TRADEMARK SECURITY AGREEMENT  
(SHORT-FORM)

TRADEMARK SECURITY AGREEMENT, dated as of February 11, 2011 among AVAYA, INC. (the “**Company**”), certain Subsidiaries of the Company from time to time party hereto and THE BANK OF NEW YORK MELLON TRUST COMPANY, N.A., as Notes Collateral Agent for the Secured Parties (as defined below).

Reference is made to the Pledge and Security Agreement dated as of February 11, 2011 (as amended, supplemented or otherwise modified from time to time, the “**Security Agreement**”), among the Company, certain Subsidiaries of the Company from time to time party thereto and the Notes Collateral Agent. The Secured Parties’ agreements in respect of the Notes are set forth in the Indenture dated as of February 11, 2011 (as amended, supplemented or otherwise modified from time to time, the “**Indenture**”), among the Company, The Bank of New York Mellon Trust Company, N.A., as Notes Collateral Agent and trustee (the “**Trustee**”) for the benefit of the holders of the Notes. Each of the Subsidiaries party hereto is an affiliate of the Company and will derive substantial benefits from the issuance of the Notes by the Company pursuant to the Indenture and is willing to execute and deliver this Agreement in order to induce the Holders to purchase the Notes. Accordingly, the parties hereto agree as follows:

Section 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement.

Section 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor, pursuant to and in accordance with the Security Agreement, did and hereby does grant to the Notes Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title and interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “**Trademark Collateral**”):

(a) all trademarks, service marks, trade names, corporate names, trade dress, logos, designs, fictitious business names, other source or business identifiers, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the USPTO, and all extensions or renewals thereof, as well as any unregistered trademarks and service marks used by a Grantor, including those listed on Schedule I, and (b) all goodwill connected with the use of and symbolized by such marks; *provided* that the grant of security interest shall not include any trademark, service mark or other application for registration that may be deemed invalidated, canceled or abandoned due to the grant and/or enforcement of such security interest unless and until such time that the grant and/or enforcement of the security interest will not affect the validity of such trademark, service mark or other application for registration.

Section 3. Termination. This Agreement is made to secure the satisfactory performance and payment of the Obligations. This Trademark Security Agreement and the security interest granted hereby shall terminate with respect to all of a Grantor’s Obligations and any Lien arising therefrom shall be automatically released upon termination of the Security Agreement or release of such Grantor’s obligations thereunder. The Notes Collateral Agent shall, in connection with any termination or release herein or under the Security Agreement, execute and deliver to any Grantor as such Grantor may request, an instrument in writing releasing the security interest in the Trademark Collateral acquired under this Agree-

ment. Additionally, upon such satisfactory performance or payment, the Notes Collateral Agent shall reasonably cooperate with any efforts made by a Grantor to make of record or otherwise confirm such satisfaction including, but not limited to, the release and/or termination of this Agreement and any security interest in, to or under the Trademark Collateral.

Section 4. Supplement to the Security Agreement. The security interests granted to the Notes Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Notes Collateral Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Notes Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

Section 5. Representations and Warranties. The Company represents and warrants, as to itself and the other Grantors, to the Notes Collateral Agent and the Secured Parties, that a true and correct list of all of the existing material Trademark Collateral consisting of U.S. Trademark registrations or applications owned by each Grantor, in whole or in part, as of the date hereof, is set forth in Schedule I.

Section 6. Miscellaneous. The provisions of Article VI of the Security Agreement are hereby incorporated by reference.
