ACCORDINGLY, in consideration of the mutual covenants contained in the Credit Agreement and herein, the parties hereby agree as follows:

1. Definitions. All terms defined in the Recitals hereto or in the Credit Agreement that are not otherwise defined herein shall have the meanings given to them therein, with such definitions being incorporated by reference. In addition, the following terms have the meanings set forth below:

“Event of Default” has the meaning given such term in the Credit Agreement.

“Lender Parties” has the meaning given such term in the Credit Agreement.

“Obligations” has the meaning given such term in the Credit Agreement.

“Patents” means all of the Debtors’ right, title and interest in each of the following related to the design, manufacture, sale and distribution of Inventory: (i) patents or applications for patents; (ii) fees or royalties with respect to each, and including without limitation the right to sue for past infringement and damages therefor; and (iii) licenses thereunder, all as presently existing or hereafter arising or acquired, including without limitation the patents listed on Exhibit A.

“Security Interest” has the meaning given in paragraph 2.

“Trademarks” means all of the Debtors’ right, title and interest in each of the following related to the design, manufacture, sale and distribution of Inventory: (i) trademarks, service marks, collective membership marks, registrations and applications for registration for each, and the respective goodwill associated with each; (ii) licenses, fees or royalties with respect to each; (iii) the right to sue for past, present and future infringement, dilution and damages therefor; and (iv) licenses thereunder, all as presently existing or hereafter arising or acquired, including, without limitation, the marks listed on Exhibit B.

2. Security Interest. Each Debtor hereby irrevocably pledges and assigns to, and grants the Secured Party, for the benefit of the Lender Parties, a security interest (the “Security Interest”), in the Patents and in the Trademarks to secure payment of the Obligations. As set forth in the Credit Agreement, the Security Interest is coupled with a security interest in the Collateral of such Debtor. This Agreement grants only the Security Interest herein described, is not intended to and does not affect any present transfer of title of any trademark registration or application and makes no assignment and grants no right to assign or perform any other action with respect to any intent to use trademark application, unless such action is permitted under 15 U.S.C. §1060.

3. Representations, Warranties and Agreements. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Secured Party pursuant to the Credit Agreement and each Debtor hereby acknowledges and affirms that the rights and remedies of the Secured Party with respect to the security interest in the Patents and Trademarks made and granted hereby are more fully set forth in the Credit

Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. Debtors' Use of the Patents and Trademarks. Each Debtor shall be permitted to control and manage the Patents and Trademarks, including the right to exclude others from making, using or selling items covered by the Patents and Trademarks and any licenses thereunder, in the same manner and with the same effect as if this Agreement had not been entered into, so long as no Event of Default occurs and remains uncured.

5. Miscellaneous. This Agreement can be waived, modified, amended, terminated or discharged, and the Security Interest can be released, only explicitly in a writing signed by the Secured Party. A waiver signed by the Secured Party shall be effective only in the specific instance and for the specific purpose given. Mere delay or failure to act shall not preclude the exercise or enforcement of any of the Secured Party's rights or remedies. This Agreement shall be governed by the internal law of Minnesota without regard to conflicts of law provisions. If any provision or application of this Agreement is held unlawful or unenforceable in any respect, such illegality or unenforceability shall not affect other provisions or applications which can be given effect and this Agreement shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby. This Agreement constitutes an amendment to, and complete restatement of, the Prior Agreement.
