TRADEMARK COLLATERAL ASSIGNMENT

W.A. CLEARY CHEMICAL CORPORATION and CLEARY CHEMICALS, LLC (collectively, "Assignors"), each having an address at 178 Ridge Road, Dayton, New Jersey 08810, do hereby grant to LAKELAND BANK (the "Assignee"), having an address at 250 Oak Ridge Road, Oak Ridge, New Jersey 07438, a security interest in and a conditional assignment of the trademarks of each identified on Schedule A hereto and the goodwill symbolized thereby (the "Trademarks"), together with all the proceeds thereof. The interest in the collateral being assigned hereunder shall not be construed as a current assignment, but as an assignment to secure Assignors' obligations to Assignee under the Credit Agreement (as hereinafter defined) that will take effect only following the occurrence of a Default (as hereinafter defined), and as a present grant of a security interest.

This Assignment is given as collateral security for all the Obligations, as such capitalized term is defined in the Revolving Credit and Security Agreement dated February 9, 2012 between the W.A. Cleary Corporation, W.A. Cleary Products Incorporated, W.A. Cleary Chemical Corporation, Tara Greens, Inc. and the Assignee, as such Agreement may hereafter be amended, supplemented or replaced from time to time (the "Credit Agreement").

As used herein, the term "Default" shall have the meaning ascribed to it in the Credit Agreement.

The Assignors shall not assign any of the Trademarks without the prior written consent of the Assignee; and any such assignment that is attempted without such consent shall be void; provided, however, that the Assignors may assign the Trademarks to an affiliated entity that is a party to the Credit Agreement.

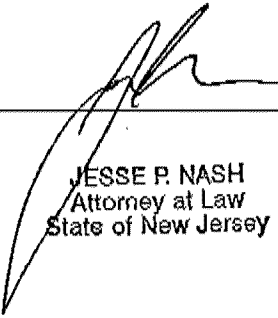

The assignment effected hereby shall be governed by Article 9 of the Uniform Commercial Code as in effect in New Jersey. Upon the occurrence of a Default, the Assignee shall have the rights and remedies of a secured party as set forth therein, as well as all other rights and remedies provided or allowed by the Credit Agreement or other applicable law.

Upon payment in full of all the Obligations, the Assignee shall execute and deliver to the Assignors such instruments of assignment, release and other instruments as may be necessary to terminate Assignee's security interest and conditional interest in the Trademarks (except to the extent that the Assignee shall have disposed of the same in accordance with applicable law following a Default).

The Assignee shall have no duties with respect to the Trademarks, other than the duties expressly set forth herein and the duties of a secured party under the New Jersey Uniform Commercial Code. Without limiting the generality of the foregoing, the Assignee shall have no duty to prosecute any action for trademark infringement against any person or entity. The Assignors shall each indemnify the Assignee and hold the Assignee harmless against and from any and all liabilities, losses, costs and expenses (including attorneys' fees) incurred by or asserted against the Assignee by virtue of this Assignment.

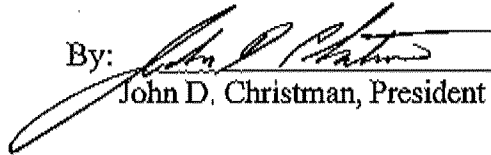

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of this 29th day of March, 2012.
