7. Representations and Warranties. Grantor represents and warrants to and agrees with Bank that, except as otherwise set forth in the schedules hereto:

(a) The Patents, Licenses, Trademarks and Copyrights set forth on Schedules A, B, C and D are subsisting and have not been adjudged invalid or unenforceable, in whole or in part;

(b) Each of the Patents, Licenses, Trademarks and Copyrights set forth on Schedules A, B, C and D are valid and enforceable;

Grantor hereby authorizes the Patent and Trademark Office and the Copyright Office to issue any and all Patents on said inventions and any and all certificates of registration on all Trademarks and Copyrights to Bank following the occurrence and continuation of an Event of Default after giving effect to any applicable grace and cure period, as the grantee of the pledge of Grantor's entire interest;

The security interest granted herein and the rights associated therewith shall extend until the earlier of (a) the expiration of each of the respective Patents, Licenses, Trademarks and Copyrights assigned hereunder or (b) the Obligations have been satisfied in full and the Credit Agreement and all other Loan Documents have been terminated.

9. Continuing Validity of Obligations. The agreements and obligations of Grantor hereunder are continuing agreements and obligations, and are absolute and unconditional irrespective of the genuineness, validity or enforceability of the Credit Agreement, the Note or any other instrument or instruments now or hereafter evidencing the Obligations or any part thereof or of the other Loan Documents or any other agreement or agreements now or hereafter entered into by Bank and Grantor pursuant to which the Obligations or any part thereof is issued or of any other circumstance which might otherwise constitute a legal or equitable discharge of such agreements and obligations. Without limitation upon the foregoing, such agreements and obligations shall continue in full force and effect as long as the Obligations or any part thereof remain outstanding and unpaid and shall remain in full force and effect without regard to and shall not be released, discharged or in any way affected by (a) any renewal, refinancing or refunding of the Obligations in whole or in part, (b) any extension of the time of payment of the Note or other instrument or instruments now or hereafter evidencing the Obligations, or any part thereof, (c) any compromise or settlement with respect to the Obligations or any part thereof, or any forbearance or indulgence extended to Grantor, (d) any amendment to or modification of the terms of the Note or other instrument or instruments now or hereafter evidencing the Obligations or any part thereof or any other agreement or agreements now or hereafter entered into by Bank pursuant to which the Obligations or any part thereof is issued or secured, (e) any substitution, exchange, or release of a portion of, or failure to preserve, perfect or protect, or other dealing in respect of, the Patents, Licenses, Trademarks and Copyrights or any other property or any security for the payment of the Obligations or any part thereof, (f) any bankruptcy, insolvency, arrangement, composition, assignment for the benefit of

creditors or similar proceeding commenced by or against Grantor, (g) any dissolution, liquidation or termination of Grantor for any reason whatsoever or (h) any other matter or thing whatsoever whereby the agreements and obligations of Grantor hereunder, would or might otherwise be released or discharged. Grantor hereby waives notice of the acceptance of this Agreement by Bank.

10. Duties of Grantor. Except as may be otherwise agreed to by Bank, Grantor shall have the duty to (a) prosecute diligently any patent application of the Patents made by it and any trademark or service mark application or copyright application made by it pending as of the Effective Date or thereafter until the Obligations shall have been satisfied in full and the Credit Agreement shall have terminated, (b) make application on unpatented but patentable inventions, on trademarks and service marks and on copyrights, as appropriate, (c) preserve and maintain all of its rights in patent applications and patents of the Patents; trademark applications, trademarks, trademark registrations, service mark applications, service marks, and service mark registrations of the Trademarks; and copyright applications and copyright registrations of the Copyrights in accordance with its customary practices in the ordinary course of business, and (d) to take all reasonable steps necessary to ensure that the Copyrights do not become abandoned or dedicated to the public, or the remedies available against potential infringers weakened. Any reasonable expenses incurred in connection with the duties set forth in this Paragraph 10 shall be borne by Grantor. Grantor shall not abandon any right to file a patent application, trademark application or copyright application, or any pending patent application, trademark application, copyright application, Patent, Trademark, nor Copyright without prior written consent of Bank, which consent shall not be unreasonably withheld. Notwithstanding anything herein to the contrary, Grantor shall have no obligation to prosecute or maintain any intellectual property rights that are not reasonably deemed by Grantor to be valuable or important to conduct Grantor's business.

11. Financing Statements; Documents. Grantor hereby authorizes Bank to file one or more financing statements pursuant to the Uniform Commercial Code or other applicable law in form satisfactory to Bank and Grantor will pay the costs of filing and/or recording this Agreement and all financing, continuation and termination statements in all public offices where filing or recording is deemed necessary or desirable by Bank. Grantor will execute and deliver to Bank from time to time such supplemental security agreements or other instruments to be filed with the United States Patent and Trademark Office or Copyright Office, as Bank may require for the purpose of confirming Bank's security interest in the Patents, Licenses, Trademarks and Copyrights.

12. Rights of Grantor and/or Bank to Sue. Grantor may enforce its rights in the Patents, Licenses, Trademarks and Copyrights of Grantor with or without Bank's participation. If requested by Grantor, Bank shall participate in suits to enforce such rights as a nominal plaintiff for jurisdictional purposes. Bank shall have the same rights, if any, as Grantor has, but shall in no way be obligated, to bring suit in its own name to enforce the Patents, Licenses, Trademarks and Copyrights of Grantor, and any licenses thereunder, and, if Bank shall commence any such suit, Grantor shall, at the request of Bank, do any and all lawful acts and execute any and all proper documents required by Bank in aid of such enforcement and Grantor shall promptly, upon demand and as part of the Obligations, reimburse and indemnify Bank for all reasonable costs and expenses incurred by Bank in the exercise of its rights under this Paragraph 12.

13. Defeasance. This Agreement shall be binding upon and inure to the benefit of the parties, their successors and assigns, provided that Grantor may not assign this Agreement or any of its rights under this Agreement or delegate any of its duties or obligations under this Agreement and any such attempted assignment or delegation shall be null and void. This Agreement is not intended and shall not be construed to obligate Bank to take any action whatsoever with respect to the Patents, Licenses, Trademarks and Copyrights or to incur expenses or perform or discharge any obligation, duty or disability of Grantor.

14. Waivers. No course of dealing between the Grantor and Bank nor any failure to exercise nor any delay in exercising, on the part of Bank, any right, power or privilege hereunder or under the Credit Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

15. Severability. The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

16. Modification. This Agreement cannot be altered, amended or modified in any way, except as specifically provided in Paragraph 6 hereof or by a writing signed by the parties hereto.

17. Cumulative Remedies; Effect on Other Documents. All of Bank's rights and remedies with respect to the Patents, Licenses, Trademarks and Copyrights, whether established hereby, by the Credit Agreement or any other Loan Document, or by any other agreements or by applicable law shall be cumulative and may be exercised singularly or concurrently. Grantor acknowledges and agrees that this Agreement is not intended to limit or restrict in any way the rights and remedies of Bank under the Credit Agreement or the other Loan Documents but rather is intended to facilitate the exercise of such rights and remedies.

18. Binding Effect; Benefits. This Agreement shall be binding upon Grantor and its successors and assigns, and shall inure to the benefit of Bank and its successors and assigns. Grantor may not assign this Agreement without the prior written consent of Bank which consent shall not be unreasonably withheld.

19. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Ohio without regard to the conflict of law provisions thereof.

20. Notices. All notices, statements, requests and demands and other communications given to or made upon Grantor or Bank in accordance with the provision of this Agreement shall be given or made as provided in Section 11.7 of the Credit Agreement.
