PATENT AND TRADEMARK SECURITY AGREEMENT

THIS PATENT AND TRADEMARK SECURITY AGREEMENT (this "*Agreement*"), dated as of October 26, 2009 by **Eastman Outdoors, Inc.**, a Michigan corporation, and **Gorilla, Inc.**, a Michigan corporation (each a "*Grantor*", and collectively, the "*Grantors*") in favor of **National City Bank** in its capacity as agent for certain financial institutions (in such capacity, the "*Agent*").

RECITALS

A. The Grantors have entered into a Revolving Credit, Term Loan and Security Agreement dated on or about the same date as this Agreement (as it may be amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*") with various financial institutions and the Agent, pursuant to which such financial institutions have agreed to make loans to, and issue or participate in letters of credit for the account of, Grantors. Capitalized terms used but not defined herein have the respective meanings ascribed thereto in the Credit Agreement.

B. Pursuant to the Credit Agreement, the Grantors are required to execute and deliver to the Agent, for the benefit of the Lenders, this Agreement.

D. Pursuant to the terms of the Credit Agreement, Grantors have granted to the Agent, for the benefit of the Lenders, a security interest in substantially all the assets of the Grantors, including all right, title and interest of the Grantors in, to and under all now owned and hereafter acquired patents, patent applications, patent licenses, trademarks, trademark applications and trademark licenses, and all products and proceeds thereof, to secure the payment of all amounts owing by the Grantors under the Credit Agreement.

In consideration of the mutual agreements set forth herein and in the Credit Agreement, the Grantors do hereby grant to the Agent, for the benefit of the Lenders, a continuing security interest in all of Grantors' right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired:

- (1) each trademark, trademark registration, and trademark application, including, without limitation, each trademark and trademark application referred to in Schedule 1 annexed hereto, together with any registrations issuing on any trademark application and any renewals of any trademark registrations, reissues, continuations or extensions thereof and all goodwill associated therewith;
- (2) each trademark license, including, without limitation, each trademark license listed on Schedule 1 annexed hereto, together with all goodwill associated therewith;
- (3) all proceeds of the foregoing, including, without limitation, any claim by the Grantors against third parties for past, present or future infringement of any trademark, including, without limitation, any trademark referred to in Schedule 1 annexed hereto, any trademark issued pursuant to a trademark application referred to in Schedule 1 and any trademark licensed under any trademark license listed on

Schedule 1 annexed hereto (items 1 through 3 being herein collectively referred to as the “**Trademark Collateral**”);

- (4) each patent and patent application, including, without limitation, each patent and patent application referred to in Schedule 2 annexed hereto, together with any continuations, continuations-in-part or divisionals, reissues, re-examination certificates, or extensions thereof and all goodwill associated therewith;
- (5) each patent license, including, without limitation, each patent license listed on Schedule 2 annexed hereto, together with all goodwill associated therewith;
- (6) all proceeds of the foregoing, including, without limitation, any claim by the Grantors against third parties for past, present or future infringement of any patent, including, without limitation, any patent referred to in Schedule 2 annexed hereto, any patent issued pursuant to a patent application referred to in Schedule 2 and any patent licensed under any patent license listed on Schedule 2 annexed hereto (items 4 through 6 being herein collectively referred to as the “**Patent Collateral**”).

This security interest is granted in conjunction with the security interests granted to the Agent pursuant to the Credit Agreement and subject to limitations set forth therein. The Grantors hereby acknowledge and affirm that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral and the Patent Collateral made and granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

[Signature page follows]

The Grantors have caused this Patent and Trademark Security Agreement to be duly executed by its respective duly authorized officer thereunto as of the date first set forth above.
