WITNESSETH:

WHEREAS, reference is made to that certain Term Loan Agreement, dated as of December 20, 2011 (as amended, modified, supplemented or restated and in effect from time to time, the "Term Loan Agreement"), by and between, among others, (i) the Grantors, (ii) the Agent for its own benefit and the benefit of the other Credit Parties, and (iii) the Lenders party thereto (the "Lenders"), pursuant to which the Lenders have agreed to make a Term Loan to the Borrowers, upon the terms and subject to the conditions specified in the Term Loan Agreement; and

WHEREAS, reference is also made to that certain Guarantee, dated as of December 20, 2011 (as amended, modified, supplemented or restated and in effect from time to time, the "Guarantee"), executed by the Facility Guarantors in favor of the Administrative Agent and the other Credit Parties, pursuant to which each Facility Guarantor guarantees the payment and performance of the Guaranteed Obligations (as defined in the Guarantee); and

WHEREAS, the obligations of the Lenders to make Loans is conditioned upon, among other things, the execution and delivery by the Grantors of (i) that certain Security Agreement, dated as of December 20, 2011 (as amended, modified, supplemented or restated and in effect from time to time, the "Security Agreement"), by and among the Grantors and the Collateral Agent, pursuant to which each Grantor grants to the Collateral Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the Collateral (as defined in the Security Agreement), and (ii) an agreement in the form hereof, pursuant to which each Grantor grants to the Collateral Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the IP Collateral (as defined herein), in order to secure the Secured Obligations (as defined herein).

NOW, THEREFORE, in consideration of the mutual conditions and agreements set forth in this Agreement, and for good and valuable consideration, the receipt of which is hereby acknowledged, the Grantors and the Collateral Agent, on its own behalf and on behalf of the other Credit Parties (and each of their respective successors or assigns), hereby agree as follows:

and between Limco, Inc. and the Lead Borrower (such Trademark and Service Mark Licensing Agreement, as so assigned and as amended and in effect as of the Closing Date, the "LimToo License Agreement") and shall not extend to, and the term "IP Collateral" shall not include, any Patent, Trademark, Copyright or other General Intangible that, by the terms thereof, or under Applicable Law, cannot be assigned or a security interest granted therein in the manner contemplated by this Agreement unless consent from the relevant third party has been obtained and under the terms of which any such assigned or grant of a security interest therein in the absence of such consent would, or could reasonably be expected to, result in the termination thereof, but only to the extent that (i) such rights are subject to such contractual or legal restriction and (ii) such restriction is not, or could not be, rendered ineffective pursuant to the Uniform Commercial Code of any relevant jurisdiction or any other Applicable Law (including the Bankruptcy Code) or principles of equity; provided that, notwithstanding the foregoing, the security interests granted hereunder shall extend to, and the term "IP Collateral" shall include, Proceeds of any such contract (including, without limitation, any Copyright License, Patent License or Trademark License), Patent, Trademark, Copyright or other General Intangible.

SECTION 3. Protection of Intellectual Property By Grantors. Except as set forth below in this SECTION 3, each of the Grantors shall undertake the following with respect to each of the material items respectively described in Sections 2(a), (b), (c), (d) and (e) (collectively, the "Intellectual Property"):

(a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property and with the processing of the Intellectual Property and take all other reasonable and necessary steps to maintain each registration of the Intellectual Property.

(b) Take all actions reasonably necessary to prevent any of the Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.

(c) At the Grantors' sole cost, expense, and risk, pursue the processing of each application for registration which is the subject of the security interest created herein and not abandon or delay any such efforts.

(d) At the Grantors' sole cost, expense, and risk, take any and all action which the Grantors reasonably deem appropriate under the circumstances to protect the Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

Notwithstanding the foregoing, so long as no Event of Default has occurred and is continuing, and no Material Adverse Effect would result therefrom, no Grantor shall have an obligation to use, prosecute, defend, enforce or maintain any Intellectual Property (i) that relates solely to any product or service that has been discontinued, abandoned or terminated, (ii) that such Grantor does not use in the ordinary course of its business, or (iii) that has been replaced with Intellectual Property substantially similar to the Intellectual Property that may be abandoned

or otherwise become invalid, so long as the failure to use or maintain such Intellectual Property does not materially adversely affect the validity of such replacement Intellectual Property and so long as such replacement Intellectual Property is subject to the lien created by this Agreement.

SECTION 4. Grantors' Representations, Warranties and Covenants. Each of the Grantors jointly and severally represents and warrants that:

(a) EXHIBIT A is a true, correct and complete list of all United States copyright registrations, copyright applications and Copyright Licenses (except for commercially available off the shelf computer programs, products or applications) owned by such Grantor as of the date hereof.

