## FIRST LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT

This FIRST LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the “*IP Security Agreement*”) dated as of July 2, 2009, is made by and among the Persons listed on the signature pages hereof (collectively, the “*Grantors*”) and U.S. Bank National Association, as collateral trustee (in such capacity, together with its permitted successors and assigns, the “*Collateral Trustee*”) for the Secured Parties (as defined in the Security Agreement referred to below).

WHEREAS, SOLO CUP OPERATING CORPORATION, a Delaware corporation (“*SCOC*”), SOLO CUP COMPANY, a Delaware corporation (together with SCOC, the “*Issuers*” and, each, an “*Issuer*”), the subsidiaries of the Issuers from time to time party thereto, the Trustee (as defined therein), the other Secured Debt Representatives from time to time party thereto and the Collateral Trustee have entered into a Collateral Trust Agreement dated as of July 2, 2009 (as amended, amended and restated, waived, renewed, replaced, restructured, supplemented or otherwise modified from time to time, the “*Collateral Trust Agreement*”). Terms defined in the Collateral Trust Agreement and not otherwise defined herein are used herein as defined in the Collateral Trust Agreement.

WHEREAS, as a condition precedent to the Secured Parties making their respective extensions of credit and other accommodations as set forth in the Priority Lien Documents, each Grantor has executed and delivered that certain Security Agreement dated as of July 2, 2009 by and among the Grantors and the Collateral Trustee (as amended, amended and restated, waived, renewed, replaced, restructured, supplemented or otherwise modified from time to time, the “*Security Agreement*”).

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Collateral Trustee, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Trustee for the ratable benefit of the Secured Parties a security interest in such Grantor’s right, title and interest in and to the following (collectively, the “*Collateral*”):

- (i) all patents, patent applications, utility models and statutory invention registrations, together with all inventions claimed or disclosed therein, and all improvements thereto, including the patents and patent applications set forth in Schedule A hereto (the “*Patents*”);
- (ii) all trademarks, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, fictitious business names, corporate names, certification marks, collective marks, and other source identifiers, whether registered or

unregistered, including the trademark and service mark registrations and applications set forth in Schedule B hereto (*provided* that no security interest shall be granted in any United States intent-to-use trademark application for registration of a trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto, solely to the extent that and solely during the period in which the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use trademark application under applicable federal law), together, in each case, with the goodwill symbolized thereby (the “*Trademarks*”);

(iii) all copyrights (whether or not the underlying works of authorship have been published), including, without limitation, copyrights in Computer Software (as defined in the Security Agreement), internet web sites and the content thereof, whether registered or unregistered, including, without limitation, the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto (the “*Copyrights*”);

(iv) all registrations and applications for registration for any of the foregoing, including, without limitation, those registrations and applications for registration set forth in Schedules A, B and C hereto, together with all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations thereof and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(v) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(vi) all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral.

**SECTION 2. Security for Obligations.** The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures the payment of all Secured Obligations of such Grantor now or hereafter existing under or in respect of the Priority Lien Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, the security interest in the Collateral created hereunder secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and would be owed by such Grantor to any Secured Party under the Priority Lien Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving an Issuer or Grantor.

**SECTION 3. Recordation.** Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and

any other applicable government officer record this IP Security Agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier shall be effective as delivery of an original executed counterpart of this Agreement.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Trustee with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Governing Law. **THIS AGREEMENT SHALL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO ANY CONFLICT OF LAW PRINCIPLES (BUT GIVING EFFECT TO SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATION LAW).**

SECTION 7. Intercreditor Agreement. Reference is made to the Lien Subordination and Intercreditor Agreement, dated as of July 2, 2009, among Bank of America, N.A., as agent for the ABL Secured Parties referred to therein; U.S. Bank National Association, as Noteholder Collateral Trustee (as defined in the Intercreditor Agreement); Solo Cup Company; Solo Cup Operating Company; and the other subsidiaries of Solo Cup Company named therein (the "*Intercreditor Agreement*"). Each Person that is secured hereunder, by accepting the benefits of the security provided hereby, (i) consents (or is deemed to consent), to the subordination of Liens provided for in the Intercreditor Agreement, (ii) agrees (or is deemed to agree) that it will be bound by, and will take no actions contrary to, the provisions of the Intercreditor Agreement, (iii) authorizes (or is deemed to authorize) the Noteholder Collateral Trustee on behalf of such Person to enter into, and perform under, the Intercreditor Agreement and (iv) acknowledges (or is deemed to acknowledge) that a copy of the Intercreditor Agreement was delivered, or made available, to such Person.

Notwithstanding any other provision contained herein, this Agreement, the Liens created hereby and the rights, remedies, duties and obligations provided for herein are subject in all respects to the provisions of the Intercreditor Agreement and, to the extent provided therein, the applicable Security Documents (as defined in the Intercreditor Agreement). In the event of any conflict or inconsistency between the provisions of this Agreement and the Collateral Trust Agreement, the provisions of the Collateral Trust Agreement shall control, *provided*, that, in the event of any inconsistency between the provisions of the Collateral Trust Agreement and the Intercreditor Agreement, the provisions of the Intercreditor Agreement shall control.

*[The remainder of this page is intentionally left blank.]*

IN WITNESS WHEREOF, each Grantor and the Collateral Trustee have caused this IP Security Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first above written.
