SECOND-LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT

This SECOND-LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "Second-Lien IP Security Agreement"), dated as of February 28, 2007, among the Persons listed on the signature pages hereof (collectively, the "Grantors"), and MORGAN STANLEY & CO. INCORPORATED, as collateral agent for the Secured Parties (in such capacity, together with its successors in such capacity, the "Collateral Agent").

A. Capitalized terms used herein and not otherwise defined herein (including terms used in the preamble and the recitals) shall have the meanings assigned to such terms in the Second-Lien Security Agreement, dated as of February 28, 2007 (the "Second-Lien Security Agreement"), among Fenwal Holdings, Inc., a Delaware corporation (Holdings), Fenwal, Inc., a Delaware corporation (the "Borrower"), each of the subsidiaries of the Borrower listed on the signature pages hereof (each such subsidiary, individually, a "Subsidiary Grantor" and, collectively, the "Subsidiary Grantors"; and, together with Holdings and the Borrower, collectively, the "Grantors"), and the Collateral Agent.

B. The rules of construction and other interpretive provisions specified in Sections 1.02, 1.05, 1.06 and 1.07 of the Second-Lien Credit Agreement shall apply to this Supplement, including terms defined in the preamble and recitals hereto.

C. Pursuant to Section 4.4(e) of the Second-Lien Security Agreement, each Grantor has agreed to execute or otherwise authenticate this Second-Lien IP Security Agreement for recording the Security Interest granted under the Second-Lien Security Agreement to the Collateral Agent in such Grantor's United States Registered Intellectual Property with the United States Patent and Trademark Office (the "USPTO") and the United States Copyright Office (the "USCO") and any other United States Governmental Authorities necessary or advisable to perfect the Security Interest hereunder in such United States Registered Intellectual Property.

Accordingly, the Collateral Agent and Grantors agree as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, a security interest in and continuing lien on all of such Grantor's right, title and interest in and to the following (collectively, the "Collateral"):

(a) all trademarks, service marks, domain names, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, slogans, other source or business identifiers, whether registered or unregistered, and all registrations and applications for registration filed in connection with the foregoing, including registrations and applications for registration in the USPTO or any similar offices in any State of the United States, and all extensions or renewals thereof, and all goodwill associated therewith or symbolized thereby, including, without limitation, the United States Trademark registrations and applications set forth in Schedule A hereto,

(b) all letters patent of the United States, all registrations and recordings thereof, and all applications for letters patent of the United States, including patent registrations, statutory invention registrations, utility models, recordings and pending applications in the USPTO, and

all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and all proprietary inventions disclosed or claimed in the above and all improvements thereto, including the right to make, use and/or sell the inventions disclosed or claimed therein, including, without limitation, the United States Patent registrations and applications set forth in Schedule B hereto,

(c) all copyright rights in any work subject to the copyright laws of the United States, whether registered or unregistered, including copyrights in computer software and the content thereof, and internet web sites, registrations and applications for registration of any such copyright in the United States, including registrations, recordings, supplemental registrations and pending applications for registration in the USCO, and renewals and extensions thereof and thereto, including, without limitation, the United States Copyright registrations and applications set forth in Schedule C hereto, and

(d) to the extent not covered by the foregoing, all Proceeds of each of the foregoing.

Notwithstanding any other provision herein, this Second-Lien Intellectual Property Security Agreement shall not constitute a grant of a security interest in any United States intent-to-use trademark or service mark applications filed in the USPTO pursuant to 15 U.S.C. § 1051 Section 1(b), unless and until evidence of use of the mark in interstate commerce is accepted by the USPTO pursuant to 15 U.S.C. § 1051 Section 1(c) or Section 1(d).

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this Second-Lien IP Security Agreement secures the payment of all amounts that constitute part of the Obligations and would be owed to the Collateral Agent or the Secured Parties but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving any Grantor.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents, the Commissioner for Trademarks and any other applicable United States Governmental Authority record this Second-Lien IP Security Agreement.

SECTION 4. Grants, Rights and Remedies. This Second-Lien IP Security Agreement has been entered into in conjunction with the provisions of the Second-Lien Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Second-Lien Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Second-Lien IP Security Agreement and the terms of the Second-Lien Security Agreement, the terms of the Second-Lien Security Agreement shall govern.

SECTION 5. Counterparts. This Second-Lien IP Security Agreement may be executed by one or more of the parties to this Second-Lien IP Security Agreement on any number of separate counterparts (including by facsimile or other electronic transmission (i.e. a

'pdf or "tif"), and all of said counterparts taken together shall be deemed to constitute one and the same instrument.

SECTION 6. GOVERNING LAW. THIS SECOND-LIEN IP SECURITY AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK (INCLUDING, WITHOUT LIMITATION, SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK), WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES, EXCEPT AS OTHERWISE REQUIRED BY MANDATORY PROVISIONS OF LAW AND EXCEPT TO THE EXTENT THAT REMEDIES PROVIDED BY THE LAWS OF ANY JURISDICTIONS OTHER THAN NEW YORK ARE GOVERNED BY THE LAWS OF SUCH JURISDICTIONS.

SECTION 7. Severability. Any provision of this Second-Lien IP Security Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof and in the Second-Lien Security Agreement, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All notices, requests and demands pursuant hereto shall be made in accordance with Section 14.02 of the Second-Lien Credit Agreement. All communications and notices hereunder to each Grantor shall be given to it in care of the Borrower at the Borrower's address as described in Section 14.02 of the Second-Lien Credit Agreement.

SECTION 9. Expenses. Each Grantor agrees to reimburse the Collateral Agent for its reasonable and documented out-of-pocket expenses in connection with this Second-Lien IP Security Agreement, including the reasonable and documented fees, other charges and disbursements of counsel for the Collateral Agent.

SECTION 10. Intercreditor Agreement Governs. Notwithstanding any other provision contained herein, this Second-Lien IP Security Agreement, the liens created hereby and the rights, remedies, duties and obligations provided for herein are subject in all respects to the provisions of the Intercreditor Agreement and, to the extent provided therein, the First-Lien Security Documents (as such term is defined in the Intercreditor Agreement). In the event of any conflict or inconsistency between the provisions of this Second-Lien IP Security Agreement and the Intercreditor Agreement that relates solely to the rights or obligations of, or relationship between, the First-Lien Secured Parties and the Second-Lien Secured Parties (as each such term is defined in the Intercreditor Agreement), the provisions of the Intercreditor Agreement shall control.

IN WITNESS WHEREOF, each Grantor and the Collateral Agent have duly executed this Second-Lien Intellectual Property Security Agreement as of the day and year first above written.