(b) EXHIBIT B is a true, correct and complete list of all United States patents, patent applications and Patent Licenses (except for commercially available off the shelf computer programs, products or applications) owned by such Grantor as of the date hereof.

(c) EXHIBIT C is a true, correct and complete list of all United States trademark and service mark registrations, trademark and service mark applications, and Trademark Licenses owned by such Grantor as of the date hereof.

(d) Except as set forth in EXHIBITS A, B and C, none of the Intellectual Property is the subject of any licensing or franchise agreement pursuant to which such Grantor is the licensor or franchisor.

(e) All IP Collateral is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Encumbrances and Liens in favor of the Collateral Agent.

(f) Such Grantor owns and controls, or is licensed to use, all Intellectual Property necessary for the conduct of its business as currently conducted. No material claim has been asserted and is pending by any Person challenging or questioning the use by such Grantor of any of its Intellectual Property or the validity or effectiveness of any of its Intellectual Property, nor does such Grantor know of any valid basis for any such claim, except as otherwise set forth in the Term Loan Agreement. As of the date hereof, all such Intellectual Property is subsisting and in full force and effect, has not been adjudged invalid or unenforceable, is valid and enforceable and has not been abandoned in whole or in part. To the knowledge of each of the Grantors, the use by each such Grantor of the Intellectual Property does not infringe the rights of any Person in any material respect. To the knowledge of each of the Grantors, no other Person is now infringing or in conflict with any such properties, assets and rights owned or used by any Grantor, except for such infringements and conflicts which could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. No Grantor has received any notice that it is violating or has violated the Intellectual Property rights of any third party to that extent that such violation could reasonably be expected to have a Material Adverse Affect. To the knowledge of each of the Grantors, no holding, decision or judgment has been rendered by any Governmental Authority which would limit,

cancel or question the validity of, or such Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of such Grantor.

(g) Such Grantor shall give the Collateral Agent prompt written notice (with reasonable detail) (but in any event within ten (10) days) following the occurrence of any of the following:

(i) Such Grantor's obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property (other than such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(ii) Such Grantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(iii) Such Grantor's entering into any new Licenses with respect to the Intellectual Property.

(iv) Such Grantor's knowing, or having reason to know, that any application or registration relating to any Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding such Grantor's ownership of, or the validity of, any Intellectual Property or such Grantor's right to register the same or to own and maintain the same.

(v) Upon the occurrence and during the continuance of an Event of Default, no Grantor may abandon or otherwise permit any IP Collateral to become invalid without the prior written consent of the Collateral Agent.

(vi) Each Grantor will, at its expense, promptly deliver to the Collateral Agent a copy of each notice or other communication received by it by which any other party to any material License (A) declares a breach or default by a Grantor of any material term thereunder, (B) terminates such License or (C) purports to exercise any of its rights or affect any of its obligations thereunder, together with a copy of any reply by such Grantor thereto.

(vii) Each Grantor will exercise promptly and diligently each and every material right which it may have under each material License (other than any right of termination) and will duly perform and observe in all respects all of its obligations under each material License and will take all action necessary to maintain the material Licenses in full force and effect. No Grantor will, without the prior written consent of the Collateral Agent, cancel, terminate, amend or

otherwise modify in any material respect, or waive any material provision of, any material License.

SECTION 5. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii) and (iii) of SECTION 4(g), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement. Upon the acquisition by any Grantor of any additional Intellectual Property, such Grantor shall deliver to the Collateral Agent an updated EXHIBIT A, B, and/or C (as applicable) to this Agreement and hereby authorizes the Collateral Agent to file, at such Grantor's expense, such updated Exhibit as set forth in SECTION 5(b).

(b) Upon the reasonable request of the Collateral Agent, each of the Grantors shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Collateral Agent may reasonably request to evidence the Collateral Agent's security interest in any Intellectual Property (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and each of the Grantors hereby constitutes the Collateral Agent as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, the Collateral Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 6. Grantors' Rights To Enforce Intellectual Property. Prior to the occurrence of an Event of Default, the Grantors shall have the exclusive right to sue for past, present and future infringement, misappropriation, dilution or other violation of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, provided, however, that:

(a) The Grantors shall provide the Collateral Agent with prompt written notice of such infringement, misappropriation, dilution or other violation of the Intellectual Property.

(b) Prior to the institution of any legal proceedings, the Grantors shall provide the Collateral Agent with notice of any legal proceedings for enforcement of any Intellectual Property.

(c) Any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(d) Following the occurrence and during the continuance of any Event of Default, the Grantor will take such action as the Collateral Agent shall deem appropriate under the circumstances to protect such Intellectual Property.

