TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT, dated September 22, 2008 (this "Assignment"), is entered into by and among Lehman Brothers Inc. ("Assignor") and Barclays Capital Inc. ("Assignee"). Assignor and Assignee are individually and collectively referred to herein as a "Party" and the "Parties."

WHEREAS, Assignor and certain of its Affiliates and Assignee have entered into an Asset Purchase Agreement dated as of September 16, 2008, as amended by the First Amendment to the Asset Purchase Agreement, dated as of September 19, 2008 and as supplemented and further amended by a certain clarifying letter agreement, dated as of September 20, 2008 (the "Purchase Agreement").

WHEREAS, pursuant to the Purchase Agreement, Assignor agreed to assign to Assignee its rights to certain trademarks and trademark applications owned by Assignor;

WHEREAS, Assignor wishes to confirm Assignee's ownership of those trademarks and assign to Assignee all of Assignor's right, title and interest in and to the Purchased Marks (as defined in the Purchase Agreement) that are comprised within the Purchased Intellectual Property (as defined in the Purchase Agreement), including, without limitation, those Purchased Marks listed in Schedule A (all such trademarks known collectively as the "Assigned Trademarks"):

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignor hereby sells, transfers, conveys, assigns and delivers to Assignee all of Assignor's worldwide right, title and interest in and to the Assigned Trademarks, including, without limitation, all past and present goodwill associated therewith or symbolized thereby, together with all rights derived therefrom, including statutory, common law and contractual rights, in, to and under the Assigned Trademarks, all registrations that have been or may be granted thereon, all applications for registrations thereof, and all records and files related thereto, the same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns to the end of the term or terms for which the Assigned Trademarks are granted or reissued or extended as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, and in and to all income, royalties, damages and payments now or hereafter due or payable with respect to the Assigned Trademarks, including in and under all causes of action (either in law or in equity), and the right to sue, counterclaim, and recover for past, present and future infringement of the rights assigned under this Assignment, and for intent-to-use U.S. applications, the Parties acknowledge that that portion of the business of Assignor to which the Assigned Trademarks pertain is ongoing and existing and is being transferred to Assignee also.

2. The foregoing assignment is, in all events, subject to the Purchase Agreement.
3. All capitalized terms not otherwise defined in this Assignment, as used in this Assignment, will have the respective meanings set forth in the Purchase Agreement.
4. The Parties hereby request and authorize the relevant authority at the United States Patent and Trademark Office and/or the applicable foreign authorities to record Assignee as the assignee and owner of the Assigned Trademarks.
5. This Assignment is binding upon and inures to the benefit of the Parties hereto and their respective successors, transferees and assigns. This Assignment and the rights and obligations of the Parties hereunder shall be governed by and construed in accordance with the laws of the State of New York without regard to principles of conflicts or choice of laws or any other law that would make the laws of any other jurisdiction other than the State of New York applicable hereto. This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by all Parties hereto. The failure of any Party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment and any amendments hereto may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument.
6. Assignor agrees to execute and deliver such other documents and to take all such other actions which the Assignee, its successors and assigns may reasonably request to effect the terms of this Assignment and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required to effect the terms of this Assignment.
