WHEREAS, the Grantors have executed and delivered to the Secured Party, that certain Joinder Agreement, dated as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time, the "Joinder"), by and among the Makers, ASD Plumbing Holding Corp., a Delaware corporation, ASD Holding Corp., a Delaware corporation, AS America, Inc., a Delaware corporation, AS Logistics, Inc., a Delaware corporation, SAU Corp., a Delaware corporation, AS Holdco, LLC, a Delaware limited liability company, AS IP Holdco, LLC, a Delaware limited liability company, Eljer Holding Corp., a Delaware corporation and Eljer, Inc., a Delaware corporation, in favor of the Secured Party.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in the Note and/or the Joinder Agreement.

2. GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. To secure the obligations under the Note, each Grantor hereby grants to the Secured Party a continuing security interest (subject to Permitted Liens (as defined in the Working Capital Credit Agreement and the Term Loan Credit Agreement)) in all of such Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (other than any "intent to use" trademark applications until such time as a verified statement of use is filed with, and accepted by, the United States Patent and Trademark Office or the applicable equivalent thereof) (collectively, the "Trademark Collateral"):

(a) all of its Trademarks, including those Trademarks referred to on Schedule I hereto, all renewals thereof, and all goodwill of the business symbolized by its Trademarks and connected therewith;

(b) all of its rights to sue for past, present and future infringements and dilutions of its Trademarks; and

(c) all products and proceeds of the foregoing, including, without limitation, all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof.

3. SECURITY AGREEMENT. The security interests granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interests granted to the Secured Party pursuant to the Joinder Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Secured Party with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Joinder Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. AUTHORIZATION TO SUPPLEMENT. If any Grantor shall obtain rights to any new trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Grantors shall give notice in writing to the Secured Party with respect to any such new trademarks or renewal or extension of any trademark registration in accordance with the Joinder Agreement. Without limiting Grantors' obligations under this Section 4, Grantors hereby authorize the Secured Party unilaterally to modify this Trademark Security Agreement by amending Schedule I to include any such new trademark rights of any Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from the Secured Party's continuing security interest in all Trademark Collateral, whether or not listed on Schedule I.

5. TERMINATION. Upon payment in full of the obligations under the Note in accordance with the provisions of the Note, the Secured Party shall promptly, at Grantors' expense, execute, acknowledge and deliver to Grantors proper documents and instruments acknowledging the release of the lien and security interest in the Trademark Collateral under this Trademark Security Agreement. Upon the sale or disposition of any Trademark Collateral, the security interest in such Trademark Collateral shall be automatically released and terminated to the extent such sale or disposition is expressly permitted under the Note or the Joinder Agreement, and at such time, the Secured Party will authorize the filing of appropriate termination statements to terminate such security interest.

6. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same instrument. In proving this Trademark Security Agreement in any judicial proceedings, it shall not be necessary to produce or account for more than one such counterpart signed by the party against whom such enforcement is sought. Any signatures delivered by a party by facsimile transmission or by e-mail transmission shall be deemed an original signature hereto.

7. CONFLICT. Notwithstanding anything herein to the contrary, the liens and the security interest granted to the Secured Party pursuant to this Trademark Security Agreement and the exercise of any right or remedy by the Secured Party hereunder, are subject in all respects to the provisions of the Intercreditor Agreements. In the event of any conflict between the terms of the Intercreditor Agreements and this Trademark Security Agreement, the terms of the Intercreditor Agreements shall govern and control.
