FIRST LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT

First Lien Intellectual Property Security Agreement, dated as of October 23, 2007 (as amended, amended and restated, supplemented or otherwise modified from time to time, this "Agreement"), between each of the signatories hereto as guarantors under the First Lien Guarantee and Collateral Agreement (as defined below) (together with any other entity that may become a party hereto as provided herein, collectively, the "Grantors") and Barclays Bank PLC, in its capacity as First Lien Administrative Agent (together with its successors and assigns in such capacity, the "First Lien Administrative Agent") for the banks and other financial institutions or entities from time to time parties to the Credit Agreement (as defined below) (the "Lenders").

WITNESSETH:

WHEREAS, the Grantors, the Lenders, the First Lien Administrative Agent and certain other parties as named therein have entered into that certain First Lien Credit Agreement, dated as of October 23, 2007 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement");

WHEREAS, it is a condition precedent to the obligation of the Lenders to make their respective extensions of credit to the Borrower under the Credit Agreement that the Grantors shall have executed and delivered that certain First Lien Guarantee and Collateral Agreement, dated as of October 23, 2007, between each of the Grantors and the First Lien Administrative Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the "First Lien Guarantee and Collateral Agreement");

WHEREAS, under the terms of the First Lien Guarantee and Collateral Agreement, the Grantors have granted a security interest in certain property, including, without limitation, certain Intellectual Property of the Grantors, in favor of the First Lien Administrative Agent, for the ratable benefit of the Agents and the Lenders, and have agreed, as a condition precedent thereto, to execute and deliver this Agreement for the filing, registration and recording with the United States Patent and Trademark Office, the United States Copyright Office and other applicable governmental authorities;

NOW, THEREFORE, in consideration of the premises and to induce the Agents and the Lenders to enter into the Loan Documents, each Grantor hereby agrees with the First Lien Administrative Agent, for the ratable benefit of the Agents and the Lenders, as follows:

Section 1. Defined Terms. Capitalized terms not otherwise defined herein have the meanings set forth in the First Lien Guarantee and Collateral Agreement.

Section 2. Grant of Security Interests in Intellectual Property Collateral. Each Grantor hereby assigns and transfers to the First Lien Administrative Agent, and hereby grants to the First Lien Administrative Agent, for the ratable benefit of the Agents and the Lenders (and any affiliates of any Agent or Lender to which Borrower Hedge Agreement Obligations are owing), a security interest in, all of the following property now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Collateral"), as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of such Grantor's Obligation (collectively, the "Intellectual Property Collateral"):

1. Copyright Collateral

(a) (i) all copyrights arising under the laws of the United States, any other country, union of countries, or any political subdivision thereof, whether registered or unregistered and whether published or unpublished, including, all protectable designs, and all works of authorship: (i) all registrations and recordings thereof, and all applications in connection therewith, including all registrations, recordings, and applications set forth on Schedule I, (ii) the right to obtain all extensions and renewals thereof, (iii) all rights to sue at law or in equity, or otherwise recover, for any past, present, and future infringements and other violations thereof, (iv) all proceeds of the foregoing, including, licenses, royalties, income, payments, claims, damages, and proceeds of suit, and (v) all other rights of any kind whatsoever corresponding thereto throughout the world (collectively, "Copyrights").

(b) any agreement naming any Grantor as licensor or licensee, granting any right in, to or under any Copyright, including, the grant of rights to manufacture, print, publish, publicly perform, display, copy, create derivative works of, distribute, exploit, and sell materials derived from any Copyright, including, without limitation, any of the foregoing referred to in Schedule I (collectively, "Copyright Licenses").

2. Patent Collateral

(a) (i) all letters patent of the United States, any other country, union of countries or any political subdivision thereof, all reissues and extensions thereof, (ii) all applications for letters patent of the United States or any other country or union of countries or any political subdivision thereof and all divisions, continuations and continuations-in-part, renewals, and reexaminations thereof, including any of the foregoing referred to in Schedule II; (iii) all inventions and improvements described therein, (iv) all rights to obtain any reissues or extensions of the foregoing, (v) all rights to sue, or otherwise recover, at law or in equity for any past, present, and future infringements or other violations thereof, (vi) all proceeds of the foregoing, including licenses, royalties, income, payments, claims, damages, and proceeds of suit, and (vii) all other rights of any kind whatsoever corresponding thereto throughout the world (collectively, "Patents").

(b) all agreements, whether written or oral, providing for the grant by or to any Grantor of any right in, to, or under any Patent, including, any right to manufacture, use, import, export, sell, or offer to sell any invention or design covered in whole or in part by a Patent, including, without limitation, any of the foregoing referred to in Schedule II (collectively, "Patent Licenses").

3. Trademark Collateral

(a) (i) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade dress, trade styles, service marks, logos, designs, or other source or business identifiers, and all goodwill associated therewith, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country, union of countries, or any political subdivision thereof, or otherwise, and all common-law rights related thereto, including any of the foregoing referred to in Schedule III, (ii) the right to, and to obtain, all renewals thereof, (iii) all rights to sue at law or in equity, or otherwise recover, for any past, present, and future infringements, dilutions, or other violations of any of the foregoing, or for any injury to goodwill, (iv) all proceeds of the foregoing, including licenses, royalties, income, payments, claims, damages, and proceeds of suit, and (v) all other rights of any kind whatsoever accruing thereunder or pertaining thereto (collectively, "Trademarks"); provided, however, that no security interest shall attach to any "intent-to-use" application prior to the filing of and acceptance by the United States Patent and Trademark Office of a "Statement of Use" or "Amendment to Allege Use" with respect thereto to the extent, if any, that solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of any registration issuing from such "intent-to-use" application under applicable federal law.

(b) any agreement, whether written or oral, providing for the grant by or to any Grantor of any right in, to, under or to use any Trademark, including, without limitation, any of the foregoing referred to in Schedule III (collectively, "Trademark Licenses").

Section 3. Security Agreement. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the First Lien Administrative Agent for the ratable benefit of the Agents and the Lenders (and any affiliates of any Agent or Lender to which Borrower Hedge Agreement Obligations are owing) pursuant to the First Lien Guarantee and Collateral Agreement and Grantors hereby acknowledge and affirm that the rights and remedies of the First Lien Administrative Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the First Lien Guarantee and Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the First Lien Guarantee and Collateral Agreement, the provisions of the First Lien Guarantee and Collateral Agreement shall control.

Section 4. Recordation. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office, the United States Copyright Office and other applicable governmental authorities. Each Grantor authorizes and requests that the Commissioner of Patents and Trademarks, the United States Copyright Office and any other applicable governmental authorities record this Agreement.

Section 5. Applicable Law. This Agreement shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

Section 6. Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument.
