ASSIGNMENT OF PATENTS, TRADEMARKS & COPYRIGHTS

WHEREAS, Hickory Hardware, Inc., a company organized and existing under the laws of the State of California, having a place of business at 3488 Briley Park Blvd., Nashville, TN 37207 ("Assignor"), is the owner of certain Patents, Trademarks and Copyrights listed in Appendix (A).

WHEREAS, Belwith Products, LLC a company organized and existing under the laws of the State of Delaware, having a place of business at 3100 Broadway SW, Grandville, MI 49418 ("Assignee"), is desirous of acquiring the entire right, title, and interest in, to, and under the Patents, Trademarks and Copyrights.

WHEREAS, pursuant to the Asset Purchase Agreement dated August 25, 2008, as amended, by and between Hickory Hardware, Inc., Keeler Hardware Division of Babcock Industries, Inc., n/k/a/ FKI Industries, Inc., and Belwith Products, LLC, as amended by that certain First Amendment to the Purchase Agreement, dated October 24, 2008 with Distribution Madico, Inc., and as further amended by that Second Amendment to the Purchase Agreement, dated on or about an even date herewith, Assignor has sold certain assets to assign, including, the Patents, Trademarks and Copyrights and that portion of the ongoing and existing business to which the Trademarks pertain.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for valuable and legally sufficient consideration, the receipt and legal sufficiency of which are hereby acknowledged by the Assignee, the Assignor has sold, assigned, transferred, and set over unto said Assignee, the Assignor's entire right, title and interest in and to:

1. the Patents, the applications for patent listed in Appendix (A), and the inventions incorporated therein, including any divisions, continuations, and continuations-in-part reissues, reexaminations, and extensions thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted for said inventions, and in and to any and all priority rights, Convention rights, and other benefits accruing with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto and all patent rights thereunder (including, but not limited to, all rights to all inventions disclosed or claimed therein).

2. the Trademarks, the registrations and applications, listed in Appendix (A), of the United States, and countries foreign thereto, which may be granted, including all of the goodwill of the business appurtenant thereto, and in and to any and all priority rights, and other benefits accruing with respect to the filing of applications for trademark registrations or securing of trademarks, including common law rights, in the United States and countries foreign thereto and all trademark rights thereunder; and

3. the Copyrights listed in Appendix (A) and any renewals, extensions and revised terms thereof in the United States and countries foreign thereto, including, but not limited to, all author's rights, the right to prepare, reproduce and distribute copies,

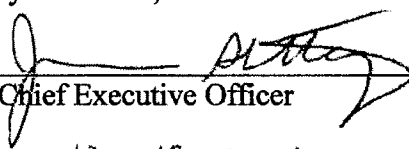

compilations, and derivative works, and all copyright licenses and interests of every kind and nature, and the right to assign or license the Copyrights.

The rights hereby granted to Assignee include the right to make claims for or sue or commence other proceedings to collect past, present and future damages or profits or other relief for any infringement of or other injury to the Patents, Trademarks and Copyrights (and to retain and enjoy any and all such damages, profits or other relief resulting therefrom), the same to be held and enjoyed by the said Assignee, for its own use, and for the use of its successors and assigns as fully and entirely as the same would have been enjoyed by the said Assignor had this assignment and sale not be made.

At any time, and from time to time at Assignee's request, Assignor agrees to execute further documents and instruments and to do such other acts as may be necessary or reasonably requested by Assignee to more effectively vest full title in and to the Patents, Trademarks and Copyrights in the Assignee. This Assignment shall be binding upon and shall inure to the benefit of the respective successors and permitted assigns of Assignor and Assignee. This Assignment shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and permitted assigns.

IN TESTIMONY WHEREOF, the Assignor has caused this Assignment of the United States Patent to be executed by its authorized representative as of the date set forth below,

Hickory Hardware, Inc.

not limited to, all author's rights, the right to prepare, reproduce and distribute copies, compilations, and derivative works, and all copyright licenses and interests of every kind and nature, and the right to assign or license the Copyrights.

The rights hereby granted to Assignee include the right to make claims for or sue or commence other proceedings to collect past, present and future damages or profits or other relief for any infringement of or other injury to the Patents, Trademarks and Copyrights (and to retain and enjoy any and all such damages, profits or other relief resulting therefrom), the same to be held and enjoyed by the said Assignee, for its own use, and for the use of its successors and assigns as fully and entirely as the same would have been enjoyed by the said Assignor had this assignment and sale not be made.

At any time, and from time to time at Assignee's request, Assignor agrees to execute further documents and instruments and to do such other acts as may be necessary or reasonably requested by Assignee to more effectively vest full title in and to the Patents, Trademarks and Copyrights in the Assignee. This Assignment shall be binding upon and shall inure to the benefit of the respective successors and permitted assigns of Assignor and Assignee. This Assignment shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and permitted assigns.
