## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Agreement is made as of March 1, 2012, between REC DESIGN, INC. F/K/A RICHARD SCHULTZ DESIGN, INC., a Pennsylvania corporation ("**Assignor**") and JMP ACQUISITION COMPANY, LLC, a Delaware limited liability company ("**Assignee**").

### PREAMBLE

Assignor, Assignee, Peter Schultz and Knoll, Inc. are parties to an Asset Purchase Agreement dated February 3, 2012 (the "**Purchase Agreement**"). Pursuant to the Purchase Agreement, Assignor has agreed to sell to Assignee, and Assignee has agreed to purchase from Assignor, the Intellectual Property of Assignor as defined in the Purchase Agreement. Consequently, Assignor desires to assign to Assignee, and Assignee desires to acquire from Assignor, all of the rights, title and interest that Assignor may possess in and to the Intellectual Property (as defined in the Purchase Agreement) under patent, copyright, trademark, trade secret or any other legal protection obtainable therefor in the United States or any foreign country (the "**Assigned Rights**"), all as more particularly described below. Therefore, the parties agree as follows with the intent to be legally bound.

### AGREEMENT

1. Assignment. Effective as of the date hereof, Assignor hereby assigns, sells, transfers and conveys to Assignee its full and entire right, title and interest throughout the world in and to the Assigned Rights and any legal protection based thereon or obtainable therefor in this or any foreign country, including but not limited to all rights heretofore or hereinafter existing in any patent, copyright or trademark application(s) or registration(s) or in any agreements, trade secret or otherwise, to be held and enjoyed by Assignee, for its own use and benefit, and for the benefit of its representatives, successors and assigns, to the full end of the term(s) for which the same may be granted in the United States or other applicable jurisdiction, as fully and entirely as the same would have been held by Assignors had this Agreement not been executed.

2. Reservation and Performance of Future Rights And Obligations. All rights heretofore or hereafter acquired under the intellectual property laws (including but not limited to patent, copyright, trademark and trade secret laws) of the United States and/or any foreign country with regard to the Assigned Rights covered by this Agreement are hereby exclusively reserved and assigned to Assignee.

3. Miscellaneous. This Agreement: (a) may be amended only by a writing signed by each of the parties; (b) may be executed in several counterparts, each of which is deemed an original but all of which constitute one and the same instrument; (c) together with the Purchase Agreement, contains the entire agreement of the parties with respect to the transactions contemplated hereby and supersedes all prior written and oral agreements, and all contemporaneous oral agreements, relating to such transactions; (d) is governed by, and will be construed and enforced in accordance with, the laws of the State of New York, without giving effect to any conflict of law rules; and (e) is binding upon, and will inure to the benefit of, the parties and their respective successors and permitted