SECTION 7. Collateral Agent's Actions To Protect Intellectual Property. In the event of

(a) any Grantor's failure, within twenty (20) days of written notice from the Collateral Agent, to cure any failure by such Grantor to observe or perform any of such Grantor's covenants, agreements or other obligations hereunder; and/or

(b) the occurrence and continuance of any other Event of Default,

the Collateral Agent, acting in its own name or in that of any Grantor, may (but shall not be required to) act in any Grantor's place and stead and/or in the Collateral Agent's own right in connection therewith.

SECTION 8. Rights Upon Default. Upon the occurrence of an Event of Default, in addition to all other rights and remedies, the Collateral Agent may exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of New York, with respect to the Intellectual Property, in addition to which the Collateral Agent may, after giving notice as provided in Section 6.01(h) of the Security Agreement, sell, license, assign, transfer, or otherwise dispose of the Intellectual Property, subject to those restrictions to which such Grantor is subject under Applicable Law. Any person may conclusively rely upon an affidavit of an officer of the Collateral Agent that an Event of Default has occurred and that the Collateral Agent is authorized to exercise such rights and remedies.

SECTION 9. Collateral Agent As Attorney-In-Fact.

(a) Each of the Grantors hereby irrevocably makes, constitutes and appoints the Collateral Agent (and all officers, employees or agents designated by the Collateral Agent) as and for such Grantor's true and lawful agent and attorney-in-fact, effective following the occurrence and during the continuance of any Event of Default, and in such capacity the Collateral Agent shall have the right, with power of substitution for each Grantor and in each Grantor's name or otherwise, for the use and benefit of the Collateral Agent and the other Credit Parties:

(i) To supplement and amend from time to time EXHIBITS A, B and C of this Agreement to include any new or additional Intellectual Property of such Grantor.

(ii) To exercise any of the rights and powers referenced herein.

(iii) To execute all such instruments, documents, and papers as the Collateral Agent determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property, subject to those restrictions to which such Grantor is subject under Applicable Law.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Collateral Agent.

(c) The Collateral Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by SECTION 9(a), but if the Collateral Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to the Grantors for any act or omission to act, except for any act or omission to act as to which there is a final and nonappealable judgment made by a court of competent jurisdiction, which determination includes a specific finding that the subject act or omission to act has resulted from the gross negligence, bad faith or willful misconduct of the Collateral Agent.

SECTION 10. Collateral Agent's Rights

(a) Any use by the Collateral Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Collateral Agent's rights and remedies under this Agreement, the Term Loan Agreement and the Security Agreement shall be coextensive with the Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

(b) None of this Agreement, the Term Loan Agreement, the Security Agreement, or any act, omission, or circumstance taken or arising hereunder may be construed as directly or indirectly conveying to the Collateral Agent any rights in and to the Intellectual Property, which rights are effective only following the occurrence and during the continuance of any Event of Default.

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the grant of the security interest of the Collateral Agent in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest granted to the Collateral Agent, for its own benefit and the benefit of the other Credit Parties, under the Security Agreement. All provisions of the Security Agreement shall apply to the IP Collateral. The Collateral Agent shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the IP Collateral as in all other Collateral. In the event of a conflict between this Agreement and the Security Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the Security Agreement with respect to all other Collateral.

SECTION 12. Further Assurances. Each Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Collateral Agent may from time to time reasonably request to perfect and protect, or maintain the perfection of, the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including, without limitation, the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 13. Termination; Release of IP Collateral. Except for those provisions which expressly survive the termination thereof, this Agreement and the security interest granted herein shall terminate when (i) the Commitments shall have expired or been terminated and (ii) the principal of and interest on each Loan and all fees and other Secured Obligations (other than contingent indemnification obligations as to which no claims have been asserted) shall have been paid in full in cash, at which time the Collateral Agent shall execute and deliver to the Grantors, at the Grantors' expense, all termination statements, releases and similar documents that the Grantors shall reasonably request to evidence such termination; provided, however, that the Term Loan Agreement, this Agreement, and the security interest granted herein shall be reinstated if (i) at any time payment, or any part thereof, of any Secured Obligation is rescinded or must otherwise be restored by any Credit Party upon the bankruptcy or reorganization of any Grantor or any other Loan Party, or (ii) any Secured Obligations consisting of contingent indemnification obligations are later asserted or arise. Any execution and delivery of termination statements, releases or other documents pursuant to this SECTION 13 shall be without recourse to, or warranty by, the Collateral Agent or any other Credit Party.

SECTION 14. Choice of Laws. It is intended that all rights and obligations under this Agreement, including matters of construction, validity, and performance, shall be governed by the laws of the State of New York.

SECTION 15. Intercreditor Agreement. The terms and conditions of this Agreement are subject to the terms and conditions of the Intercreditor Agreement. In the event of any conflict between the terms and conditions of this Agreement and the terms, conditions and provisions of the Intercreditor Agreement, the terms, conditions and provisions of the Intercreditor Agreement shall control.
