Reference is made to (a) the Credit Agreement dated as of January 13, 2012 (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Borrower, Hanley-Wood Holdings, LLC, a Delaware limited liability company ("Holdings"), the lenders party thereto (the "Lenders") and Credit Suisse AG, Cayman Islands Branch, as Administrative Agent, and (b) the Guarantee and Collateral Agreement dated as of January 13, 2012 (as amended, supplemented or otherwise modified from time to time, the "Collateral Agreement"), among the Borrower, Holdings, the Subsidiaries of the Borrower party thereto and the Administrative Agent. The execution and delivery of this Agreement is a condition precedent to the effectiveness of the Credit Agreement. The Grantors will derive substantial benefits from the extension of credit and other accommodations made by the Lenders pursuant to the Credit Agreement and in consideration of the foregoing, each Grantor agrees to execute and deliver this Agreement. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the respective meanings specified in the Collateral Agreement. The rules of construction specified in Section 1.01(b) of the Collateral Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance when due (whether at the stated maturity, by acceleration or otherwise), as the case may be, in full of the Obligations, and any extensions, renewals or modifications of the Obligations, each Grantor hereby collaterally assigns and pledges to the Administrative Agent, its successors and assigns, for the ratable benefit of the Secured Parties, and hereby grants to the Administrative Agent, its successors and assigns, for the ratable benefit of the Secured Parties, a security interest in all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Trademark Collateral"): (a) all trademarks, service marks, corporate names, trade names, company names, business names, fictitious business names, trade styles, trade dress, Internet domain names, logos,

other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office (or any successor office) or any similar offices in any State of the United States or any other country or any political subdivision thereof, and all renewals thereof, including those listed on Schedule I, (b) all goodwill connected with the use thereof or symbolized thereby, (c) income, fees, royalties, damages and payments now or hereafter due and/or payable thereunder and with respect thereto, including damages, claims and payments for past, present or future infringements, dilutions or other violations thereof, and (d) rights to sue for past, present or future infringements, dilutions or other violations thereof. Notwithstanding anything to the contrary in this Agreement, this Agreement shall not constitute a grant of a security interest in any Trademark application filed in the United States Patent and Trademark Office on the basis of a Grantor's intent to use such Trademark pursuant to 15 U.S.C. § 1051 Section 1(b), unless and until such Trademark is used in interstate commerce and unless and until an acceptable amendment to alleged use or statement of use pursuant to 15 U.S.C. § 1051 Sections 1(c) or (d), as applicable, is filed with the United States Patent and Trademark Office, at which time the security interest granted hereunder shall attach to such Trademark; provided, that the foregoing exclusion shall apply only to the extent that granting a security interest in such application prior to such use and filing would adversely affect the enforceability or validity of such Trademark application or the resulting registration.

SECTION 3. Collateral Agreement. The security interests granted to the Administrative Agent herein are granted concurrently with, and in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Collateral Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Trademark Collateral are more fully set forth in the Collateral Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Collateral Agreement, the terms of the Collateral Agreement shall govern.

SECTION 5. GOVERNING LAW. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 6. Counterparts.
