SECTION 4. Grantors' Representations and Warranties. In addition to any representations and warranties contained in any of the other Loan Documents, each Grantor represents and warrants that:

(a) **EXHIBIT A** is a true, correct and complete list of all registered United States Copyrights owned by such Grantor, applications of such Grantor for registered United States Copyrights and all Copyright Licenses to which such Grantor is a party as of the date hereof.

(b) **EXHIBIT B** is a true, correct and complete list of all registered United States Patents owned by such Grantor, applications of such Grantor for registered United States Patents and all Patent Licenses to which such Grantor is a party as of the date hereof.

(c) **EXHIBIT C** is a true, correct and complete list of all registered United States Trademarks owned by such Grantor, applications of such Grantor for registered United States Trademarks and all Trademark Licenses to which such Grantor is a party as of the date hereof.

(d) Except as set forth in **EXHIBITS A, B and C**, none of the Intellectual Property owned by such Grantor is the subject of any licensing or franchise agreement pursuant to which such Grantor is the licensor or franchisor as of the date hereof.

(e) All IP Collateral owned by such Grantor is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Encumbrances.

(f) Such Grantor owns, or is licensed to use, all Intellectual Property reasonably necessary for the conduct of its business as currently conducted. No claim has been asserted and is pending by any Person challenging or questioning the use by such Grantor of any of its Intellectual Property, or the validity or effectiveness of any of its Intellectual Property, that could reasonably be expected to have a Material Adverse Effect. To the knowledge of such Grantor, the use by such Grantor of the Intellectual Property does not infringe the rights of any Person in any material respect. No holding, decision or judgment has been rendered by any Governmental Authority which would limit, cancel or question the validity of, or such Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect.

(g) Such Grantor shall give the Collateral Agent prompt written notice, with reasonable detail, following the occurrence of any of the following:

(i) Such Grantor's obtaining rights to, or acquiring ownership of, any new registered Intellectual Property (other than the acquisition by such Grantor of the right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(ii) Such Grantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than commercially available off the shelf computer programs, products or applications and such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(iii) Such Grantor's entering into any new Licenses with respect to the Intellectual Property (other than commercially available off the shelf computer programs, products or applications and such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(iv) Such Grantor's knowing, or having reason to know, that any application or registration relating to any Intellectual Property may, other than as provided in SECTION 3 above, become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding such Grantor's ownership of, or the validity or enforceability of, any Intellectual Property or such Grantor's right to register the same or to own and maintain the same.

**SECTION 5. Agreement Applies to Future Intellectual Property.**

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii), and (iii) of SECTION 4(g), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of

this Agreement. Upon the acquisition by any Grantor of any additional Intellectual Property, such Grantor shall promptly deliver to the Collateral Agent an updated **EXHIBIT A, B, and/or C** (as applicable) to this Agreement and hereby authorizes the Collateral Agent to file, at such Grantor's expense, such updated Exhibit as set forth in SECTION 5(b).

(b) Each of the Grantors shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Collateral Agent may reasonably request to evidence the Collateral Agent's security interest in any IP Collateral (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and each of the Grantors hereby constitutes the Collateral Agent as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that the Collateral Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 6. Grantors' Rights To Enforce Intellectual Property. Prior to the occurrence of an Event of Default, the Grantors shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties; provided, however, that:

(a) The Grantors provide the Collateral Agent with written notice of the Grantors' institution of any legal proceedings for enforcement of any Intellectual Property, the infringement of which could reasonably be expected to have a Material Adverse Effect.

(b) Any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(c) Upon the occurrence and during the continuance of any Event of Default, the Collateral Agent, by notice to the Grantors, may terminate or limit the Grantor's rights under this SECTION 6.

SECTION 7. Collateral Agent's Actions To Protect Intellectual Property. In the event of

(a) any Grantor's failure, within ten (10) days of written notice from the Collateral Agent, to cure any failure by such Grantor to observe or perform any of such Grantor's covenants, agreements or other obligations hereunder; and/or

(b) the occurrence and continuance of any other Event of Default,

the Collateral Agent, acting in its own name or in that of any Grantor, may (but shall not be required to) act in any Grantor's place and stead and/or in the Collateral Agent's own right in connection therewith.

