other agreement, security or instrument), and all other Cash payable thereunder, to give and receive notices and other communications, to make waivers or other agreements, to exercise all rights and options, to bring Proceedings in the name of the granting party or otherwise, and generally to do and receive anything that the granting party is or may be entitled to do or receive thereunder or with respect thereto.

(c) "IHOP Brand": The name and mark "IHOP" or "International House of Pancakes", alone or in combination with other words or symbols, any variation or derivative thereof, and any names and marks confusingly similar thereto.

(d) "Intellectual Property": All (i) Trademarks, (ii) patents and industrial designs (including any continuations, divisionals, continuations in part, renewals, reissues, and applications for any of the foregoing) ("Patents"), (iii) rights in computer programs, documentation and databases, including copyrights therein ("Software"); (iv) copyrights unpublished and published works ("Copyrights"), (v) trade secrets and other confidential information including but not limited to recipes, operating procedures, proprietary software and documentation and know-how and (vi) any registration, applications for registration or issuance, recordings, renewals and extensions relating to any of the foregoing.

(e) "IP Assets": The IHOP Brand and all (i) Intellectual Property relating to the IHOP Brand owned by the Co-Assignor as of the date hereof including, but not limited to, the Intellectual Property transferred to the Co-Assignor pursuant to the applicable Asset Transfer Agreements and (ii) any After-Acquired IP Assets.

(f) "IP License Agreement": The Intellectual Property License Agreement, dated as of the Closing Date, between the Co-Assignor and the Assignor, as amended, modified or supplemented from time to time

(g) "Licensed IP": The IP Assets licensed to Assignor pursuant to the IP License Agreement.

(h) "Trademarks": All trademarks, service marks, trade names, Internet domain names, trade dress, designs, logos, slogans, or other indications of origin, and general intangibles of like nature, whether registered or unregistered, together with all registrations and applications therefore and all goodwill of any business connected with the use of and symbolized thereby.

2. Grant of Security Interest. Each of the Co-Assignors hereby Grants to the Assignee, for its own benefit and security and for the benefit and security of the other Secured Parties, all of the Assignor's and the Co-Assignor's assets, respectively, including each of the Co-Assignors' right, title and interest in, to and under, in each case, whether now owned or existing, or hereafter acquired or arising, in all of the following:

(a) the IP Assets, including, without limitation, the Trademarks, Patents and Copyrights which are the subject of the registrations and applications referred to on Schedule A hereto (as such schedule may be amended or supplemented from time to time) and the right to bring an action at law or in equity for any infringement, dilution or violation thereof occurring prior to, on or after the Closing Date, and to collect all damages, settlement and proceeds relating thereto;

(b) the IP License Agreement;

(c) with respect to the Grant by the Assignor, the Assignor's rights in the Licensed IP granted by the Co-Assignor to the Assignor to secure the Co-Assignor's obligations under the IP License Agreement; and

(d) all payments, proceeds and accrued and future rights to payment with respect to the foregoing (the assets, rights and interests described in clauses (a) and (b) of these Granting Clauses, subject to the proviso below, collectively referred to herein as the "IP Collateral").

provided that the IP Collateral shall not include, with respect to the Assignor and the Co-Assignor, any rights to use third party Intellectual Property to the extent that such rights are not assignable; *provided, further*, that any applications for trademarks and service marks filed in the U.S. Patent and Trademark Office on the basis of the applicant's intent to use such mark pursuant to 15 U.S.C. Section 1051, shall not be included in the IP Collateral unless and until evidence of use of such mark in interstate commerce is submitted to the PTO pursuant to 15 U.S.C. Section 1060(a), whereupon, such application shall be deemed automatically included in the IP Collateral.

Such Grants are made, however, in trust, to secure the Notes equally and ratably without prejudice, priority or distinction between any Note and any other Note by reason of difference in time of issuance or otherwise, except as expressly provided in the Indenture, and to secure the prompt and complete payment and observance and performance of the Secured Obligations.

3. Rights and Remedies of Assignee. The Grant under this IP Security Agreement is granted in conjunction with the Grant to the Assignee under the Indenture. The rights and remedies of the Assignee with respect to the Grant granted under this IP Security Agreement are in addition to those rights and remedies set forth in the Indenture and those which are now or hereafter available to the Assignee as a matter of law or equity. The exercise by the Assignee of any one or more of the rights or remedies provided for in this IP Security Agreement, the Indenture, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any Person, including the Assignee, of any or all other rights or remedies. In the event that any of the terms of this IP Security Agreement conflict with the terms of the Indenture, the Assignee shall, in its sole discretion, determine which term is to prevail.

4. Termination of Agreement. This IP Security Agreement shall terminate upon termination of the Indenture.

5. Governing Law. THIS IP SECURITY AGREEMENT SHALL BE GOVERNED BY THE INTERNAL LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CHOICE OF LAW RULES (OTHER THAN SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW).

6. Successors and Assigns. All covenants and agreements in this IP Security Agreement by each of the Co-Assignors shall bind its successors and assigns, whether so expressed or not. Any assignment of this IP Security Agreement without the written consent of each Series Controlling Party shall be null and void.

7. Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.
