### RECITALS

WHEREAS, Contributor holds the legal and beneficial right, title and interest in and to (i) trademarks and all registrations and applications therefor listed on Schedule A (the "Marks"), together with the goodwill of the business symbolized by the Marks, and any renewals and extensions of the registrations that are or may be secured, now or hereafter in effect, and (ii) patents and design registrations and applications therefor listed on Schedule B (the "Patents") and the inventions described and claimed therein, and all counterpart patents and patent applications which have been or may be granted thereon or therefor including any continuation, division, renewal, substitute, reissue or extension therefor, any foreign equivalent thereof, or any legal equivalent thereof, together with all claims for damages by reason of past or future infringement thereof, with the exclusive right to sue for and collect said damages (the Marks and the Patents, collectively, the "Contributed IP Assets");

WHEREAS, as part of the same plan of reorganization of which the Contribution (as defined below) is a part (the "Plan of Reorganization"), it is contemplated that Contributor and Spinco will enter into a general Contribution Agreement whereby Contributor is contributing to Spinco certain assets and liabilities in exchange for the consideration set forth therein (such agreement, the "General Contribution Agreement" and such contribution, the "General Contribution");

WHEREAS, as the initial step of the Plan of Reorganization and subject to the General Contribution Agreement, Contributor desires to contribute and transfer to Spinco all of Contributor's right, title and interest in and to all of the Contributed IP Assets (the "Contribution");

WHEREAS, Spinco desires to accept the transfer of the right, title and interest in and to all of the Contributed IP Assets from Contributor;

WHEREAS, for United States federal income tax purposes, the General Contribution (together with the Contribution) and the pro rata distribution by Contributor of the stock of Spinco to the shareholders of Contributor (the "Distribution"), taken together, are intended to qualify as a "reorganization" within the meaning of Section 368(a)(1)(D) of the Internal Revenue Code of 1986, as amended; and

WHEREAS, the Separation Agreement is intended to be a "plan of reorganization" with respect to the General Contribution (together with the Contribution) and the Distribution within the meaning of Treasury Regulation Section 1.368-2(g).

NOW, THEREFORE, in consideration of the mutual promises hereinafter set forth and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, and intending to be legally bound, the parties hereby agree as follows:

ARTICLE I  
CONTRIBUTION

Section 1.1. Contribution. Contributor agrees to, and hereby does, as the initial step of the Plan of Reorganization, contribute, transfer, convey, assign and deliver to Spinco all of its right, title and interest in and to the Contributed IP Assets, and Spinco hereby accepts and assumes from Contributor such right, title and interest in and to the Contributed IP Assets.

Section 1.2. Further Assurances. The parties hereto agree that, from time to time on or after the date hereof, each of them will execute and deliver such further instruments of conveyance and transfer and take such other actions as may be necessary to carry out the purposes and intents of this Agreement, and the transactions contemplated hereby, including the taking or causing the taking of all such actions and the making, execution and delivery of any and all documents, instruments and certificates, in such form and with such terms as may reasonably be required, all to effect the transactions contemplated by Section 1.1.

ARTICLE II  
MISCELLANEOUS

Section 2.2. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware, without reference to the choice-of-law or conflicts of law principles that would result in the application of the laws of a different jurisdiction.

Section 2.3. Entire Agreement. This Agreement, the General Contribution Agreement and the Separation Agreement constitute the entire agreement among the parties with respect to the transactions contemplated hereby and supersede all prior term sheets, discussions, negotiations and agreements, written or oral, with respect thereto. Each party agrees that it shall have no remedies in respect of any representation or warranty (whether made innocently or negligently) that is not set out in this Agreement. No party shall have any claim for innocent or negligent misrepresentation based upon any statement in this Agreement.

Section 2.6. Severability. In case any provision of this Agreement shall be held invalid, illegal or unenforceable in a jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of such provision be affected thereby in any other jurisdiction.