SECTION 8. Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies under this Agreement and the other Loan Documents, the Collateral Agent may exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of New York, with respect to the Intellectual Property, in addition to which the Collateral Agent may sell, license, assign, transfer, or otherwise dispose of the

Intellectual Property, subject to those restrictions to which such Grantor is subject under Applicable Law and by contract. Any person may conclusively rely upon an affidavit of an officer of the Collateral Agent that an Event of Default has occurred and that the Collateral Agent is authorized to exercise such rights and remedies. Upon the occurrence and during the continuance of an Event of Default, the use by the Collateral Agent of all Patents, Trademarks, Copyrights and Licenses shall be worldwide, except as limited by their terms, and without any liability for royalties or other related charges from the Collateral Agent to the Grantors.

SECTION 9. Collateral Agent As Attorney-In-Fact.

(a) Each of the Grantors hereby irrevocably makes, constitutes and appoints the Collateral Agent (and all officers, employees or agents designated by the Collateral Agent) as and for such Grantor's true and lawful agent and attorney-in-fact, and in such capacity the Collateral Agent shall have the right, with power of substitution for each Grantor and in each Grantor's name or otherwise, for the use and benefit of the Collateral Agent and the other Secured Parties:

(i) To supplement and amend from time to time **EXHIBITS A, B and C** of this Agreement to include any newly developed, applied for, registered, or acquired Intellectual Property of such Grantor and any intent-to-use Trademark applications for which a statement of use or an amendment to allege use has been filed and accepted by the PTO.

(ii) Following the occurrence and during the continuance of any Event of Default, to exercise any of the rights and powers referenced herein.

(iii) Following the occurrence and during the continuance of any Event of Default, to execute all such instruments, documents, and papers as the Collateral Agent reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property, subject to those restrictions to which such Grantor is subject under Applicable Law and by contract.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Collateral Agent.

(c) The Collateral Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by SECTION 9(a), but if the Collateral Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Grantor for any act or omission to act, except where a court of competent jurisdiction determines by final and nonappealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of the Collateral Agent.

SECTION 10. Collateral Agent's Rights. Any use by the Collateral Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Collateral Agent's rights and remedies under this Agreement, the Credit Agreement and the Security Agreement, shall be coextensive

with the Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the grant of the security interest of the Collateral Agent in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest (as defined in the Security Agreement) granted to the Collateral Agent, for its own benefit and the benefit of the other Secured Parties, under the Security Agreement. All provisions of the Security Agreement (including, without limitation, the rights, remedies, powers, privileges and discretions of the Collateral Agent thereunder) shall apply to the IP Collateral. In the event of a conflict between this Agreement and the Security Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the terms of the Security Agreement shall control with respect to all other Collateral.

SECTION 12. Further Assurances. Each Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Collateral Agent may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 13. Termination; Release of IP Collateral. Except for those provisions which expressly survive the termination thereof, this Agreement and the security interest granted herein shall terminate when (i) the Total Commitments have expired or been terminated, (ii) all of the Secured Obligations have been paid in full in cash or otherwise satisfied, (iii) all Obligations owed with respect to Letters of Credit have been reduced to zero (or fully cash collateralized in a manner reasonably satisfactory to the Issuing Bank and the Administrative Agent), and (iv) the Issuing Bank has no further obligation to issue Letters of Credit under the Credit Agreement, at which time the Collateral Agent shall execute and deliver to the Grantors, at the Grantors' expense, all UCC termination statements, releases and similar documents that the Grantors shall reasonably request to evidence such termination; provided, however, that the Credit Agreement, this Agreement, and the security interest granted herein shall be reinstated if at any time payment, or any part thereof, of any Secured Obligation is rescinded or must otherwise be restored by any Secured Party upon the bankruptcy or reorganization of any Grantor. Any execution and delivery of termination statements, releases or other documents pursuant to this SECTION 13 shall be without recourse to, or warranty by, the Collateral Agent or any other Secured Party.

SECTION 14. Choice of Laws. It is intended that all rights and obligations under this Agreement, including matters of construction, validity, and performance, shall be governed by the laws of the State of New York.
